BONAR LAW REFUSES IT

Declines English Premiership After Resignation of Asquith.

LLOYD-GEORGE IS GIVEN A CHANCE

British Politicians Predict Early Return of Asquith to Power.

London, Dec. 6.—A. Bonar Law today declined the English premiership tendered him by King George, following the resignation of Premier Asquith, and the king at once sent for Mr. Lloyd-George.

Whether Mr. Lloyd-George, whose action led to the disruption of the coalition government, and the resignation of Mr. Asquith, would have any greater success in forming a ministry than Mr. Bonar Law is a question which has not been answered.

Predict Asquith's Return.

Political correspondents predict that Mr. Asquith will be back at the head of the government before many days. Mr. Asquith takes a majority of the liberal ministers with him in his retirement, Mr. Lloyd-George being assured of the support of only Herbert Samuel, the home secretary; Edwin S. Montagu, minister of munitions; some of the junior ministers, including Dr. Christopher Addison, parliamentary under secretary for munitions, and of a small section of the party known as the "ginger group." It is not believed probable Mr. Lloyd-George would have any more success with the labor members than did Mr. Bonar Law, the parliamentary correspondents say, while the attitude of a large part of the unionist party is doubtful.

Supported His Ultimatum.

Mr. Bonar Law, Sir Edward Carson and the Earl of Derby probably would act under Mr. Lloyd-George as they supported his ultimatum to Premier Asquith regarding the formation of a smaller war council.

The Westminster Gazette says Premier Asquith's resignation was not received with any dismay in liberal circles. A majority of the party warmly approved his decision and was prepared to give a Unionist administration a fair chance, if one were formed. But it predicts that any minority government would have a precarious existence.

After receiving Mr. Lloyd-George, to whom presumably he offered the premiership, King George summoned to the palace several members of the recent cabinet in the hope of solving the crisis.

Those at Conference.

Among those who attended were Andrew Bonar Law, Mr. Lloyd-George, A. J. Balfour, first lord of the admiralty, and Arthur Henderson, president of the board of education and representative of the labor party. Later Mr. Asquith was summoned to the conference of ministers.

Herbert H. Asquith last night resigned the premiership which he had held through eight stormy years of domestic and foreign history since he succeeded H. Campbell-Bannerman at the head of the British cabinet. Following the acceptance of the resignation, King George at once summoned the unionist leader, Andrew Bonar Law, to the palace and offered him the prime minister's commission.

Awaiting Next Step.

The public is waiting with the greatest interest the next step in the political crisis. Ordinarily the selection by the king of a leader such as Mr. Bonar Law to form a new ministry would be taken as a solution but from the first there was some doubt whether the unionist leader could succeed in the task assigned to him, or whether he could command the support of a majority in the house of commons, if he did form a cabinet.

The nationalists who withdrew their

WAX WAS THE GAY DECEIVER

Identified as the "Oliver Osborne" Who Made Love to Miss Tanser.

CHICAGO MAN COOL IN FACING ORDEAL

Other Young Women Whom He Duped Also to Confront Him Today.

New York, Dec. 6. Charles Wax was identified at the United States attorney's office here today by James W. Osborne and his wife, together with Edwin B. Willcox, an assistant in his office, as "Oliver Osborne," the man who won the affections of Rae Tanzer.

After a night in the Tombs prison Wax appeared composed and ready for the ordeal before him today. Federal officers planned to bring before him, not only persons connected with Rae Tanzer's breach of promise suit against James W. Osborne, but also several young women he is said to have duped.

Myserious Madame X.

Special interest was shown in a new figure in the case who, according to the district attorney's office, is a woman of social standing above that of the average woman with whom Wax had associated. She met Wax, she believes, when he was posing as Charles H. Raymond. At that time he said he was a United States attorney. This woman has consented to appear, it is stated, on condition that her name will not be made known and for that reason she will appear in the records as Madame X. She will be taken to see Wax secretly and the authorities believe it will not be necessary for her to enter court.

Among others whom it it expected Wax will face today are Masie Mason, whom he is said to have married under the name of Nye; Mrs. Stewart Denham, in whose house in New York he lived as "Oliver Osborne"; Miss Rose Helene Kaiser and her mother, and the proprietor of the Plainfield, N. J. hotel, where "Oliver Osborne" registered with Rae Tanzer.

PACKER'S ON HAND TO MEET TRADE ATTACK

Meat Barons Had Hunch of Impending Trouble at Conference.

Chicago, Ill., Dec. 6.—Anticipating an attack on the alleged concentration of the packing industry at today's session of the national conference on marketing and farm credits, high officials, including Arthur Meeker, general manager of Armour & Co., attorneys and others representing the big packers, were present today. "I am here as a listener only," Mr. Meeker explained.

The first attack came from Henry Krumrey, of Wisconsin, an official of a co-operative cheese makers' organization of that state.

"The packers are constantly increasing their hold upon the food situation," said Mr. Krumrey. "Last summer they went into the cheese business along with the speculators who are customarily in the market. They bought up practically all the cheese in sight at an average of 13¾ cents a pound. Wholesalers are now selling this same cheese at 26 cents. The retailer has added his profit and the effect on the public is bad."

E. L. Burke, a live stock man of Omaha urged an investigation of the whole live stock industry by the federal trades commission. W. H. Parry, representing the commission, was among those present.

President Takes Up High Cost of Living

Washington, Dec. 6.—President Wilson today began a study of cost of living reports submitted by government departments to decide what steps he will recommend to congress. United States Attorney Anderson, of Boston, in charge of the nation-wide inquiry, arrived here today and after conferences with officials of the department of justice conferred with members of the federal trade commission. He later will confer with officials of the interstate commerce commission.

The plan suggested by Mr. Anderson of summoning a grand jury in New York or Chicago or both, to investigate the question thoroughly, is believed to be generally favored in administration circles. Attorney General Gregory has reported to the president the results of preliminary investigations by department of justice agents and he is also in possession of reports from Secretary Houston and Secretary Redfield.

Mr. Anderson will consult with representatives of the interstate commerce commission in addition to other government officials and probably will see the president personally.

Although several of the bills introduced in congress since Monday to meet the high cost of living situation have been laid before the president, he has given his approval to none of them and will continue to withhold comment until he is prepared to present his views in the form of a recommendation for legislation. He has not yet decided when he will go before congress.

English Prime Minister Who Has Resigned and Others in Cabinet Upheaval.

These five men are prominently concerned in the reconstruction of the British ministry, to form what Lloyd-George says should be a war council for stricter prosecution of the war.

Top, left to right: Sir Edward J. Carson, unionist member from Ireland; Herbert A. Asquith, prime minister and first lord of the treasury, who has resigned; Andrew Bonar Law, secretary for the colonies.

Lower, left to right: David Lloyd-George, secretary for war; Arthur J. Balfour, first lord of the admiralty.

DECEMBER WEATHER IS UNUSUAL THIS YEAR

Warm Springlike Breezes Will Continue for Several Days.

Thus far December has displayed extraordinary fine weather and the kind that is exceptional for this time of the year. Each day of this month has put on the appearance of a spring day and the weather man states that although the forecast for Thursday shows probable rainfall the warm weather will continue.

During the fall season it is the popular opinion that cold weather follows rain but there is nothing on the weather map of the country which would indicate that this will hold true on this occasion.

Wednesday morning the thermometer fell down to thirty degrees but according to the forecast it will not fall that low tonight.

One year ago December 7 the day was cloudy with a trace of snow on the ground. The highest temperature was 46 and the lowest 33 degrees. Five years ago the day was cloudy with a trace of snow. The highest temperature was 37 degrees and the lowest 24 degrees.

ANOTHER LIMA MAN IS GIVEN SENTENCE

Lima, O., Dec. 6.—Frank James, 30, state hospital guard, appeared before Common Pleas Judge Wm. Klinger and pleaded guilty to assaulting an officer with intent to lynch a prisoner. He was given a suspended indeterminate sentence in the Ohio penitentiary.

James was one of those arrested for attacking Sheriff Sherman Eley during the race riot August 30. The second trial of George Saxby on the same charge, now in progress at Ottawa, is expected to go to the jury today.

BRYANS AT WHITE HOUSE.

Commoner and His Wife Guests of the Wilson Family.

Washington, Dec. 6.—William Jennings Bryan and Mrs. Bryan were luncheon guests today at the white house and tonight Mr. Bryan is to be the honor guest at a dinner given by many democratic admirers. It is expected he may make some statement of his intentions to devote the next four years to the cause of national prohibition.

MISS COLBY GUILTY, THE JURY DECLARES

Woman Reporter Killed a Politician Who Had Insulted Her.

Thompson Falls, Mont., Dec. 6.—Miss Edith Colby, a newspaper reporter, was found guilty of murder in the second degre here today for shooting and killing A. C. Thomas, a politician. The penalty is ten to twelve years in the penitentiary.

Miss Colby, 44 years old, shot Thomas Sept. 28, last, after Thomas had passed her in the street without heeding her demand that he apologize for an alleged insult the day before.

Miss Colby alleged Thomas had called her a "red light woman," when she reprimanded him for withholding news when she visited him in her capacity as a reporter for a newspaper in Thompson Falls. She asserted that John Maniere, editor of the paper, and A. S. Ainsworth, its publisher, had urged her to make Thomas apoligize and both were arrested on charges of having instigated the murder. Maniere was acquitted. Ainsworth's case is pending.

The defense sought to prove that Miss Colby was mentally deranged and irresponsible because of the alleged insults heaped upon her by Thomas. The defendant's mother, Mrs. Jane F. Coolidge, of Woocester, Mass., testified that she showed signs of hereditary insanity.

MUST PREPARE FOR TWO LONG DROUGHTS

Saloons Must Close Four Days for Christmas and New Years.

"Shop Early" is the sign which is appearing above cash registers in a few Fort Wayne saloons. It is an echo of the usual Christmas and New Year shopping plea. The two holidays will bring with them four days of closed saloons this year.

Both Christmas and New Year's come on Monday this year. It means that there will be "no drinks" from Saturday night until Tuesday morning, at the passing of each holiday. Police Chief Lenz will see that the closing law is enforced to the letter in each case, he says.

An appeal has been made to allow cafes to open for an hour, just after midnight, on Monday morning of January 1, in order to allow keeping of the custom of "a bit of wine at New Year." Lenz will tolerate no such act. He has ordered a ban on all rowdyism, which might accompany the passing of the Year on Sunday night.

100 DROWN IN STORM AT SEA

Madrid, Dec. 6.—One hundred members of the crew of the Spanish steamship Pio Ix from New Orleans, for Barcelona, were drowned by the sinking of the vessel in a storm when 200 miles off the Canary islands. Twenty-two members of the crew were saved.

The Pio Ix, laden with cotton, carried no passengers. The steamship Buenos Aires, which was in the vicinity, was able to give but slight assistance on account of the high seas.

NEW RETREAT IS UNDER WAY

Rumanians Again Forced to Retire Before Oncoming Teuton Armies.

CIRCLE NARROWS ABOUT BUCHAREST

Entente Allies Claim Successes in Macedonian Campaign.

Today's War News Given in Summary

The plight of Rumania continues acute, with no signs of a stand by her armies or those of her Russian ally which affords hope of saving her capital.

Although reports from Turkish sources last night claimed that the troops of the central powers had driven to within less than eight miles of Bucharest, the chief force of the Teutonic thrust seems at present to be exerted northwest of the capital, with the apparent hope of reaching Ploechti before the Rumanian armies can effect a retreat over the railroad line running through there from Bucharest.

This encircling movement spells the greatest apparent peril to King Ferdinand's forces, as the road through Ploechti affords the only railway avenue of escape for them towards the northeast, where their armies and the Russians so far have held Mondavia fairly safe from the Teutons.

The Macedonian operations of the entente allies are progressing favorably according to all the current reports.

The thrust developed by the Serbians in the Grunishtea region east of Monastir, is being pressed, and the latest statement from the Serbian war office announced the Bulgarians in retreat after they had lost several strongly fortified positions.

Today Paris announces fresh progress for the Serbians and French in the Macedonian fighting and reports also the development of a violent artillery engagement north of Monastir.

Dispatches from London today show the cabinet crisis still acute, with indications pointing to David Lloyd George minister fo war in the coalition government as the man through whom it may be solved.

Petrograd, Dec. 6.—A further retirement of the Rumanians in the Tergovistea-Ploechti sector northeast of Bucharest and along the railway from Titu to Bucharest is announced in today's war office statement. Elsewhere the Teutonic forces were beaten back.

RUSSIAN ATTACKS FAIL.

Berlin, Dec. 6.—Russian troops again attacked yesterday in the Carpathian forest, north of Tartar pass and on the Ludova. The war office report of today says the new assaults of the Russians brought them no success.

The Russians made a strong attack in the Trotus valley and succeeded in reaching the German second positions. North of Oituz pass, a Russian point of support was captured.

Field Marshal von Mackensen's troops, advancing victoriously, approached the railway line running northward from Bucharest to Ploechti, causing the Rumanians to evacuate their positions north of Sinaia. South of Bucharest the Teutonic troops have occupied other towns along the river Alt and are advancing toward the Rumanian capital. More than 6,000 Rumanians were captured yesterday.

DRY MOVE IS STARTED HERE

Glenn A. Smiley is Named Chairman for Twelfth District.

DEMOCRATS ARE BACK OF PLAN

State Chairman McGill Visits City for a Conference.

J. H. McGill, of Valparaiso, who was named state chairman of the organization which has for its purpose the making of Indiana dry through the democratic party, was in the city Tuesday afternoon and had a conference with Attorney Glenn A. Smiley, who has been named chairman of the Twelfth congressional district.

The movement is meeting with the approval of officials throughout the entire state and prominent democrats in Allen county are also endorsing the movement as a good one and one which is inevitably coming.

The resolution adopted by the committee, which met in the Claypool hotel on November 18, will explain the object of the organization. It is, "Be it resolved, that the purpose of this body and committee appointed is to work for and secure prohibition in Indiana and the nation as soon as possible through the democratic party."

Chairman Smiley will, within the next few weeks, appoint the chairmen in the various counties, who in turn will name the township and ward chairmen, who in turn will appoint the precinct chairmen. It is the object to make the organization a very strong one.

Bound to Win.

Attorney Smiley, who enthusiastically endorses the movement, says: "It is a movement bound to win. The element of common decency latent in our good citizenship is demanding that something be done. The people throughout the state will bring it about. All that is needed is to give them an opportunity.

"The result of the recent election in the state of Indiana, in my mind, is due to the revolting spirit of the voter who is awakening and refusing to vote for someone who has been put on the ticket just for the reason that he is under the banner which he has always voted under, and is but conclusive evidence of the above stated fact.

"If a few of the citizens of Fort Wayne and Allen county would take the trouble to visit our police courts a few mornings they would be easily convinced, if they are not already, of the evils of the booze habit, for three-fourths of the arrests are due to the use of intoxicants.

"Democracy of Allen county has always been willing and ready to stand for things that are uplifting to the community in general. She is welcoming this movement with open arms and giving it her untiring support. This movement should receive the co-operation of all good citizens regardless of politics."

Leaders Refuse to Talk.

Prominent democratic leaders were seen Wednesday, all of whom, however, refused to comment on the prohibition movement. Several declared they were enthusiastically in favor of making the state dry, but did not care to express themselves for publication.

Organizations are being formed in every county in the state and by the time the state legislature convenes those back of the movement expect to be able to bring such pressure to bear that there will be no doubt but that favorable action will be taken.

INDIANAPOLIS PASTOR DIES.

Dr. W. E. Danforth Passes Away After Long Illness.

Indianapolis, Ind., Dec. 6.—Dr. Wm. E. Danforth, 46, pastor of one of the large Presbyterian churches here, and at one time commercial and exchange editor of the Chicago Tribune, died at his home here today. He had been ill a long time. His newspaper work was before he became a minister.

For sixteen years he was pastor of Christ church at Elmshurst, a suburb of Chicago. He had been here a little more than a year. He had written a number of plays.

ADAMSON HAS A BILL READY

New Measure Embodies the President's Plan of Rail Legislation.

CONGRESS TURNS TO FACE ITS BIG TASK

Will Lose Little Time in Getting Down to the Work Before It.

Washington, Dec. 6.—Congress having heard President Wilson outline in his annual address yesterday his program, today turned its attention to the legislative work ahead of it. In both house and senate the president's recommendation particularly for legislation were being closely scrutinized.

A bill embodying the president's suggestions for railroad legislation has been prepared by Chairman Adamson, of the house commerce committee for submission as soon as Attorney General Gregory passes on its constitutionality and Chairman Newlands, of the senate commerce committee, has arranged to take up the proposed legislation at a committee meeting Friday.

Chairman Henry, of the house rules committee, has an engagement to confer with the president tonight regarding rules to expedite railroad and other legislation through the house.

Clearing the Calendar.

President Wilson disposed of a great number of engagements today to clear the calendar for the work of the first days of congress. He received the new council of national defense, conferred with numerous senators and representatives, reviewed [illegible] corn growers and canning club from Ohio and touched a button giving a signal for the opening of the Tulare county citrus fruit fair at Visalia Cal.

INFORMER DUE TO TAKE STAND TODAY

Government's Star Witness in Case Against Bopp to Be Heard.

San Francisco, Dec. 6.—Louis J. Smith, a government informer, indicted with Francis Bopp, German consul general here, and others on charges of conspiracy and violation of United States neutrality laws, in aid of the Teutonic allies, was expected to take the stand today at the hard day's session of the trial of Bopp.

Bopp and attaches of his office are alleged to have conspired to dynamite shops, railroads and munition plants in Canada and the United States. In his statement at the opening of the trial John W. Preston, United States district attorney, said he would prove that Smith drew $300 a month and expenses to place bombs aboard ships in Seattle and Tacoma harbors and to dynamite railway tunnels in Canada.

EGG KING SUMMONED BEFORE GRAND JURY

Chicago, Ill., Dec. 6.—James E. Wetz, who calls himself "Egg King of America," was today summoned to appear before the federal grand jury investigating high food prices. Wetz recently claimed to own 72,000,000 eggs.

Presidents of Chicago's largest packing concerns, including Louis F. Swift of Swift & Co., and Thomas E. Wilson of Wilson & Co., were also summoned to appear before the [illegible]

DISCONTENTMENT IS THING OF PAST NOW

Tanlac Brings Peace and Happiness Into Life of Michigan City Woman.

Michigan City, Ind., Dec. 6.—Troubles that for four long years caused her life to be clouded with discontent and unrest have now been banished, according to a statement made on October 25 by Mrs. Charles B. Gaw, Michigan City woman of 624 Madison street.

"It makes a big change in a person to be relieved of troubles like those Tanlac freed me of," Mrs. Gaw said. "For the last four years I have suffered from rheumatism, constipation and kidney trouble. The rheumatism affected various parts of my body. There were times when I could hardly get around. I experienced severe pains across my back, due to the kidney trouble. My appetite, also, was very poor.

"Statements from local people led me to try Tanlac. I certainly have gained great benefits from the three bottles I've taken. The rheumatism has disappeared from every part of my body. My kidneys are in good shape as the pains in my back have ceased. I have a hearty appetite and the food digests properly. The constipation is a thing of the past.

"I can truthfully say that Tanlac has proven to be a great medicine in my case."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being specially introduced and explained in Fort Wayne at the four Meyer's drug stores—Wayne and Calhoun, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor streets.—Advertisement.

FIRST PROTESTS COME ON RAIL VALUATIONS

Washington. D. C., Dec. 6.—First protests against its railroad valuations were received today by the interstate commerce commission.

Governor Ferguson and the Texas railroad commission asked for a rehearing of the valuation of sections of the Texas Midland between Garrett and Midland Junction and the fifty-two miles known as the northeastern branch. The Western Union Telegraph company protested that the figures given as to the cost of reproduction of certain telegraph lines of the Atlantic, Birmingham & Atlanta railroad were approximately 15 per cent too low.

UP-STATE CITIES NOW LAUNCH EGG BOYCOTT

New York, Dec. 6.—The egg boycott movement was launched in more than a score of up-state cities today in response to proclamations issued by their respective mayors. The boycott was declared to be virtually statewide, and according to a telegram from W. P. Capes, secretary of the New York state conference of mayors, more cities will follow the example of the twenty-four states in which a boycott is already in effect.

Storage eggs in the city yesterday dropped another cent a dozen under the attack of the housewives and additional reductions in the near future are expected. Some dealers offered cold storage eggs at thirty-five cents a dozen at retail.

BONAR LAW REFUSES IT

(Continued from Page 1.)

support from Premier Asquith because of his failure to carry out the agreement made by Mr. Lloyd George of bringing home rule into force immediately would hardly be likely to follow a cabinet of which the unionist leader was the chief and in which Sir Edward Carson was included. It had been suggested their support might be obtained by granting their demands regarding Ireland and it was even said Sir Edward was a party to this, but the Ulster leader telegraphed to his supporters in Belfast a flat denial of the report saying: "The proposals attributed to me are without foundation. Ulstermen know my views and my unabated loyalty to them."

Another Difficulty.

Another difficulty was presented by the labor party whose leader George Wardle, announced yesterday the intention of the labor members in the house of commons to support Mr. Asquith. They are meeting today to make a final decision. The Manchester Guardian, which generally voices the opinion of the provincial members, expressed the opinion that Bonar Law would be more likely to effect a combination which the house of commons would support than Lloyd George would be; and added there was no reason to believe that Lloyd George had any ambitions for the task. The Guardian which supports Lloyd George says that in a letter to Asquith he took the stand that a man could not act both as premier and as a member of the war council which would have to sit morning and evening and deal with "the terribly urgent" war problems.

The hope is expressed generally that an election will be avoided on account of the delay and of interference with the business of war. Should an election become necessary it would be held under a three year old register so that 4,000,000 new voters would be disfranchised.

BEATS DIET SQUAD RECORD EVERY DAY

Dr. Dr. Gilpin Says All of Us Eat Too Much, Hence High Prices.

Dr. J. H. Gilpin, secretary to the board of health, beats the record of the notorious Chicago diet squad every day. And he does not brag about it and get his picture in the papers.

Dr. Gilpin lives on thirty-eight cents a day. He weighs 205 pounds and has taken on ten pounds of weight in the last year, since he cut down the cost of living. He is six feet two inches tall and a veritable dynamo of energy.

"People eat too much," Dr. Gilpin says. "If they would eat right there would be no soaring prices. We eat too much meat especially."

Here is Dr. Gilpin's daily food cost list:

Three cups of strong coffee, 6 cents.
Soup for dinner, 5 cents.
Toast and bread, 3 cents.
Steak or lamb chops, 8 cents.
Potatoes, 2 cents.
Pie, 4 cents.
Butter, 3 cents.
Cream, 7 cents.

It all makes a total of thirty-eight cents, which is two cents under the record of the Chicago squad.

"That can be cut down easy enough by people who like beans. Cheese is also a cheap food with plenty of nutrition. We all eat too much meat. Meat makes a hard pull on the kidneys. It is especially harmful to children. Meat once a day is a plenty," Dr. Gilpin says.

"Children should live on rice and milk and bread mostly until they are ten years old. It is the finest body builder there is. Rice should find a more prominent place on our diet lists.

"Most of the heavy eating is due to the fact that we do not take time enough to masticate our food properly. Workmen take less than an hour for meals when they should have an hour and a half. We rush through our meals and leave the burden of work to our stomachs. The result is broken health and the high price of food stuffs."

IN THE CHURCHES

SPECIAL NIGHTS AT FIRST M. E. CHURCH

Much Interest Being Manifested in Evangelistic Services.

"Three American Amusements" was the subject of a rousing sermon by Evangelist Cotterell at the First Methodist Episcopal church Tuesday evening, in which the evangelist did not hesitate to use language that could not be misunderstood.

Lakeside night was observed at the church Tuesday. The city has been divided into four district sections, each of which is to have a special night given them and a reservation made for the members and friends of each division. Tonight is Eastsiders' night and an effort is being put forth to exceed the record made by the Lakesiders.

A special musical program was arranged by Director Stillings as follows: "All the Time," by Evangelist Cotterell; "The Heart That Was Broken for Me," by the Misses Boneta Kanaga and Marie Monroe; "Somebody Knows," by Miss Irene Ruble. Tonight the program for the east side will consist of a solo by Miss Emrich, saxophone solo by Mr. Stillings, and other special music by members of the delegation. The subject to be given tonight by Evangelist Cotterell is "Sin."

TOWNSHIP TRUSTEES TO FIGHT THE PLAN

Oppose Changes in Law to Take Schools Out of Their Hands.

Indianapolis, Ind., Dec. 6.—The Indiana Township Trustees association in convention here today determined to fight the plan to reorganize the laws governing the township schools, as proposed by a committee headed by Prof. W. W. Black, of Indiana university at the last meeting of the state Teachers' association.

A number of the members of the association decided to refuse to have anything to do with the movement and the motion to name a committee to confer with committees from the board of education and other bodies which will meet tomorrow in the office of State Superintendent of Instruction Charles A. Greathouse was carried by only three votes.

The plan, which is incorporated in a bill to be presented to the legislature, provides that the county shall be the unit for the school system of Indiana and does away with practically all the powers of the township trustees in the management of the schools. The association re-elected its present officers for another term.

LAMBERT HAD NO WARNING

American Vessel Sent Down by German Submarine is Charge.

CREW ROWS FORTY MILES TO COAST

Steamer, Built at Chicago, Was on Way to Havre for Delivery.

New York, Dec. 6.—The steamship John Lambert, listed in the maritime register as an American vessel, was shelled and sunk without warning by a German submarine off the Isle of Wight on November 24, according to members of the crew, Americans, who arrived here today on the French liner Espagne from Bordeaux.

The John Lambert was one of twelve vessels which, built on the Great Lakes, the French line agreed to purchase. According to the arrivals today the vessel had not yet been turned over to the French interests but was on its way to Havre for delivery there. It sailed from Montreal, October 20.

The attack took place at 4:30 p. m. when the ship was twenty-five miles south of the Isle of Wight, members of the crew said. The engineer, Edward Harrison, of this city, said that the U-boat first made its presence known by sending a shell crashing through the John Lambert's bridge and that the firing continued during the time the crew was taking to the boats, twelve shots in all being fired.

Rowed Forty Miles to Coast.

"The crew, numbering sixteen, all of whom arrived here today without their captain, said they rowed forty miles to the French coast, being on the water twelve hours and that shortly after the John Lambert went down they saw the submarine attack and sink two unidentified vessels—a steamship and a bark.

The John Lambert was the last of the twelve great lakes craft to be taken to France for delivery. Eighty members of the crews of four of them were passengers on the Espagne today.

The Great Lakes and St. Lawrence Transportation company owned the John Lambert, of 1,550 tons gross, which was built in 1903 at Chicago.

HAD NO EARLY REPORT.

Washington, Dec. 6.—State department officials had received no reports early today on the sinking, without warning, of the American steamer John Lambert by a German submarine. Steps will be taken to ascertain promptly the facts in the case.

COW GREAT CHEMIST DECLARES DR. HURTY

State Health Secretary Puts His O. K. on Ice Cream as Food.

Indianapolis, Dec. 6.—"Ice cream is one of the very best of foods," Dr. J. N. Hurty, secretary of the state board of health, said today at the convention of the Indiana Ice Cream Manufacturers' association here when discussing the food value of the delicacy. In part he said:

"The cow is a great chemist. It makes milk, a wonderful food, especially for growing children, and it makes cream, a wonderful delicacy and an excellent food for young and old. The things that can be made from milk and cream have taxed the ingenuity of chefs and cooks, ice cream makers and food fans since time out of mind. Yet the cow that makes this wonderful product doesn't know anything about it, and us human beings, the chemists and such smart fellows, who know all about how milk is made, can't make it.

"Ice cream is one of the very best of foods. Yet it is a food we must eat in moderation. That is true of any food. If we eat immoderately of ice cream we are very apt to suffer in proportion. Probably the best thing I can say for ice cream is that it should be eaten at meal time. Though it is one of the most nourishing foods, it is one of the most enjoyable. In our Puritanical habit of thought, we think that a thing that is palatable and delicious must necessarily be under ban as a food. When a food is both nourishing and delicious, then it is an ideal food. Ice cream is particularly good for growing children, and from what I know of growing children they will be particularly good for ice cream."

Dr. Hurty then said he knew of one case of illness in which a woman was kept alive for two years on ice cream.

INLAND WATERWAYS A MILITARY NECESSITY

Urged by Admiral Benson Before Rivers and Harbors Congress.

Washington, Dec. 6.—Inland waterways as military necessities in war time was advocated by Rear Admiral William S. Benson, chief of naval operations in an address today before the National Rivers and Harbors congress, which opened its three day annual convention.

Rivers of the middle west should be improved, he declared, to assist in supplying the army and navy in emergency with wheat from the plains states and coal from the Ohio, Pennsylvania and West Virginia fields.

Other speakers on today's program were Vice President Marshall, Secretary Baker, Senator Ransdell, of Louisiana, president of the congress, and Senator Fletcher, of Florida.

NEW OFFICERS NAMED BY REAL ESTATE MEN

W. H. Scheiman Succeeds Luie H. Moore as President.

William H. Scheiman was elected president of the Fort Wayne Real Estate exchange at a meeting of the directors held Tuesday night at the Commercial club at the close of the banquet and the weekly meeting. He succeeds Luie H. Moore. Herman Sigrist was chosen vice president, Frank Hilgeman, secretary (re-elected), and Frank Lamont, treasurer (re-elected). John Wolfrum, Frank Smitley and Arnold Curdes were chosen directors to serve for three years. Terms of L. F. Curdes, Lee J. Ninde and Charles Nolan had expired as directors.

E. H. Kilbourne, Paul Guild and William P. Walsh were appointed a committee to make arrangements for the appearance of Dr. Carol Aronovici, sociologist, of Philadelphia, who will speak before the realty dealers at a meeting open to the public next Monday night. Dr. Aronovici was expelled from his native land because of reform activities in Serbia. This open meeting will be held at the Commercial club and dinner will be served at 75 cents a plate.

The Evansville real estate board acknowledged receipt of a resolution from the Fort Wayne Real Estate exchange expressing appreciation of the hospitality shown the Fort Wayne visitors at the state realty convention recently.

Letter from George Raus of the one-cent stamp association was also read and thanks expressed the local exchange for resolutions favoring one-cent letter postage.

ITALY DETERMINED TO MAINTAIN WAR

Premier Declares Allies Do Not Wish to Force Greece Into Fray.

Rome, Tuesday, Dec. 5.—The allies do not desire to force Geece into war nor do they support any anti-dynastic movement in Greece asserted Premier Bozelli in his report on the war, delivered before the chamber of deputies here today. Premier Bozelli reiterated the determination of Italy to maintain the war with her allies until the restoration of Belgium, Serbia and Montenegro was accomplished. He termed this the "noble and essential object of the war."

At the close of his speech he sent a message of greeting to "Our valorous Latin sister, Rumania," trusting for her final success.

The premier's speech was very long and in it he recapitulated the whole history of Italy's participating in the war and enumerated the reasons which induced King Victor to enter into the struggle. As a proof that Italy was prepared to push her operations vigorously the premier announced that there were now 2,100 factories working on war material, the workers being one-fifth women. The premier declared that victory would insure the equilibrium of the eastern Mediterranean which he termed one of the chief foundations of Italian policy. He said that Valona would be Italy's strategic port.

ORDERS PLACED FOR 56,530 FREIGHT CARS

American Railroads Set a New Record for Month of November.

New York, Dec. 6.—American railroads placed orders in November for the construction of 56,530 freight cars, representing an expenditure of about $83,000,000, which established a new record, according to statistics published here today by the Journal of Commerce. Never before has freight car orders in any single month exceeded 25,000 cars. The November orders together with those in October are about 50 per cent of the entire business for the first eleven months of 1916, and are attributed largely to the pressing need for equipment to handle the enlarged traffic arising out of the transportation of commodities to seaports for exportation to Europe.

Another thousand freight cars were purchased in the United States by foreign interests at an approximate cost of $1,500,000.

Domestic roads ordered 342 and foreign buyers 633 locomotives and American roads bought 491 passenger cars and these, together with the freight cars ordered and 737,000 tons of rails bought, brought the total cost of railroad equipment purchases during November up to $155,551,000 according to the statistics.

LIVE STOCK INDUSTRY DISCUSSED AT CHICAGO

Chicago, Dec. 6.—A series of informal hearings were held here today in connection with the fourth national conference on marketing and farm credits to collect evidence concerning condition of the live stock industry in the United States.

Speakers asserted that many changes are under way in the industry and that the producers and feeders of cattle have failed to organize effectively to meet this changed condition at purchasing centers and an economic waste has resulted. Much of the discussion centered on possible solutions of the problem offered by the decline in the nation's meat supply.

WIFE MURDER CHARGE FAILS; M'DANIEL FREE

Missouri Prosecutor Held Not Guilty in Sensational Case.

St. Joseph, Mo., Dec. 6.—Oscar D. McDaniel, prosecuting attorney of Buchanan county, was acquitted by a jury in the criminal court here last night of the charge of having murdered Mrs. Harriet Moss McDaniel, his wife. The jury reported at 6:[illegible] o'clock after having considered the case since 4:35 o'clock in the afternoon.

Mrs. McDaniel was found beaten and dying, her skull crushed with three wounds, in her bedroom here about 12 o'clock the night of July 14. She died the next morning. McDaniel's story of the events on the night of the murder was that he returned home about midnight after having been drawn up town by a fake telephone call about forty-five minutes earlier and when his wife was still alive. He engaged in a pistol duel outside his residence with an unknown assailant, who hid behind a tree, he said, and then going into the house to obtain another revolver with which to continue the battle, found his wife on the bedroom floor dying.

Enemies occasioned by his work as prosecuting attorney or robbers were accused by him and his friends as being guilty of the crime. Later McDaniel was indicted on the accusation of having killed his wife.

The accused man was a candidate for re-election on November 7, but was defeated.

DISCOUNTS PEACE TALK.

Berlin Vorwaerts Says Germany's Enemies Are "Peace Blind."

Amsterdam, Dec. 6.—The Berlin Vorwaerts, the organ of the German socialists, in an article headed "Peace Blind," throws cold water on those who believe that peace is near. The paper says:

"We must be reconciled to the bitter truth that our enemies are too deeply pledged to their war aims to see anything else. They are peace blind. The worst calamities are not to be spared the European people, but one consolation remains and that is that harsh rulers do not rule for long. Whenever their strong men do not achieve anything our enemies do not admit their failure."

Regulations regarding measures for coast defense have been reimposed. Lights in this city are permitted, but coast lights have been ordered dimmed.

DAILY BIBLE READINGS FOR THE HOME

1 Corinthians 3:11-23.

11 For other foundation can no man lay than that is laid, which is Jesus Christ.

12 Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble;

13 Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is.

14 If any man's work abide which he hath built thereupon, he shall receive a reward.

15 If any man's work shall be burned, he shall suffer loss: but he himself shall be saved; yet so as by fire.

16 Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?

17 If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.

18 Let no man deceive himself. If any man among you seemeth to be wise in this world, let him become a fool, that he may be wise.

19 For the wisdom of this world is foolishness with God: for it is written, He taketh the wise in their own craftiness.

20 And again, The Lord knoweth the thoughts of the wise, that they are vain.

21 Therefore let no man glory in men: for all things are yours;

22 Whether Paul, or Apollos, or Cephas, or the world, or life, or death, or things present, or things to come; all are yours;

23 And ye are Christ's; and Christ is God's.

WEDNESDAY, DECEMBER 6, 1916.

Brief, Clear and Direct

President Wilson wasted few words in his annual address to congress. The utterance was brief, clear, concise and direct. Nor is it less important from the fact that there is nothing of the sensational, nothing of the radical departure in it. Practically all of it had been forecasted. Having settled in his own mind the essentials that are before the country at this particular time, Mr. Wilson puts the program in concise form up to congress and says: These things should be done.

It was fully expected that the president, as he did, would renew his efforts for the uncompleted portion of his industrial program recommended at the time of the passage of the Adamson law which prevented the railroad strike scheduled for Labor day. This program has been so thoroughly discussed that it is familiar to the public. Its outstanding provision is that the existing federal statutes be amended so as to provide for a full public investigation of the merits of disputes between employers and employes in industries engaged in interstate commerce before a strike shall be called or a lockout attempted.

It will be noted that this is not a recommendation for compulsory arbitration, a thing for which the railroads have been contending. There is a very great difference between saying to railway employes: "You must not strike until after the public has had a chance to decide as to the merits or your demands," and saying to them: "You must submit your demands to arbitration and continue to work, whether you want to do so or not, under the terms laid down by the arbitrators." That the president believes his position has been misunderstood in some quarters is evident from the pains he takes to reply to some recent strictures by organized labor, which professed to see in his attitude a surrender to the forces against which it has been contending for what it believes to be mere justice. Analysis, we think, will uphold the president's contention that some such course as he suggests is entirely justifiable in the interest of the common public, which a few weeks ago came perilously near being caught helplessly between the millstones of the transportation dispute.

Aside from the railroad matters the recommendations of the president are neither numerous nor especially vital, and it is well that this is the case. The present congress has before it but three months of existence, and this period of activity will be further shortened by the intervening holiday recess. On March 4 will come a new congress. If the present body will merely clean up the slate and leave the way clear for its successor, it will have done enough, without undertaking more than it cannot hope to complete.

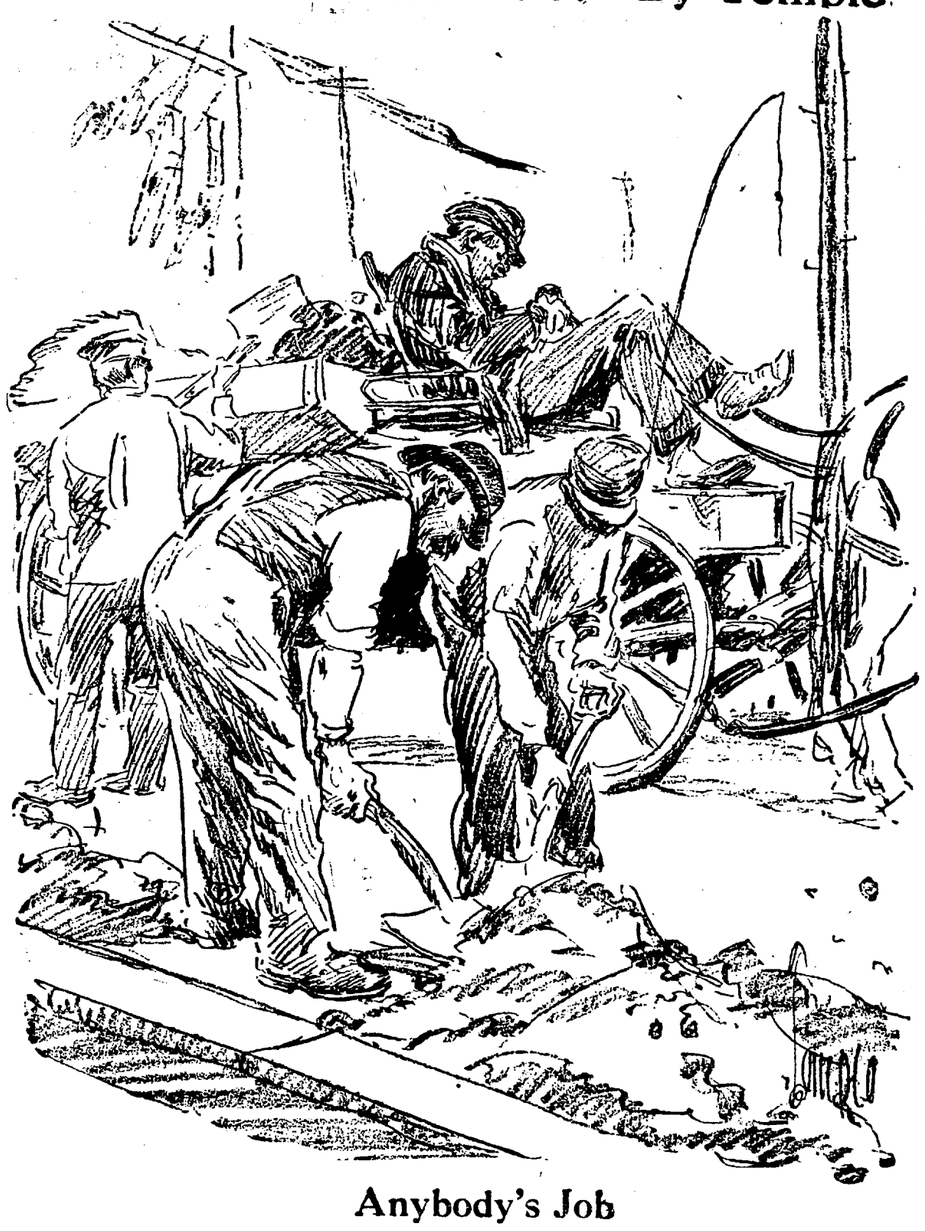
In the death of John D. Archbold, Standard Oil has lost not only one of its biggest figures, but its most militant fighter. Indeed, it is perhaps not too much to say that Mr. Archbold, by his force, his energy and his capacity, constituted a power quite as strong and infinitely more active than Mr. Rockefeller even in the more vigorous years of the multimillionaire whose name instantly comes to mind when Standard Oil is mentioned. Archbold was the spokesman, the undaunted sponsor for everything Standard Oil has done in the past thirty years. He believed in it thoroughly. His convictions were that its course was right and that its power was justified. He was out in front taking the kicks and the cuffs when they were coming—and giving them in return, as well. John D. Archbold will easily take rank as one of the strongest figures ever developed in the American business world.

Five new postmasters for Twelfth district towns were recommended on Tuesday by Congressman Cline. It is probable that by the time Mr. Fairfield gets to Washington next March and glances up into the plum tree he will discover that it is rather bare of fruit for the faithful who naturally will turn to him with a beseeching expression of countenance. Candidly, however, the situation is not one which will tend to give Mr. Fairfield much pause. What he should do is to congratulate himself. There are few more wreckers of congressional fortune than the solemn duty which occasionally devolves of naming small-town postmasters and automatically transforming all those who were not chosen into the bitterest type of political enemies.

There is ample occasion for someone qualified to do so to explain why those in charge of the campaign for so admirable a thing as equal suffrage will persist in making themselves ridiculous and doing positive harm to the cause by indulgence in senseless stunts such as that staged at Washington Tuesday when a big banner was spectacularly released in congress during the delivery of the president's address. There are times when we think the cause of votes for women has more to fear from its friends than from its foes.

Governor-elect Goodrich's campaign stand against salary increases bids fair to be put to the test about as soon as he gets settled into the gubernatorial chair in January. The Indiana Township Trustees' association, in session at Indianapolis, has started its biennial fight for an increase in salaries over the state, and it professes to be hopeful of at least neutrality on the part of the new governor when the plea goes before the legislature.

Sketches from Life ∴ ∴ By Temple



Anybody's Job

Does It Really Solve the Problem?

Under the direction of the health commissioner of Chicago a "diet squad" of 12 men and women are trying to solve the "high cost of living" problem by cutting the cost of food to about eight cents a meal or 25 cents a day. So far the squad is in good health and gaining weight on the scientific diet. If the experiment is a complete success, does it solve the problem?

Suppose that every man and woman in the United States cut the cost of living to 25 cents a day, what would be the result?

Over in China, the natives live on an average of eight or nine cents a day. A bowl of rice and a few vegetables are the diet. There are no stronger men than the Chinese coolies. They have solved the problem of cheap food. But have they solved the cost of living problem? Not so you could notice it! The Chinese coolies are in the most abject poverty. So are the natives of India, where the cost of living—that is, the money cost—is as low as in China.

The truth is that depression in the money price of food simply results in depression in the wage scale. The Chinese coolie lives on a few cents a day—and he gets few cents a day wages.

If American workmen cut down the money price of their food to 25 cents a day, their wage would be depressed accordingly. Labor unions, minimum wage laws, and organized effort might help to keep it from being depressed equally—some groups of wage earners would benefit—but on the average the wage would be depressed.

As a general law, the wage will tend to fall to the point at which labor will consent to exist and produce.

The reason the Chicago diet squad is cutting the cost of living, is because they are an isolated group. Because it costs most of us many times 25 cents a day to live, the Chicago diet squad has an advantage. If everybody lived on 25 cents, the diet squad would be no better off than anybody else.

It is not the money cost of food, but the labor cost that is important. If 25 cents a day would buy all the food and clothing and shelter that a family needs, it would be as good as five dollars. The purchasing power of a day's labor is the important thing.

Stunts to cut down the cost of food are only valuable so long as a minority of the people practice them. If everybody practices them, their value is lost. Do we want to learn how to live on less food and cheaper food? Or do we want all the food we want? Do we want to go on a bread-line, breadticket, or Chinese coolie scale of living? Or do we want to get the full value of our labor?

Have You Given Your Fellow Full Credit?

A young Danish woman, delicately reared, was married to the captain of a deep-water sailing vessel and went to sea with him the same day.

The voyage was to the West Indies. On the way the ship ran into a hurricane, was slowly battered to bits by the seas, and after a terrific fight was wrecked.

The young bride was thrown into the breakers, went through astounding adventures beyond anything in a sea-novel, and got to shore on an island, where she and her husband walked 19 miles to find a human habitation.

When the happy young couple returned to civilization the bride was asked if she had had enough of the sea.

"Why, no," she said in an astonished way. "When my husband ships again, I go with him."

Well, it does seem to be a fact, doesn't it? Fear is losing something of its grip on human life. The old-time king of terrors isn't quite so much of a king as he used to be. It is most strange, it is mysterious, it is bewildering if you like, but people do seem to be looking through wider and calmer eyes upon vicissitudes and peril.

With millions and millions of men performing every day the most daring, wonderful, breath-taking deeds of valor, or going through conditions of cold, wet, mud, slush, misery, pain and suffering that would have seemed impossible, courage is revealed as infinitely commoner, and fear as infinitely less fearful.

Novels of adventure make no hit now. The limits of all the imagination can conceive of danger, hardihood, and achievement have been left behind by the realties. Why invent for us fictional heroes? Everybody is a hero, give him a chance.

But if courage is so much commoner than men had believed it, don't you think it is the same with all other good qualities? Kindness, love, mercy, good will—as a matter of fact, isn't human nature infinitely better and finer than most of us have judged it to be?

A chance to reveal itself. That seems to be about all it requires.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Frank Gruber's cigar establishment will be lit by electricity.

At an early hour this morning Miss Minnie, daughter of Mr. and Mrs. William Kramer, died of typhoid fever at the age of twenty-one years and eight months.

Three young children of Charles Lenke, of Nebraska, are missing from their homes. Agent Read, of the Humane society, is investigating the case.

Charles Centlivre has returned from Detroit, where he attended a funeral. He will shortly accompany his father as far as Colorado on the latter's trip to California for his health.

Architect Wing was at Plymouth, Ind., yesterday, conferring with the county commissioners in regard to the proposed new infirmary in Marshall county. It will cost about $40,000.

The county commissioners are today granting liquor licenses. At 1 o'clock twenty licenses had been granted and sixty more were brought up and forty more were awaiting consideration. There had been no remonstrances filed against the granting of licenses up to the noon hour.

The following officers were elected yesterday by the Sunday school of the Wayne Street Methodist church: Superintendent, W. J. Holt; first assistant superintendent, Miss Ellen Spencer; second assistant superintendent, Charles Worth; secretary, A. Nonnamaker; treasurer, A. R. McCurdy; librarian, Miss Rachel Miller; organist, Miss Lizzie Nonnamaker.

Typographical Union No. 78 has elected the following officers: Frank Mullahy, president; F. E. Lanterman, vice president; L. H. Green, recording and corresponding secretary; H. A. Rogers, financial secretary; Cyrus Lose, treasurer; John Corcoran, sergeant-at-arms; L. DeGuehery, F. E. Lanterman, H. A. Bush, executive board; William Hall, W. P. Duffy, Edward Miller, F. E. Lanterman, H. W. Williams, delegates to Trades Council.

The American Laundry, which recently started up at 26 East Columbia street, by the Hassler brothers, is today crippled for business. Some person, evidently an enemy of the concern, stole into the building during last night and after letting the water out of the ten-horse power boiler, turned on and lit the gas. The boiler was completely ruined and is a total loss, as no insurance can be collected for damage done in this manner.

UNSOLVED MYSTERIES.

Do people who drink out of the saucer use the cup for a spoon?

ODD, ISN'T IT?

NUTLEY, N. J.—Mrs. John A. Ellsler, age 93, had an awful row with dressmaker because skirt came below her shoes. The skirt was shortened.

STATE COMPENSATION LAW DOES NOT APPLY

Metropolitan Police Force Members Not Within Its Provisions.

Indianapolis, Ind., Dec. 6.—The Indiana state industrial board late yesterday afternoon ruled that a member of a metropolitan police force in this state is not an employe under the terms of the Indiana workmen's compensation laws so as to entitle him or his family to compensation in case of his injury or death while performing his duty.

The ruling was made in the cases of two policemen killed at Richmond, Ind., July 8, when attempting to make an arrest. The policemen were George M. Little and Elmer R. Stephenson.

The city of Richmond refused to make payments to the families of the two patrolmen killed because of doubt as to whether the officers were employed under the compensation law. After reviewing all the facts in the case the state board in its ruling says that under the Indiana laws as they exist, members of metropolitan police forces are state rather than municipal officers, and not agents or servants of the city, but are public officers.

Compensation to the representatives of the families of the two policemen was denied.

GARRETT NEWS.

Garrett, Ind., Dec. 6.—Mr. and Mrs. Willis Wilson and son Lenna, of Auburn, Mr. and Mrs. Harmon Ames, of Butler, and Mr. and Mrs. James Smedley, of Fort Wayne, were Sunday guests of J. M. Williams and wife.

Constipation and stopped-up livers from white-flour foods! This is the modern scourge, afflicting millions of men, women and children. Thousands are awaake to this terrible fact. Are you, too, mother? White flour has nearly all the most nourishing part of the grain taken out of it by the modern process of milling—just because it makes the flour "look" cleaner and better. White-flour foods pack hard in stomach and intestines. They cause derangement or indigestion, deaden bowel action, stop liver action. This means headaches, drowsiness, paleness, lack of energy, poor blood. It stunts the growth of children, robs them of nourishment, makes old people feel older, and everybody below par.

There's no more excuse for it. You can produce a remarkable difference in yourself, in your children and in your whole family in 2 days by simply eating this to take the place of white bread, breakfast foods and other white-flour mixtures. It is "O-Eat-It."—a new combination of the most nourishing grains that grow, with all their flesh and muscle building, blood-forming, appetizing elements left in.—together with the remarkable bowel-and-liver regulating brans. "O-Eat-It" is 35 per cent of bran. You never ate a food with so much bran in it, made so light, so luscious to the taste. It has never before been possible. "O-Eat-It" solves this problem. Serve it to the whole family at any meal,—prepared in any one of several appetizing ways. It comes in delicious, golden, toasted crisp slices, ready to eat.

Then nobody will be constipated or bilious-sick in your home. It will keep you young, rosy and healthy. Try it.

"O-Eat-It" is sold by all grocers. 25c for a large sanitary package, or sent on receipt of price by O-Eat-It Co., 265 Studebaker Bldg., Chicago, Ill.

If your grocer does not have it you will find it on sale and recommended by the following grocers: The Aurentz's, J. A. Hetrick, H. P. Brinkroeger, Central Grocery, H. L. Cline, Coverdale & Archer, F. Dickemeyer & Sons, Wm. Doehrman & Sons, Fred Freese, Getz, Sharp & Orr, Frank Heit, Heiny's Grocery, Nick Klug, C. G. Reinkensmeier, F. Shearer, J. Sulzer, Wayne Grocery and White Fruit House.

TWO HORSES ARE KILLED.

Valuable Animals Fall Into Deep Hole at New Building Site.

Two valuable animals belonging to the Borgman Trucking company were instantly killed Tuesday when they fell into a deep hole on the site of the new Furnas Ice Cream company's new building on Columbia street, near Clay. The team was engaged in the excavating work and were hitched to a shovel. When the ground gave way underneath one of the animals it dragged its mate with it. Both were killed instantly.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It clears out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.—Advertisement.

LEGAL NOTICE

NOTICE TO THE PUBLIC.

Notice is hereby given by the Board of Public Works that it has determined the form in which a certain franchise to Charles R. Boerger is to be adopted, which franchise under an act passed by the General Assembly approved March 6th, 1913, is herein set out:

Whereas, The party of the second part is the owner of lots 124, 125, 126 and 127 in Vordermark's Addition to the City of Fort Wayne, Indiana, and intends to erect a manufacturing plant thereon, and desires to procure a sidetrack connecting the main tracks of the Wabash Railroad with the real estate above described, owned by the party of the second part, in order to facilitate theshipping to and from said real estate and the plant to be erected thereon, such property as the party of the second part may desire; and

Whereas, Said railroad is unwilling to construct said sidetrack for said purposes; now,

Therefore, In consideration of the covenants and agreements to be performed and complied with by the party of the second part, as hereinafter provided, consent, permission and authority are hereby granted and given by the party of the first part to the party of the second part to construct, maintain and operate, or cause to be operated, a single track railroad over and across McDonald Street in said City, the same to be elevated and constructed as hereinafter set out and provided, from the main tracks of said Wabash Railroad, beginning at a point opposite the alley between Sumner and Hancock Streets in said city and crossing the North side of said McDonald Street at a point about 20 feet East of the East line of said alley, said sidetrack to be located as shown on the plat hereto attached and made a part hereof, and on which plat the line and route of said track is marked and indicated by the red line thereon.

It is understood and agreed that the consent, permission and authority herein given and granted are upon the following terms and conditions:

1. The party of the second part, if he desires to avail himself of the benefits of the consent, permission and authority herein granted, shall cause the complete construction of said track within eighteen months from the date hereof, and in the event that he so avails himself of such grant, permission, consent, and authority, then he shall cause the complete construction of said track witain ninety days from the time he commences work thereon and within the period of eighteen months as above stated, and shall at no time in the construction of said track occupy for such purposes the street above mentioned for any length of time in excess of ten days, but in the event that party of the second part is prevented from complying with any of the above conditions by reason of any judgment of any court, or other good cause, then said Board of Public Works may grant a reasonable extension of time as to any one of the above provisions.

2. Said sidetrack shall be elevated and be supported by substantial and sufficient trestle work of either wood, iron, or concrete and be sufficiently high above said McDonald street so as not to be an impediment to the ordinary and proper use of said Street by the public, in accordance with plans and specifications, and which said plans and specifications shall first be submitted to and be approved by the Board of Public Works before the work of construction is commenced.

In case the grade of said McDonald Street should hereafter be changed or said Street be improved, and by reason thereof, or for other sufficient cause, it should become necessary, in the opinion of the Board of Public Works, to change said elevated track, the said second party shall be obligated at his expense, after notice so to do, to make such changes in said elevated track, and to make any necessary repairs, the same to be done in accordance with plans and specifications to be prescribed and approved by said Board. Said second party shall also be obligated to keep said elevated sidetrack in good and safe condition.

And in case of the failure of said second party to perform the obligations aforesaid by him to be performed, within reasonable time prescribed, and as directed by said Board, said Board may cause such changes or repairs to be made and in case the second party should fail to pay such cost or expenses within thirty (30) days from the time said Board shall have rendered a bill therefor, the said City shall have a right of action to recover such cost or expenses against said second party, together with a reasonable attorney's fee, for collection thereof.

3. In case here: ter the east and west tracks of said railroad company shall be elevated through said city, so as to make a change in said elevated track necessary, then, and in that event, the grant and permission herein given shall terminate, and party of the second part shall cause, at his expense, the removal of said elevated track, and place said street in as good and safe condition for travel and of the same material as the remainder thereof, unless said second party, at his expense, cause said sidetrack to be changed according to plans and specifications prepared by and under direction of the engineer in charge.

4. The party of the second part shall so construct and maintain his said track in such manner as to not in any way interfere with the drainage of the surface waters on said Street, and shall, when constructing said track over and across said Street, do the same under the direction of said Board of Public Works, and in the manner required by said Board.

5. The party of the second part further agrees and binds himself to keep and hold said City free and harmless from any and all liability, from any and all damages that may accrue to any person or property on account of any injury to their person or property growing out of the construction, maintenance or operation of any cars thereon by any person or corporation, and in case suit shall be filed against the City on account thereof, said party of the second part upon notice so to do by said City shall defend said action at his own expense, and in the event that judgment may be rendered in such action against said City, the party of the second part shall pay said judgment with all costs and hold the city harmless therefrom. The second party shall, whenever requested by the Board of Public Works so to do and within fifteen (15) days thereafter, execute to the party of the first part a bond with sufficient surety to be approved by the said Board of Public Works, payable to the said City in the sum of Ten Thousand dollars ($10,000.00), and conditioned for the faithful performance by the second party of all and singular the conditions and provisions contained in this contract, on his part to be performed, and will from time to time, whenever requested by said Board of Public Works renew said bond. Upon failure to furnish such bond or to renew any existing bond within fifteen (15) days after having been requested so to do by said Board of Public Works, the party of the first part shall at the option of said City, forfeit all rights hereunder, and this contract shall become null and void, the same as if never entered into, and the second party shall remove within ten days thereafter all property placed upon or over any of said Streets, under this contract, and on failure so to do, said City may remove the same and recover from said second party all expense by it incurred in so doing, and also recover from the second party any damages by said City sustained on account of the failure of said second party to remove the same.

6. It is further agreed that if the second party fails to comply with and perform any of the provisions of this contract by him to be performed, the consent, permission, and authority herein granted shall at once, at the option of said City, terminate, and second party shall forfeit all rights hereunder, and shall cause the removal, at his expense, of the track that may be laid and elevation which may be built hereunder, and place said Street in as good and safe condition for travel, and of the same material as the remainder thereof.

7. It is further understood and agreed that this contract and the provisions thereof shall be binding on the successors and assigns of the party of the second part.

8. The consent, permission, and authority hereby granted shall continue for the period of twenty-five (25) years from the date hereof.

Witness our hands and seals this..... day of..... 1916.

CHARLES R. BOERGER.

The Board of Public Works have fixed Thursday, the 28th day of December, 1916, at 7:30 o'clock p. m., when they will hear and consider objections or remonstrances against the above agreement or franchise, and on that day will modify, confirm or rescind said agreement or franchise.

NEW SURVEYOR MUST SUE TO GET RECORDS

Retiring Elkhart County Official Clings to Them, Claiming Fees.

Goshen, Ind., Dec. 6.—Although Charles L. Kinney, republican, was elected surveyor of Elkhart county at the election November 7 and has taken possession of the office, all of the records are being held by Willard M. Gillette, democrat, the retiring surveyor, who refuses to surrender them to his successor. Kinney has employed counsel and will bring legal proceedings against Gillette to compel him to turn over the records.

Albert A. Reith, democrat, resigned as surveyor before the election and Gillette was named by the county commissioners to fill the vacancy. As the democratic nominee for surveyor Gillette was defeated by Kinney.

Highway improvements now under way in the county amount to about $300,000 and Gillette contends that under the law this work i tso remain under his supervision for a year, even though he has been defeated. Although Kinney is surveyor, he has no income from the office, all compensation being in fees and Gillette claiming jurisdiction over all work begun before he retired.

CARRIES AUTO TO SIDEWALK.

O. R. Brokaw, 128 West Creighton avenue, had the sensation of riding his automobile rigth up on the sidewalk Tuesday evening, he reported to police. He says that his machine was struck by a large brewery truck, driven by Chris Koers, at the corner of Harrison and Pontiac streets, just before dark. The heavy truck was unable to stop at once and carried Brokaw's machine clear across the sidewalk, damaging front of the car, Brokaw reported.

Society

Mrs. S. E. Mulholland and Mrs. W. A. Nichols have issued invitations to two bridge parties they will give at the home of Mrs. Mulholland, one on December 14 and the other the following day, the fifteenth.

* * *

S. McMahon and daughter Ella left on Monday for Springfield, Joplin and Kansas City visits.

The Ladies' Hebrew Benevolent society will meet on Thursday afternoon at 3 o'clock in the Y. W. C. A.

The Cousin club will meet on Thursday afternoon with Mrs. P. T. O. Hoppe, 2311 Fox axenue.

Dudley McClure spent the end of the week in Ann Arbor, Mich., with college friends.

Miss Helen Gilmartin, of West Taber street, entertained the bridge club to which she belongs on Monday evening.

Mrs. J. M. Kuhns and Mrs. F. I. Brown have as their guests their cousin, Miss Sue Robinson, of Peru, for a few days.

Miss Louise Tegtmeyer, accompanied by her nephews, Robert and Fred Tegtmeyer, went to Chicago on Wednesday to remain two weeks with relatives who live there.

Mr. and Mrs. Louis Seabold, of East Creighton avenue, celebrated their fifteenth wedding anniversary on Tuesday by entertaining a company of friends in a delightful manner in the evening.

Local friends are interested in knowing that Mrs. J. F. Vichert, a former Fort Wayne resident for a number of years, is at a sanitarium in Clifton Springs, N. Y.

Mr. and Mrs. Fred Huston and son, Frederick, jr., spent Thanksgiving and the end of the week in Coldwater, Mich., visiting Mrs. Huston's sister, Mrs. Ned Hodgman and family.

Miss Gertrude Barber, of the Hoagland apartments, has returned from a six months' stay in New York city and Boston where she accompanied Mrs. Eliza Shoaff, who will remain in the latter city all winter.

A children's birthday party of Saturday was little Laverne Baxter's, of Foohey avenue. There were eighteen children who enjoyed the romp and the delicious supper Laverne's mother had ready for them.

The Phi Delta Kappa fraternity, of which the membership consists of graduates of college or the Fort Wayne high school, have taken a room in the Old National bank building and hold regular weekly meetings. The "frat" is considering the possibility of having a dance during the holidays.

Needs of Willing Workers' Aid.

The Willing Workers' Aid society had a call for two cupboards and a kitchen table, as well as a nearly continuous call for clothing. The latter can be left at 1102 West Berry street, but the other articles should be left at the home or telephoned about.

Mr. and Mrs. Frank Randall spent Thanksgiving and the few days following in Detroit and Ann Arbor. In Detroit Mr. and Mrs. Randall were guests of their daughter, Mrs. Austin Melchor, and of another daughter, Miss Ruth Randall, who is teaching in one of the Detroit high schools. Franklin Randall, a student at Michigan university, joined his parents for Thanksgiving.

Mrs. Charles Jacobs ,of Madison street, was the hostess on Sunday evening for a company of friends invited to dinner to meet Mr. and Mrs. Adams, of Pittsburg, and Miss Florence Fisk, of Indianapolis. Cards and music were enjoyed after the dinner. The guests were Mr. and Mrs. Herman Strodel and family, Mr. and Mrs. Barry Tolan and daughter, Martha Jane, Mr. and Mrs. George H. Jacobs and family, Miss Agnes Sweet, Miss Stella Jacobs, who assisted the hostess, and Messrs. Guy Colerick and William Prang.

A surprise party was given Tuesday evening on Miss Verda Horn at her home in Washington boulevard west. It was a birthday affair and a game of progressive bunco was followed by music and a luncheon. The guests were Hazel Oren, Winifred Howard, Lela Lewton, Abbie Bigham, Ruth Blackwell, Esther Logue,Lillis Williams, Cyril Sheafer, Geraldine Cross, Violet Bauer, Bonnie, Myrtle and Blanche VanBuskirk, Charlotte and Verda Horn, Minnie Crawford and Ellis Hoglund, Horace Smith, Joe and Roy Cook, Mr. Meredith, Jim Studer, Herbert Blombach, Wilson and Lawrence Lewton, Earl Hudson, Claude Palmer, Fred Humbrecht, Elmer Greiser. Prizes were won by Geraldine Cross and Lawrence Lewton.

Harkenrider—Lageman.

A pretty wedding took place in St. Peter's Catholic church on Thanksgiving day when Miss Caroline Marie Lageman and Mr. George H. Harkenrider were married at 9 o'clock by Rev. Father Charles Thiele, who also celebrated the nuptial mass. Mrs. Mary Dehner and Mrs. Alice Boedecker were the bride's attendants and Messrs. Ernest Harkenrider and Edward Boedecker attended the groom. Little Miss Madeline Boedecker acted as flower girl and carried a basket of pink and white snapdragon blossoms. Miss Madeline wore a frock of pink silk and wore a wreath of smilax and pink flowers. Messrs. Edward Harkenrider and John Dehner were the ushers. The bride wore a pretty gown of white voile, a veil of tulle and carried a shower bouquet of bride roses. Both matrons of honor wore white gowns and held pink roses. The wedding breakfast was served at the home of the groom, 2431 Hanna street, where the bride and groom will be at home for the winter. In the spring Mr. and Mrs. Harkenrider plan to take a trip to Portland, Ore., and other western points. The guests at the wedding breakfast included Mr. and Mrs. John Dehner, of Sheldon Mr. and Mrs. Edward Boedecker, Mr. and Mrs. Erwin Vaughn, Mr. and Mrs. Samuel Randolph, Mr. and Mrs. Henry Beneke, Mr. and Mrs. Ira Palmer, Mr. and Mrs. Edward Lageman, of Dayton, O.; Mrs. Rudolph Lageman, Mrs. William Palmer, the Misses Velma Bobe and Florence Beneke, and Messrs. Ross Hindman, Emmet and William Harkenrider.

HOME DRESSMAKERS NEED NOT WORRY ABOUT HANG OF HOME PRODUCTS THIS YEAR—ALMOST ANYTHING IS RIGHT.

At right, a jaunty black velvet costume with the long waist line for the street. The cape collar buttoned down the front is lined with white satin and white satin lines the edge of the sleeve so that it shows in the flare. The Pierrot pockets show a dash of white and white peeps out again around the feet. At left, a coat fashioned on straight Russian smock lines. It is gray duvetyn, the collar and muff of gray squirrel.

New York, Dec. 2.—Do you remember the good old days when fashion decreed one style and one style only and you met your prototype on every street corner?

We thought it wearisome then, but now we find it has its advantages—it's so hard now to select from the multitudinous styles that dazzle our eyes!

You can be anything now—Assyrian, Japanese, Polish or Russian.

Looking over the new models one sees straight lines and long waists. What has become of the tight basque?

"That could never last," says the sales party. "It made madam look too old, and besides, she couldn't eat enough!

One importer will insist that the waist line has gone up, others will place it around the hips. The answer is: Place it where you like.

And there's an absorbing question—are the skirts to be longer? Some say yes, others no.

Perhaps there's beer, a compromise by using both! Skirts are wayward and vagrant, they go down the sides and up in the back or they skirt the pavement in the back and hike above the boots on the side.

The home dressmakers need never worry about the hang of their home products this year!

Sleeves are beginning to blossom in strange places. They flare at every point except the shoulder, the flat smooth shoulder is with us. The width begins at the elbow.

Velvet is prophesied to be the coming rage in materials—soft, pliable velvet alone or combined with chiffon, satin, broadcloth or almost any fabric.

Nothing could be more alluring than the coats!

No longer need milady fear she will lose her muff, when it is firmly sewed to the front of her coat!

Whether or not we shall have a waist line is still disputed among tailors, but the Russian blouse with its long, loose waist still holds good, in spite of the prediction that coats are to be many-seamed and with a decided curve in at the waist, flaring at the hip.

Thus whirls the fashion, madder and yet more mad.

AT THE PALACE.

NEW BILL TOMORROW.

Musical Comedy and Special Vaudeville Features at Palace.

The musical comedy diversion, "The Girl Worth While," and its associated vaudeville acts close their brilliant engagement at the New Palace this evening, to be succeeded tomorrow afternoon and for the remainder of the week by a program of the sort of super-vaudeville that has kept the New Palace playing to capacity for weeks now. Boyle Woolfolk's merry little lyrical comedy presents two light comedy stars in Arthur Conrad and Primrose Semon to Fort Wayne in roles that are entirely congenial. Conrad's conception of Jim Dandy, the breezy traveling salesman, is reminiscent of George Cohan, while the vivacious Miss Semon does a Flora Fine, the vaudeville star, home in the tall grass for a vacation, and does it to a queen's taste.

The show opens with two crack vaudeville attractions. Johnny Small and Sisters, a trio of dancing delights, and Servo, who can make a piano accordion sound like a pipe organ, comprise this portion of the program.

The bill that opens tomorrow is featured by the Royal Hawaiians, a striking scenic production presenting the searching music of the far Pacific in an impressive manner. Among the other acts on this bill are Knapp and Cornell in a pot pourri of vaudeville; Leroy and Mabel Hart, Jack LaVier, Evans Lloyd and company in the sketch of New York life, "The Alternative;" Maurice Burkhart in his sensational singing specialty, "The Thief," and others.

HAS RAE TANZER'S OLIVER BEEN FOUND?

New York, Dec. 6.—Rae Tanzer, pretty factory girl, has hopes today that the Oliver Osborne arrested in Chicago is the Oliver Osborne she has been looking for for more than a year and that she at last may collect about $50,000 in one of the most tangled breach of promise suits in history.

Miss Tanzer sued James W. Osborne, former United States attorney, for $50,000, charging he was the Oliver Osborne who promised to marry her. It was shown James W. was not the man and a number of other Oliver Osbornes cropped up in the case. All were rejected by the pretty girl. She said none was the right Oliver.

Now the Chicago police say Charles H. Wax, arrested by them, has confessed he is the Oliver Osborne Miss Tanzer has been looking for. Miss Tanzer will get a chance to tell if he is.

OFFICERS FOR YEAR NAMED BY LODGES

Woodmen of the World Plan to Donate Room in New Hope Hospital.

With the time of the year on hand when the annual meetings of many of the local lodges are held, several more orders named officers for the coming year at the sessions Tuesday evening. The Woodmen of the World No. 3127 planned to donate a room in the new Hope hospital building. The officers elected by this order were: Harry E. Kline, venerable consul; Charles A. Ah! Pain is gone!

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those tortuous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.—Advertisement.

WALTER JOINS THE ARMY FOR AWHILE

But Mother Comes After Him and He Must Coax to Get Back.

Police received a call from Tippecanoe, Tuesday, asking them to keep a swarthy farm lad from joining the army. A patrolman was sent laboring up the steep steps to the rooms, on East Main street, where the window signs read, "Men Wanted." The officer reached the apartments five minutes too late.

Walter Marks had left the farm and was in the army. He was soon to be sent to Columbus, Ohio. But Walter is only fifteen years old, although he has the appearance of three more years.

Police telephoned to Mrs. George Marks, at Tippecanoe. She came to Fort Wayne. She rescued Walter from the ranks. But Walter insisted that he would follow no other calling except the one where men in blue and brass lounge in the cooling shade of tropical foliage, while somebody else hoists the flag and says "The soldiers are here."

Mrs. Marks said maybe she would return in a few days and allow Walter to enlist again.

"You might as well let me stay now," Walter argued as an added point why he was not to be raised to be a farmer, as the pair passed beneath the big blue flag and the rippling folds of "Old Glory," which flapped from the windows of the recruiting offices.

SAYS NEW RACE IS BEING BORN.

Coming Americans to Develop New Faculties, Says Mrs. Bartlett.

Mrs. Harriet Tuttle Bartlett in her leecture at the Art School Tuesday evening stated that a new race is being born here in America and that that race is to develop new faculties. That many of the race will come possessed of the sixth and seventh senses, and that they will develop intuition as strongly as the old race has developed intellect, she asserted is a fact that will manifest itself to anyone who will study the matter.

These children are coming with supersensitive nervous organizations and unusual mental ability, but they are not understood by educators and at present are being placed in rooms, labeled for sub-normal children.

She makes a strong plea to parents not to allow any child to be dubbed sub-normal or have any sub-normal rooms as it places such a blight upon childhood. Call such rooms separate rooms or by any name that will not place a stigma upon childhood.

Mrs. Bartlett speaks again Wednesday evening in the same place at 8:15 upon "Biblical Symbolism in the Light of Recent Discoveries."

Engineers W. C. Hoppel, George B. Likely and Art Crapser, of the Nickel Plate, are off duty. The two first named are sick and Mr. Crapser is taking a rest.

SHOWS BAKERS' PROFITS.

Test at Toledo Indicates $7.16 on Each Barrel of Flour.

Toledo, Ohio, Dec. 6.—A profit of $7.16 is made by bakers on every barrel of flour baked into five cent loaves of bread, according to a baking test made at the municipal workhouse yesterday. The test was under the direction of city authorities and members of the Toledo Housewives' league.

The total revenue from a barrel of flour, it was found, is $16.41. Bakers have been paying $9.25 a barrel. The price of bread was increased by local bakers yesterday one cent on five cent loaves and two cents on the larger size.

Will there be Real Music in your home at Christmas?

There is no one so unmusical as to believe that a talking machine produces real music. At best, a talking machine, no matter how much it costs, no matter what artists make records for it, no matter what claims are made for it by its manufacturers, gives only a hollow imitation of the original music.

The NEW EDISON is not a Talking Machine

This new invention of the world's greatest inventor is in no real sense a talking machine.

It represents more than two million dollars spent in research work by Mr. Edison.

It represents the achievement of his ambition to produce a musical instrument which Re-creates all forms of music so perfectly that the original cannot be distinguished from the Re-Creation.

By hundreds of tests, before hundreds of thousands of music lovers, it has been proved conclusively that when an artist sings—or plays—in comparison with the New Edison's Re-Creation of that artist's performance, it is impossible to distinguish the original from the Re-Creation.

The music critics of more than 200 of America's leading newspapers testify to this fact in the columns of their own papers. We shall be glad to show you what the critics say.

Hear this new Invention

Come to our store and let us give you a concert of Re-created music. Come at any time. You will always be welcome. There is no obligation to buy. We merely want you to hear what we consider the world's greatest musical instrument.

THREE ARE SHOT IN FIGHT FOR A HOUSE

Family at Connersville Resists Ejectment With Revolvers.

Connersville, Ind., Dec. 6.—Patrolman Harry Daniels is in a serious condition with a bullet wound in his thigh; Robert Agee, 45 years old, is at the point of death with two revolver bullets in his back, and Agee's 16-year-old son, Carl Agee, is seriously wounded as a result of a pistol battle fought at the Agee home in this city at 7 o'clock last night. Night Patrolman Adams shot the Agees after the father had fired upon Daniels. The shooting occurred when the officers were sent to a house on Eastern avenue to order the Agees to vacate a rented dwelling.

The patrolman had been warned by Agee not to attempt to enter the house. The policeman jumped passed the men as they were barricading the door and attempted to disarm them. Agee and the boy swung around and pointed revolvers at the policemen, while a revolver in the hands of Mrs. Agee was placed against the back of one of the patrolmen.

Officers Clubbing Man.

In the scuffle which followed the officers were clubbing Agee, when he pointed his weapon at Daniels and fired. Just as Agee pulled the trigger Patrolman Adams shot him, the bullets taking effect in his back, one on each side of the spine. Adams then turned upon Carl Agee, who was still holding his revolver, and fired at the younger man. Agee fell to the floor with a bullet in his thigh.

The wounded men were placed in a hospital, where doctors say there is little possibility of the recovery of the elder Agee.

Patrolman Adams announced that he was ready to surrender himself if a charge was filed against him, but Sheriff Hendrickson and Chief of Police Gillespie ordered him to continue his work.

Woman Forgets to Fire.

Mrs. Agee is said to have admitted that she intended to shoot Adams at the same time her husband shot the other patrolman, but in the excitement she failed to pull the trigger of her revolver. She is expected to be placed under arrest tomorrow. Agee, it is said, admitted that he was the first to fire.

The Agees had been ordered by their landlord to move, but they refused to vacate the house. They informed persons in the neighborhood that they would kill the first person who ventured through the doorway. The husband had bought two revolvers and the son also was supplied with a weapon.

BAKERS WILL TEST BREAD ORDINANCE

Say Misunderstanding Has Caused Short Weight Charge.

Miss Understanding, that elusive dame who causes most of the human woes, is blamed for the muddle in which six Fort Wayne bakers find themselves as result of short weight charges brought by City Sealer C. B. Tolan.

Bakers say there was a misunderstanding about the city law and that from council discussions on the subject they thought they would be allowed to cut the bread loaf sizes in order to keep even with the heartless attack of high cost of all baking materials.

The six bakers against whom charges were brought, intend to have the city bread code thoroughly tried out. They do not think the law as it stands now is just. They claim it exposes them to loss which no other trade in Fort Wayne is subjected to.

George Haffner says that the city ordinance is obsolete and does not allow for such soaring prices as hold out today. Haffner virtually drew up the present bread code, but he explains that conditions have changed in the past eighteen years, since he helped form the law.

Cases against the bakers were continued until next Tuesday morning in police court, Wednesday.

Attorney W. N. Ballou will defend the six baking companies. City Attorney Guy Colerick will assist in the prosecution. The cases promise to be stubbornly contested.

"I am doing my duty," Tolan explained, Wednesday. "I am not hunting trouble but as long as the present law stands I want to see it obeyed."

City bakers against whom charges are filed say they would have remedied conditions with proper warning. There was no intention to violate the law, they state. They have given Fort Wayne a better grade of bread and more of it for the money, than in any other city of this size in the country, they maintain.

Tolan charges that bread from Peru is brought into Fort Wayne and sold in the full sixteen ounce loaf for five cents, whereas local bakers charge six cents for a smaller loaf.

NO FLAT BIDDING ON NEW U. S. WARSHIPS

Washington, Dec. 6.—The Newport News Ship Building and Dry Dock company and the Cramps in proposals submitted to the navy today offered to build four battle bruisers at cost plus 10 per cent for profit. The Union Iron works of San Francisco and the Fore River Ship Building company offered to build the ships at cost plus 15 per cent. None of the companies made flat bids.

The Newport News company fixed the time for construction at fifty-one months with the turbo electric propulsion. The Union Iron works and the Fore River company submitted similar proposals for one ship, each to be completed within forty-eight months. They proposed also a sliding scale under which their profits would be increased by speedy construction or decreased by delay.

WHITE IN OPPOSITION.

Washington, Dec. 6.—Compulsory physical examination for wage earners was opposed today by President John P. White, of the United Mine Workers of America, in an address before the conference on social insurance. He said it meant only that those who passed the test would be subjected to greater strain than previously.

GEN. VON MACKENSEN HAS MOVED SWIFTLY

His Campaign in Rumania Almost Unparalleled in History.

With the German Armies Before Bucharest, Rumania, Monday, Dec. 4. —(By Courier to Hermannstadt and Wireless to The Associated Press via Sayville, Dec. 6.)—The armies of Field Marshal von Mackensen and Gen. von Falkenhayn after a campaign the rapidity of which has been almost unparalleled in military history have swept through half of Rumania, have crushed the resistance of the Rumanians at one strategic point after another and now having driven the Russo-Rumanian forces beyond Bucharest, both to the north and the south of the capital, are clamping their tentacles on the Rumanian city from three sides.

Whether the Rumanians will elect to endeavor to defend the fortified capital is a question which the next few days will decide. The Associated Press correspondent was privileged to accompany the forces of von Mackensen and von Falkenhayn in their dash through Rumania. The seeming demoralization of the Rumanian troops in the opinion of German military officers make an atteempt to defend the fortress a desperate venture.

The advance of the Teutonic forces in western Rumania has been so rapid that the military staffs have been forced to change their bases at intervals of only a few days to keep up with the troops and to lay plans for settling in towns not yet captured. A trip of 1,000 miles by automobile in this region just completed by The Associated Press correspondent showed how difficult it is to move as quickly as the invading forces.

The advance, which often has averaged twenty or more miles a day, has been possible mainly for two reasons. First, is the seeming demoralization and lack of leadership of the Rumanians, evidenced by the capture of entire staffs and large sized units, with many guns and much material, by insignificant German detachments which often amounted only to cavalry patrols. Second, is the amazing offensive speed of the Germans which was indicated by the fact that the correspondent frequently close behind the front pressing forward troops which had been seen but a few days previously miles behind in the Transylvanian passes.

APPEAL IS HEARD FOR BARGE CANAL

Washington, D. C., Dec. 6.—The rivers and harbors board this afternoon heard the appeal of the Erie and Michigan deep waterway enthusiasts on the report filed by the army board last summer relative to the construction of the Toledo, Fort Wayne and Chicago barge canal.

The brief prepared by T. E. Ellison, of Fort Wayne, was read by Frank B. Taylor, of Fort Wayne, and he also read one prepared by himself. C. B. Williams, of Huntington, who is a delegate to the congress, also made oral arguments and read a brief before the board. The briefs and arguments ask the board to reject the adverse report, postpone the matter or order a resurvey.

MAY USE AUTO AT HIS INAUGURATION

Wilson to Set Another Precedent—Harper Chosen Inaugural Chairman.

Washington, Dec. 6.—Robert N. Harper, a Washington bank president, has been selected as chairman of the committee to have charge of the ceremonies here next March incident to President Wilson's second inauguration.

Formal announcement of Mr. Harper's selection probably will be made tomorrow. As in the case of Mr. Wilson's first inauguration there will be no inaugural ball, but a reception or some other social affair may take its place. The ceremonies will include a parade. Four years ago the president rode in a carriage drawn by horses, but it is considered possible at his second inauguration he may use an automobile, thus establishing a precedent.

FEDERAL COUNCIL OF CHURCHES UNDER WAY

St. Louis, Mo., Dec. 6.—The third quadrennial convention of the Federal Council of Churches of Christ in America opened here today. Approximately 500 delegates representing 18,000,000 communicants of thirty protestant churches are attending.

Sessions today were largely formal. Election of officers is to take place late this afternoon. Tonight addresses of welcome will be given and Professor Shailer Matthews, retiring president, will deliver the annual address.

CHANCE TO LOOK INTO VOTE FRAUDS IN OHIO

Secretary of State Orders Preservation of Ballots Cast There.

Columbus, Ohio, Dec. 6.—Acting upon the request of Charles H. Hatfield, chairman of the republican state executive committee, Secretary of State Charles Q. Hildebrandt, as chief election officer of the state today requested all county boards of election in Ohio to give opportunity for an investigation of charges of irregularity and fraud.

The charges were filed with Secretary Hildebrandt by the republican state executive committee. After considering for two weeks the question of demanding a recount with a view of possibly offsetting the 6,616 plurality of James M. Cox, democrat, for governor over Frank B. Willis, republican, it was the decision of the republican leaders not to go into the courts and demand a recount at this time, but to appeal to Secretary of State Hildebrandt to request that the ballots be held up until further investigation can be made. Under the law the ballots would ordinarily be destroyed tomorrow at the expiration of thirty days from the election.

State Chairman Hatfield said he had turned over to the secretary of state many affidavits of election officers in which charges of irregularity had been made in counting the vote. Affidavits have been secured in Cleveland, Toledo, Columbus and other cities, it is said. These affidavits will be presented to boards of election in the counties where the charges are made for an investigation.

BONUS FOR COPPER MINERS.

Seventeen Thousand in Lake Superior District to Participate.

Houghton, Mich., Dec. 6.—Approximately 17,000 of the 25,000 employes of copper mines in the Lake Superior district will participate in a bonus to be distributed on the first pay day of 1917. This bonus is an increase of 25 cents over the regular wages for every day to all employes who have worked steadily from July 1 to December 31.

SHOW CONTINUED INCREASES.

Washington, Dec. 6.—Continued increases in the net operating revenues of railroads and express companies were reported today to the interstate commerce commission. Figures from 158 of the principal railroads showed that in October net revenues were $111,850,629, as compared with $100,237,807, a year ago.

The eight principal express companies reported an increase in net revenues from $666,680 in August, 1915, to $1,076,789 in August, 1916.

CASE NEARS COMPLETION.

Buffalo, N. Y., Dec. 6.—The case against John Edward Telper, alleged murderer of his mother and brother, was near a close when the trial was resumed today. District Attorney Guy Moore said not more than five witnesses remained to be called by the prosecution, including Dr. Charles A. Pentz, a blood expert, who examined discolorations on the coat and collar worn by Telper on the night of the murders and the bloody hammer and tire irons with which the murders are alleged to have been committed.

WILL TRY TO SMASH ALL RECORDS IN AIR

Norwegian Comes to Attempt Flight Across Atlantic.

New York, Dec. 6.—Purposing to make a trans-Atlantic flight in an airplane carrying four men, with an attack of Ruth Law's non-stop cross-country record by a flight from Chicago to New York as a preliminary warming feat, Lieutenant Kjil Nycgaerd, a Norwegian, recently of the French flying corps, and Captain Hugo Sundstedt, formerly of the Swedish navy flying corps, arrived here today on the Espagne to begin preparations for their attempts at record smashing.

They said they planned to start their flight across the ocean in April, going first from New York to St. Johns, New Foundland, and thence to some point on the west coast of Ireland. They expect they said, to use a machine weighing ten tons, but have not yet selected the type they will employ, intending to look over carefully all American models. Nyegeard claims to have a flight from Stockholm to Paris to his credit.

RAIL MEN'S PETITIONS IN.

Plea Signed by 300,000 Not Affected by Adamson Law.

Washington, Dec. 6.—Petition in behalf of the 80 per cent. of railroad employes not affected by the Adamson law and signed by 300,000 of them were presented to the senate today by Senator Newlands. The petitioners complained of having been discriminated against and contended congress should extend such legislation to all employes. They favored fixing wages by a federal commission and compulsory arbitration.

Senator Gallinger presented a petition from track men asking to be included in the operation of the Adamson law.

SAVING DAYLIGHT IS EXPLAINED TO ROTARY

R. W. Smith, of Wayne Knitting Mills, Speaker at Noon Luncheon.

R. W. Smith, advertising manager of the Wayne Knitting Mills, explained the plan of daylight saving by setting up the clock an hour (eastern time) before a noon luncheon of the Rotary club, Wednesday. James O. Craig, of Chicago, immediate past president of the Chicago Rotary club, was a guest of the club and spoke. E. C. Miller announced suggestions had been made to him that the Rotarians do something for children on Christmas and it is probable that the club will furnish Christmas cheer for those in need.

The plan of setting the clock to have but 3 hours of daylight before 7 o'clock in the morning and three hours after 6 o'clock in the evening was outlined. On December 22, the shortest day in the year, there are nine hours and four minutes of daylight, and on June 22, the longest day, there are fifteen hours and fourteen minutes of daylight. The plan has been tried in Detroit and Cleveland with success and in a vote taken recently on a continuance of the daylight saving plan (eastern time), the count was 32,000 out of 48,000 for the plan's continuance. Secretary of War Newton Baker, has endorsed the plan as successful in Cleveland.

The only inconvenience in the plan would be to traveling men or out of town buyers, but both classes could easily adjust themselves to the new system of time. Boston and Rochester have both taken an interest in the plan, and in Rochester a vote of forty-two persons showed that twelve favored the plan, fourteen still had it under consideration and two more were against the plan.

Has Many Advantages.

The daylight saving plan is not a scheme to get a one or two hour working day or a way of manufacturing sunlight out of gardens, the speaker said, but he said the added hours of daylight in the evening would encourage persons to beautify their premises and promote better upkeep of property. Since not more than five per cent. of the public is represented in the traveling fraternity, Mr. Smith thought Fort Wayne could easily adjust itself to the daylight saving plan as the travelers could become accustomed to the change of time. The saving in cost of artificial light to the business man was also cited as a result of the daylight saving idea. Cleveland, Mr. Smith said, saved $200,000 the first six months the plan was in operation, and Detroit saved $300,000 the first year.

On behalf of the Chicago Rotary club Mr. Craig extended a hearty invitation for Fort Wayne Rotarians to visit the club at any time and urged a closer relationship between the two clubs. He said the Chicago Rotarians were planning to give 500 or 600 baskets to the poor children of Chicago, and he strongly endorsed the plan of giving Christmas cheer to the needy of Fort Wayne.

ADDRESSES DEFENSE COUNCIL.

Wilson Calls It First Practical Effort for Co-Ordination.

Washington, Dec. 6.—Speaking to members of the national council of defense after its first session here today, President Wilson declared the council represented the first practical effort to co-ordinate the military, industrial and economic resources of the nation. He added that the council should be able to unite the forces of the country for the victories of peace as well as those of war. The president discussed the objects and work of the council informally with the members.

MAY BE INVESTIGATED.

Washington, Dec. 6.—After a conference with President Wilson today, Chairman Henry, of the house rules committee, said he though an investigation would be made by congress of the high cost of living. He declared the president apparently had not finally made up his mind as to what should be done, but was studying the question thoroughly.

LOTS OF LIGHT FOR CHRISTMAS CHEER

More Records Set by Heavy Pull on Electric Power.

Gathering of the Christmas cheer is causing the wheels to turn faster in the power stations of the city light department. Every day, as stores keep open later and show windows are flooded by more light in order to give a more effective sparkle to the displays of gifts, the load on the city light dynamos grows greater.

The new record for the most intensive use of electricity was made on Tuesday, just before seven o'clock. The peak load was 23,050 kilowats.

Tuesday of last week set up a new mark for the heaviest day in the history of the city lights. The mark was 29,700 kilowat hours. The best former record was 28,170 kilowat hours, made on November 23. Best day of last year showed 26,180 kilowat hours. Before Christmas comes another record will be made, Frank Dix, superintendent of the light department, predicts.

Workmen for the light department are installing eleven new arc lights and four alley lights in spots over the city where blackness formerly held sway.

Lots of Chicken-Pox.

Chicken-pox has come to town to damage the school attendance record. Several children are out of nearly every grade school because of the ailment. There have been no serious attacks of the disease so far. Only the inconvenience of being kept in doors and of being "broke out." But all over the city can be found fruits of the scattering of chicken-pox germs. There is little other contagion reported in the city. There are a few cases of whooping cough, six cases of scarlet fever and three cases of diphtheria on record at the health board office.

They Paid Later.

Sheriff Gladieux has just paid over $296 to the city clerk, which is the amount he received from persons who were sent to jail from police court and who decided later to pay a part of their fine rather than stay in jail longer than was absolutely necessary. This amount was for the month of November. The fund, contributed by those who later decide to pay a part of their funds, runs about $3,000 a year.

To Mr. and Mrs. John E. Herbert, 214 West Leith street—a boy.

Building Permit.

Building permit was issued to Peter Schenkel and Son, to erect a dry cleaning plant at 2119-2121-2127 Maumee avenue, at cost of $2,800.

Case of Diphtheria.

Mary Dnure, four years old, 809 Archer avenue, is reported to the board of health to be suffering from an attack of diphtheria.

150,000 AHEAD OF SPRINGFIELD LEAGUE

Red Cross Seals Sales Reach 250,000 Mark on Wednesday.

According to a communication received Wednesday morning by Miss Irene Byrons from the executive secretary of the Springfield, Ill., league, which challenged the local league in the sale of Christmas seals, the Fort Wayne organization is leading by a margin of over 150,000.

The sales Wednesday brought the total up to 249,483. It has been reported that the sale of the seals in the various stores is large. The boy scouts will begin their work next Saturday. The seals will be given them through their scoutmasters.

Those who purchased seals Wednesday are as follows: Five dollar sales—Banner Laundry Co., Fort Wayne Lumber Co., Cigarmakers' union, local No. 37. Three dollars—Deister Machine Co., Pickard House Furnishing Co. Two dollars—Knights of Pythias, Golden's Quality shop, Maumee Dairy Co., Barber's Union, No. 14, H. A. Wiebke, C. F. Bicknell, F. A. FAREWELL BANQUET FOR ELECTRICIANS

A. J. Magley and H. C. Bryan to Be Honor Guests at Elks Temple.

A. J. Magley and H. Clifton Bryan, electrical engineers, the former in the transformer department and Mr. Bryan in the large machine production department of the General Electric works, will be the guests of honor at a banquet at the Elks' Temple tomorrow night, at which there will be sixty plates for as many Purdue and other university graduates employed at the General Electric works. Mr. Magley and Mr. Bryan sever connection with the big works next Saturday and leave immediately to take up other duties. Mr. Magley goes to St. Louis to take a responsible position and Mr. Bryan goes to Benton Harbor, Mich., for a similar purpose. Each has worked at the big plant on Broadway for several years and has made friends of every person with whom they came in touch there and in other circles. The anticipation of pleasure from the banquet is more than offset by regret that these young men are soon to sever associations that have been most pleasant to all.

IS SEVENTY TODAY.

One of the youngest old men in the city today is Rosser J. McClure, of the Bowser works. He is starting on the seventy-first year, but nobody not otherwise informed would suspect it, for he looks like a man of fifty. Mr. McClure has resided in Fort Wayne thirty-one years, except the several years he represented S. F. Bowser & Co. in Kentuck and Great Britain. He came here to take charge of the business end of the Gazette, which was then owned by Prof. N. R. Leonard. Two years later he resigned to engage in business. Twenty-three years ago Mr. McClure became a salesman for S. F. Bowser & Co. and for a few years had territory in Kentucky. Recognizing his abilities, Mr. Bowser recalled Mr. McClure and sent him to London, where he was most successful in handling the company's business. Two years later Mr. McClure returned to America and resumed charge of his old territory in Kentucky. Several years ago he was assigned duties in the main office in Fort Wayne, where he has been ever since. Mr. McClure is held in high regard at the Bowser offices and works and when it became known that this was his birthday he was showered with congratulations.

FOUR ARE INJURED.

Miss Hattie Jorey, who took employment in the department at the General Electric works presided over by Foreman A. T. Kessler yesterday morning, was slightly injured and badly frightened a few hours afterwards. While she was operating a machine the sleeve of her waist was caught in it and the garment torn and her arm cut and scratched, but not seriously. Paul Gensel, of the same shop, was more seriously injured. His left hand was caught in the machinery and a nail of one finger was torn off and the end of another finger was lacerated. Dean Smith, employed in another department of the works, was struck by the ragged edge of a pipe and one of his wrists was cut and bruised painfully, and John Langhor suffered painful burns on one of his hands by an electric flash. Dr. F. J. Scheulz attended all the unfortunates.

ELI SLUSSMAN PROMOTED.

The immense traffic at this point on the Nickel Plate has created a demand for greater yard facilities, and Supt. W. F. Patterson has appointed Eli Slussman as assistant yard master. How long Mr. Slussman will retain the office depends upon the business at the yards, which at present is the heaviest in the history of the company. Mr. Slussman has been employed on the Nickel Plate about twenty-eight years. He began work as a brakeman, but the loss of an arm twenty-five years ago incapacitated him for train work and he became a caller, in which capacity he worked up to the present time.

ONE OF THE BEST MEETINGS.

Nearly the entire membership of the Bowser Efficiency club and a number of others not directly connected with the club assembled in the club rooms at the Bowser plant last night to hear Rev. E. Q. Laudeman and Y. M. C. A. Secretary E. W. Pierce talk. The former spoke on the "Hidden Spring" and Mr. Pierce spoke on Y. M. C. A. matters. Each lecture was exceedingly interesting and was declared to be the best of its kind heard at the Efficiency club rooms this season. The speakers will be asked to repeat their lectures some time during the present club season.

TRAIN LOAD OF OVERLAND AGENTS.

A special train carrying the representatives and agents in Texas of the Willis-Overland Automobile company, will pass through the city over the Wabash early next Monday morning, enroute to Toledo. The train will consist of twelve sleeping cars and a baggage car and will carry several hundred people. It will pass through Fort Wayne on the return trip Tuesday night. The Willis-Overland people are entertaining all their agents, taking them by states, this winter and Monday and Tuesday of next week have been set aside as Texas days.

TO THE KNEIPP SANITARIUM.

Frank Perry, G. R. & I. passenger engineer, who has been very sick at his home on Gay street for several weeks, is to be taken to the Kneipp sanitarium, near Rome City, today. He is very sick with bright's disease and it is hoped that he may find the relief at the sanitarium that he could not get here. Mrs. Perry is also sick at the St. Joseph hospital, with little prospect of recovering. Engineer Perry is a member of the Elks and of the B. L. E. and the membership of those orders are greatly disturbed over his condition.

WILL INSPECT ENGINE WORK.

C. I. Aiken, who has been doing special work in the piece work department at the Pennsylvania shops, left today for Philadelphia, where he will assist Paul A. Meyers in inspecting locomotive construction work at the big Baldwin plant. The Baldwin people are building a number of locomotives for the Pennsylvania company and Mr. Meyers has been directing the inspection part of the work for the Pennsy company for six months and may continue that work for a number of months.

MACHINISTS TO MAKE VISITS.

Machinist E. W. Zimmerman, of the Pennsylvania erecting shop, accompanied by Mrs. Zimmerman, left today for Mansfield, Ohio, to spend some days with relatives and friends. Machinist J. Michales, of the same shop, with his wife, daughter and son, will leave tomorrow for Milwaukee, Wis., on a visit with friends, and Machinist E. E. Beuker, also of the erecting shop, with his wife and daughter, will leave tomorrow for Dayton, Ohio, to visit friends.

NEW EMPLOYES AT 'LIGHTS.

A number of new employes have been enrolled in the small motor department of the General Electric works during the past week. Among them are Miss Lillian Gindlesparger, Miss Bertha Lange, Miss Mollie Harris, Miss Vivian Raudabaugh and Henry Marsh. Miss Raudabaugh is a clerk in the assembling department. The others are employed in the machinery department.

THIEVES GOT ONLY $1.40.

The thieves who stole the American Express company's safe from the depot at Montpelier, Ind., a few nights ago, were not very well paid for their trouble. The safe contained $400 worth of traveling checks which are worthless until signed and stamped, and $1.40 in cash. The safe was taken through a window and it has not yet been recovered.

PLENTY OF WORK; SHORT ON HELP.

"We have lots of work and not sufficient force to do it," was the way William J. Welch, general foreman of the Wabash shops, answered an inquiry for news this morning. "We are particularly short on machinists," continued Mr. Welch. The shops are being operated full time and some of the departments are running at night.

J. F. BETTS RETURNS.

Division Operator J. F. Betts, of the G. R. & I., was in his office again this morning, after a vacation trip to the east covering a period of ten days. He was accompanied by Mrs. Betts and they visited a number of the important cities in New York and Pennsylvania.

RETURNS TO THE WABASH.

Charles Grimes is again an employe at the Wabash blacksmith shop, under Foreman C. L. Hepp. Two years ago he resigned there and took employment with Blacksmith Foreman H. C. Lepper at the General Electric works and this morning he resigned and returned to the Wabash.

NEW AGENT AT DIXON.

A bulletin issued by Supt. Otto Schroll, of the Pennsylvania, states that C. J. Turney has been appointed freight and passenger agent at Dixon, Ohio, for the company. He succeeds J. R. Pett, who is promoted and transferred.

AT TERRE HAUTE ON BUSINESS.

B. F. Sarver, general foreman of the boiler department of the Pennsylvania, will return from Terre Haute tonight. He went there two or three days ago on business for the Pennsylvania company.

MR. STOCKER SICK.

H. E. Stocker, the head of the production department at the General Electric works, is suffering severely with the grip and has not been able to get to his office for two or three days.

INDUSTRIAL NOTES.

Nickel Plate Conductors C. F. Goodyear and M. Compton are sick and off duty.

Scott Bell took employment in the punch press department of the General Electric works this morning.

Engineer H. L. West and Fireman M. Rockwell are taking a lay off, the latter to go hunting.

D. J. Trail, traveling passenger agent of the Union Pacific road, was in the city today.

J. A. Fox, Nickel Plate fireman, reported yesterday, after a few days lay-off for rest.

W. Thielker, of the Pennsylvania boiler shop, is off duty on account of the funeral of a relative.

E. C. Hake, who was sick a few days, resumed work at the Pennsylvania machine shop this morning.

Pennsylvania Machinist W. J. Farnan, of the lathe room, will spend the latter part of the week with friends at Warsaw and do some rabbit hunting.

Ray Kemp, who was off duty yesterday to move his family into new quarters, resumed work at the Pennsylvania shops this morning.

Donald Damon was kept from his duties as messenger in the distribution department of the General Electric works by sickness yesterday.

Walter Collins, who had been in Montana two or three weeks, resumed work in the drafting department of the General Electric works yesterday.

I. B. Ehringer, sick for six months, was able to report for work in the Pennsylvania boiler room this morning.

Mr. and Mrs. E. E. Richey will spend the week-end at Crestline, O. Mr. Richey is employed as a Pennsylvania machine operator.

Passenger Engineer George W. Kensill, of the Pennsylvania, is confined to his home by illness. His condition is not serious.

Nickel Plate Fireman F. W. Leidolf, who had been disabled by an attack of rheumatism a week, reported for work yesterday.

Mrs. Pansy Friecke, of the small motor production department of the General Electric works, is off duty on account of sickness.

Fireman A. S. Ayers, of the Pennsylvania, who was taken sick early in October, was able to resume his duties on the road this week.

John Marrs and Lawrence Lachlan, of the punch press department of the General Electric works, are off duty on account of sickness.

Frank Hoffman, of the small motor department of the General Electric works, is the proud father of a bouncing baby boy.

G. T. Holden and his bride have returned from their wedding trip and he reported for work as fireman on the Nickel Plate yesterday.

Foreman Harry Emerson of the lathe department of the Pennsylvania machine shop and Mrs. Emerson will visit Chicago the latter part of the week. He will take a look at the fat stock show.

George Schmidt, a cabbuilder at the Pennsylvania shops, is disabled by a lame foot and may not be able to work for several days. The member was not injured.

Anthony Hanger, assistant yardmaster of the Nickel Plate, has been in Cleveland, his former home, for two or three days, visiting relatives and friends.

E. H. Beyers, who had a foot injured while at work in the Pennsylvania car machine shop three or four weeks ago, has recovered sufficiently to resume his duties this morning.

Walter Nejmeyer, clerk for Foreman F. A. Opatz, of the Pennsylvania blacksmith shop, found a neckpiece such as women wear, on the sidewalk a few days ago.

A. C. Williams, traveling freight agent of the Canadian Pacific company, called at the General Electric works and other industries today in the interest of his company.

O. C. Wright, assistant motive power engineer of the Pennsylvania, who is engaged in special work at Cleveland, spent the day in his office, leaving this evening for Cleveland.

No. 9 on the Wabash this morning carried two baggage cars and a coach extra out of Fort Wayne to accommodate the "Katinka" company, fifty-four people, who were taken to Kokomo.

Engineer Peter O'Hara, who was sick a few days, is again at the throttle of an engine pulling a local train between Lima and Crestline. He is a Fort Wayne man, being transferred to the Crestline local several months ago.

Mrs. J. W. Donivan, who has been with her sons in Portland, Ore., several months, will not return here until the holidays. Her husband, Conductor Donivan, will not go to Portland this winter. He was out there last spring.

Passenger Engineer E. W. Crosby, of Nickel Plate trains 1 and 4, has returned from Akron, Ohio, where he and Mrs. Crosby went several days ago to attend the wedding of a relative. He resumed work on the road yesterday.

Mr. and Mrs. Louis Walbright, retired farmers, have returned to their home in McCool Junction, Neb. Mrs. Walbright is a sister of Henry Uhlenhake, the Nickel Plate caller, and she and her husband were visiting at the Uhlenhake home three weeks.

Ed Dailey, of the General Electric works, requests the statement that he was not the man arrested for playing craps in the lumber yards of the Gilmartin company last Sunday. Some fellow used his name, much to the annoyance of Mr. Dailey.

Machinist William F. Meyer, of the Pennsylvania tool room, received news through the mail yesterday of the birth of a son to Mr. and Mrs. Max Carry, of Pittsburg. The happy father is a former student of Concordia college and was one of the best players in the college ball team. Last season he played left field with the Pittsburg National team.

Grover Blair, assistant to his father, Track Supervisor R. A. Blair, of the Nickel Plate, had an unpleasant experience in a "speed" trip to Claypool, Monday. He was following a freight train, which stopped out on the road. Just at that moment it began to rain and for an hour there was a downpour little short of a cloudburst. He was soaked to the "hide" when he reached Claypool and his usually good nature was considerably ruffled.

Yesterday was the ninety-first anniversary of C. B. Seibts and the day revived in the memory of John Franke, machinist at the Wabash shops, the fact that fifty years ago he worked in the Rock Island shops at Twelfth and Clark streets, Chicago, when Mr. Seibt was the shop storekeeper. Mrs. Seibt, who is also living, is eighty-five years old and the aged couple are still quite active. They reside with their son, William Seibt, a toolmaker at the Bowser plant, at 2919 Lafayette street. Louis Seibt, general foreman at the Fort Wayne Foundry and Machine works, is also a son of the aged couple.

SHOULD MAKE A MILLION FOR HIM

Cincinnati man discovers drug that loosens corns so they lift out.

Local druggists are having a tremendous call for freezone, the drug which is said to shrivel a corn, root and all, without any pain.

A few drops applied directly upon a tender, aching corn relieves the soreness at once, and shortly the entire corn, root and all, lifts right out with the fingers.

This new drug is being dispensed at small cost in quarter ounce bottles, which is sufficient to take off every hard or soft corn from one's feet. It is a sticky substance which dries at once, and does not inflame or even irritate the surrounding tissue or skin. There is no excuse for anyone inviting death by infection or lockjaw from cutting their corns now.—Advertisement.

SAYS TWELVE MEN FIX FOOD PRICES

Have Grip on the Entire Country, Mr. Hartigan Declares.

New York, Dec. 6.—It appears that twelve men in this city are so manipulating the food market that they establish prices for the entire country, Joseph Hartigan, commissioner of weights and measures, said today in a statement recommending the calling of a federal grand jury to investigate the situation with a view to indicting men who might be guilty of maintaining an excessively high cost of living.

Mr. Hartigan added that during the past twenty-four hours 7,000 letters had reached him from persons in all parts of the United States indicating a concerted drive against inflated prices. Joan I. Dillon, state commissioner of foods and markets, said he had written President Wilson suggesting national legislation regulating cold storage and urging standardization in packing and freight rates.

ADDITIONAL CHURCHES

Hold Annual Banquet.

The Men's Bible class of the First Evangelical church will hold its annual banquet Thursday evening in the parlors of the church. B. F. Bennett will preside as toastmaster. The program includes three talks, "Preparation," by Willis Heit; "Concentration," by Prof. F. R. Neff, and "Realiation," by Rev. E. Q. Laudeman; a reading by Harry Bennett, and a few selections by the Sahara quartet. The committee in charge of the banquet is composed of George Prouwer, Oscar Augspurger and Tom Hazelette.

Ribbon Rose Gift a Christmas Idea

SUPERB SATIN BLOSSOM.

(By Biddy Bye.)

The ribbon flower which was photographed measures four inches across. The petals surround a bag of violet sachet powder. Ribbon flowers with bag centers are also used for lavender leaves and powder puffs.

Flat flowers of the same design, but having stamens in the center make fascinating adornments for petticoats, matinees and dressing sacques.

DULUTH STARTS EGG BOYCOTT.

Will Abstain From Use Through Month of December.

Duluth, Minn., Dec. 6.—A boycott on eggs until January 1, 1917, save for use of infants, invalids and elderly persons, was instituted today by the Duluth Consumers' League and the Duluth Housewives' League. An effort to extend the ban to potatoes failed of adoption at a meeting of the leagues last night.

MORE BRITISH GOLD HERE.

About $14,000,000 in New Shipment from Canada.

New York, Dec. 6.—Additional receipts of British gold from Canada were announced by J. P. Morgan & Co. today, $3,000,000 being sent to the assay office and $14,000,000 to the Philadelphia mint. This makes a total of about $25,000,000 received thus far this week and a grand total from all sources thus far this year of about $548,000,000.

NEWS OF FORT WAYNE'S NEIGHBORS

WRECK ON CLOVER LEAF.

Bluffton, Ind., Dec. 6.—Seven cars of costly merchandise were piled up Tuesday afternoon at a point a mile east of Bluffton, just beyond Buttermilk cut, when the first section of west-bound freight No. 41, a fast merchandise train, was wrecked. The cause of the wreck is unknown, according to members of the crew, who said that the third car from the engine left the rails and the other cars piled up on top of it just as the engineer was slowing down for the curve through Buttermilk cut. One brakeman was riding with the engine crew and the others were in the caboose, and there were no casualties. The contents of the cars was all valuable freight including a carload of Diamond automobile tires from the Goodyear Rubber company, at Akron, and a part of a carload of steel tubing. The cars were all badly torn up and one of them which struck a big elm tree at the side of the track was split from end to end.

EYE BADLY INJURED.

Montpelier, Ind., Dec. 6.—Era Farr, who is employed at the steel mill in the chipping room met with an accident Tuesday morning about seven-thirty that may cause him the loss of the sight of his left eye. Mr. Farr and another workman were working on a large casting when the accident happened. Mr. Farr was holding the cutting hammer while his partner was doing the sledging. When the piece of steel they were cutting off came loose, striking Mr. Farr inthe face with the above results. Mr. Farr was taken to a local doctor and went to Hartford City in the afternoon to consult an eye specialist as to how bad his eye was hurt.

BOY BADLY SCALDED.

Delphos, Ohio, Dec. 6.—Paul, the little four-year-old son of Mr. and Mrs. William Dienstberger, East Fifth street, was the victim of an accident Monday evening at his home when he was quite badly scalded. The little fellow was playing under a table, when his mother passed through the room with a pan of boiling water. Paul crawled from under the table and raised up just in time to strike the pan in his mother's hands, upsetting it, the boiling water striking him fairly.

WILL CELEBRATE ANNIVERSARY.

Columbia City, Ind., Dec. 6.—Wednesday evening, Dec. 13, occurs the seventh anniversary of the Red Men order of Columbia City and preparations are being made to celebrate the event with a big feast to be held in their wigwam. Clifford E. Crawford, great sachem of the Improved Order of Red Men of Indiana, of Frankfort, will be here and deliver an address. Each member is requested to bring a gentleman friend with him to enjoy the occasion. The weather permitting, a parade is contemplated.

NO DIVIDENDS DECLARED.

Kendallville, Ind., Dec. 16.—Stockholders of the Eastern Indiana Agricultural association, at the thirty-fourth annual meeting Monday afternoon, decided that it was best to keep a little money on hand for a rainy day, rather than declare a dividend of five per cent, and slice the small melon among the several hundred stockholders. The balance on hand at the close of the thirty-fourth exhibition according to the annual report of Secretary Brouse, was $1,638.11.

NO CHAUTAUQUA.

Hartford City, Ind., Dec. 6.—There may be no chautauqua in Hartford City this summer. The meeting called for Tuesday morning at J. M. Bonham's office was attended by three people besides Ames Knox, of Danville, Ill., representing the Lincoln Chautauqua company. It was decided to do nothing with the matter at the present time. John C. Moore, Enos Cole and J. M. Bonham attended the meeting.

FOLLOWS HUSBAND TO GRAVE.

Auburn, Ind., Dec. 6.—Mrs. Harman Luce, of North Van Buren street, passed away at 11 o'clock Tuesday afternoon, death resulting from a complication of diseases. At the same hour on November 3, Mr. Luce died. Mrs. Luce was born in Broom county, New York, February 15, 1835. About two years ago, she and her husband moved to this city from their farm home east of Auburn. They had lived there forty years.

FIVE NEW POSTMASTERS.

Washington, D. C., Dec. 6.—Congressman Cyrus Cline, of the Twelfth Indiana district, has recommended the appointment of five postmasters as follows: Claude L. Carpenter, at Pleasant Lake; Fern Dolan, at Avilla; John Jennings, at Rome City; Frederick Werner, at Orland, and George W. Stout, at Hamilton. The officers named were recently advanced from the fourth to the third class.

FOUND DEAD IN BED.

Portland, Ind., Dec. 6.—John S. Bell, aged seventy-eight years, was found dead in bed at his East Main street home on Tuesday morning. The aged man, who had not been in the best of health for some time, ate a hearty supper and retired about eight o'clock. At five o'clock Tuesday morning he was found dead by his daughter, Miss Emma Bell, death having occurred five or six hours previous.

BUSINESS MEN ORGANIZE.

Lagrange, Ind., Dec. 6.—The business men of Lagrange have formed a business men's organization with George Timmis chairman of the executive committee. Other members of the committee are: C. A. Walb, Fred H. Elsner, James K. Duff, Dr. C. C. Rozelle, Joseph T. Cosgrove and C. H. Smith. Arrangements are being made to give a smoker and banquet on New Year's night.

Dr. W. E. Lugenbeel and Miss Emma S. Wyman, formerly of the faculty of Winona college, are members of the faculty of the Muncie National Institute, a training school for hotel cooks, managers and other members of the staff of a first-class hotel. Dr. Jonathan Rigdon is managing president.

BIDS ARE OPENED FOR BIG BATTLE CRUISERS

Largest and Swiftest Fighting Craft Ever Built, is the Plan.

Washington, Dec. 6.—Bids for the four battle cruisers authorized at the last session of congress and the first vessels of this type to be designed for the American navy were being opened today at the navy department. The ships will be the largest and swiftest fighting craft ever built, so far as American officials know. They will have a maximum horsepower of 18,000, which is expected to drive them faster than 35 knots an hour, as against less than 30 knots for the fastest European battle cruisers now afloat. When fully loaded they will displace more than 32,000 tons, will be 850 feet long and each will carry ten fourteen-inch long range guns.

Congress authorized six of the shops to be built within three years as a flying wing for the fleet.

As they are an absolutely new design, only a tentative estimate of cost was possible, the completed price being fixed at approximately $21,000,000 per ship. The limit of cost for hull and machinery is set at $16,500,000 per ship, but the department is authorized to have them constructed on a cost and percentage of profit basis, if straight bids are not satisfactory. There are not more than five building slips in the country now large enough to accommodate vessels of this size.

RECRUITING RESULTS.

Most Satisfactory to Capt. T. F. Ryan Since Coming to City.

Capt. T. F. Ryan expects Fort Wayne to be fourth in the ranks of recruiting results when figures of the United States are tabulated. Since coming here Capt. Ryan has set quite a record for recruiting. He expects to see the time when 200 a month will be enlisted. So far in December twenty-eight have been enlisted.

Men enlisted and sent to the Columbus barracks during the last few days are: Cecil A. Ditlow, Hobart; Bert Berryman, Kewanna; Herbert H. Bennett, Fort Wayne; Louis G. Ditton, Fort Wayne; Frank Daniels, South Bend; Glenn Ferguson, Marion; Oscar F. Beers, New Philadelphia, O.; Earl E. Whitford, Calidonia, Mich.; Otto H. Hinkson, Warsaw; Noble L. Britt, Fairmount, Ill., and John W. Oetting, Fort Wayne.

FIRE IN COAL SHED.

Fire of unknown origin burned a part of the coal shed at the rear of the Amos Lauer home, 1916 Smith street, Tuesday evening. Firemen were called. Damage is placed at $10. Smoke from a chimney, which burned out, called firemen to 1223 Spy Run avenue at six o'clock, Tuesday night. There was no damage.

Uric Acid-Poisoning!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric at any drugstore and get relief from the pains and ills brought about by uric acid.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an Anuric tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs.

Step into the drugstore and ask for a 50-cent package of Anuric, or send Dr. Pierce 10c. for trial pckg. Anuric—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you. —Advertisement.

Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

GIRLS! ACT NOW!

HAIR COMING OUT MEANS DANDRUFF

25-cent "Danderine" Will Save Your Hair and Double Its Beauty.

Try This! Your Hair Gets Soft, Wavy, Abundant and Glossy at Once.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first — yes — but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adververtisement.

FREIGHT CLERK UNDER ARREST.

Seymour Man Charged With Theft of Carload of Wheat.

Seymour, Ind., Dec. 6.—Maurice H. Michaels, 27 years old, was arrested yesterday charged with stealing a carload of wheat valued at $1,600. Michaels, while freight clerk for the C. I. & S. railroad, is said to have rebilled a car in transit, using his name as the shipper and then trying to collect from a Louisville commission firm to whom the wheat was sent. He failed to collect and disappeared. His arrest followed his return.

MUST SHORTEN STOCKINGS.

Chicago, Dec. 6.—Stockings must be made shorter in order to effect a saving in materials or hosiery prices will make further advances, according to C. P. Carter, of Philadelphia, so the National Association of Hosiery Manufacturers say. Members of the organization debated last night whether to shorten the stockings or add another fifty per cent. to the recent twenty-five per cent. jump in values.

SAYS WE BECOME CRANKS ON HOT WATER DRINKING

Hopes Every Man and Woman Adopts This Splendid Morning Habit.

Why is man and woman, half the time feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice the drinking of phosphated hot water before breakfast, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons in the bowels which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system. Fourteenth Annual Event at St. Paul Next Month—Sport Dope.

St. Paul, Dec. 6.—Present and past national champions are expected to compete in the fourteenth annual meet of the National Ski association here in connection with the St. Paul outdoor sports carnival, January 29 and 30.

Askel H. Holter, who is in charge of the entries, has received those of Ragnar Omtvet of Chicago, who last winter leaped 192 feet; the Haugen brothers, Thorlief Knudsen of Milwaukee, who holds the Swiss honors; Barney Reilly and the Hall brothers of Detroit, who will represent St. Paul in the meet.

Detroit, Dec. 6.—Marty Kavanagh, utility infielder of the Cleveland Americans, is keeping in condition this winter by playing basketball with a local five. Poor condition was responsible for his indifferent showing with Detroit last season, Kavanagh believes.

Ann Arbor, Mich., Dec. 6.—South African students of the University of Michigan have petitioned the faculty to allow their rugby team to make a trip to the Pacific coast during the Christmas holidays. The team is anxious to meet crack organizations in California.

Ann Arbor, Mich., Dec. 6.—Gordon French, of Coleman, Mich., has been elected captain of the 1917 football eleven of Alma college. He has been a star tackle for three seasons.

Ann Arbor, Dec. 6.—Sharpshooters of the University of Michigan will start their season late in January. Thirteen matches have been arranged with some of the best college teams in the United States.

Detroit, Dec. 6.—Sport writers will score games from the top of the Detroit American league grandstand next season for the first time. Ever since Navin field was built the press stand has been on the ground directly behind the catcher. Although few foul balls have torn through the stout wire netting, many have struck it within a few inches from the writers' noses. Now and then writers who refused to dodge the whizzing missles have won the red badge of courage.

Northfield, Minn., Dec. 6.—Erwin Dunphy, of Little Falls, who has been elected captain of the 1917 Carleton college football eleven, has been one of the mainstays of the team for the last two seasons. He played halfback originally, but was transferred to quarter this fall.

Albion, Mich., Dec. 6.—The Albion college football squad has elected Joseph A. Baldwin, of Flint, captain of the 1917 team. Stanley H. Bunter, of Morley, Mich., was chosen track captain.

East Lansing, Mich., Dec. 6.—The Automobile club of Lansing has been adopted by the Michigan Agricultural college as the foster father of M. A. C. athletics. The club has agreed to assist in a campaign to attract athletes to the local institution. It is understood that an indexed record will be kept of every promising Michigan high school athlete. Letters will be written to these youths urging them to enroll at M. A. C. It is quite probable that the automobile men will offer summer positions to some of these students. The Automobile club includes several prominent Lansing manufacturers.

Milwaukee, Wis., Dec. 6.—Eau Claire normal and Stout institute have been admitted to the state normal school conference, making a ten school circuit.

The annual basketball meet will be held at Menominee, Wis., March 21, 22 and 23, under the auspices of Stout institute.

Each school will hold an elimination March 8, 9 and 10—the winner to compete at the meet for the title.

The third annual track meet of the normal schools will be decided at Whitewater, May 28.

George Cordeal, Stevens Point, has been named secretary of the conference, vice W. E. Schreiber, Whitewater, resigned.

Chicago, Dec. 6.—Johnny Coulon, former bantamweight champion, has saved his ring earnings to invest in real estate. The diminutive Chicagoan recently sold a twenty-four apartment building for $67,500 and purchased a new home for his mother.

Coulon does not consider himself through with the ring and plans to engage in a series of contests this winter. He has been offered a match in Liverpool, England, with Jimmy Wilde, the British 112 pound champion, and may accept.

WILLARD-CARPENTIER BOUT HAS SPONSORS

Anne Morgan and Elizabeth Marbury Will Handle Funds for French.

New York, Dec. 6.—The proposed ten-round no decision boxing bout between Georges Carpentier, heavyweight champion of Europe, and Jess Willard, the American champion, has among its sponsors Miss Anne Morgan and Miss Elizabeth Marbury, it was learned today. Miss Morgan is treasurer of the American fund for the French wounded under the auspices of which it is hoped to bring Carpentier here. Miss Marbury, who is also activeley interested in the French fund, said that her interest in the proposed bout was solely to see that the $50,000 which she hopes the fund would receive from the proceeds was properly handled.

"Miss Anne Morgan and I willingly consented several weeks ago when approached on the subject to see the funds, whether amounting to this sum or more, be forwarded to France for the purpose intended," Miss Marbury is quoted as saying. "Georges Carpentier is badly needed at the front these days, for his duties are such that his place would be hard to fill. It will take much effort if French officials are finally prevailed upon to extend him leave, although they may be told that a few months here would mean much for French women and children. If he finally does come over and the bout is held the public can be assured that the money contributed through the purchase of tickets will be used for the purpose stated. That, I wish to repeat, is the only reason Miss Morgan and I are interested at all in the proposition."

GIRL FIGHT MANAGER TAKES BROTHERS OVER SEAS TO BOX!

BY PAUL PURMAN.

A trip to Australia as manager of her two boxer brothers is the latest stunt of Miss Elizabeth Tucker, only woman manager of glove artists in the world.

Lonnie and Frankie are the brothers, but they probably would be stalled on the path to fame if it wasn't for their vivacious sister, who admits they are the best 125 kayo manufacturers in captivity and is always willing to back them with a portion of her not insignificant roll.

Miss Tucker has already started on her Antipodean trip. She expects to stop on the coast for a little time before chasing her brothers up the gang plank and bribing the steward not to feed them dainties not usually found on training tables.

Miss Tucker is in the boxing game because she likes it and because she believes her brothers have futures.

"Why shouldn't a girl manage a fighter?" she questioned. "I have to look after my brothers anyway and what's the difference if I manage them or let someone else do it. I think my interest in them makes me the proper person to do it."

Miss Tucker probably has more activities than any woman of her age in the world. She is 21.

Beside managing her brothers, she rides the range on her own ranch, which she manages capably, is an expert politician and was a delegate from Oklahoma to the progressive convention for Roosevelt. She recruited a squadron of cavalry for border duty and was ready to go to the front herself in case of war.

DARCY A STOWAWAY.

San Francisco, Dec. 6.—Reports that Les Darcy, sensational Australian middleweight, had left Australia, were strengthened by statements made by George Chip, American boxer, who returned Tuesday on the steamer Sierra from the Antipodes.

Chip said Darcy disappeared the day he was scheduled to box Chip a second time. He was supposed to have stowed away on the steamer Hattie Luckenbach, which sailed from Sydney October 28 and which is due at Valparaiso, Chile, in a few days.

Chip says Darcy left Sydney with an American racing man and that he will go direct from Valparaiso to New York. He will not be permitted to return to Australia.

Feds Sign Portland for New Years Game

The Lyceum Feds have signed the Portland city team for a game to be played here New Year's evening. The Portland team is a fast aggregation and will probably make the Feds open up considerable to beat them. They play the Ansonia, Ohio, team at Portland this evening and the Buckeye team is touted as one of the best outfits from that state.

The Feds have a gang of good material this year, working out under Deac Jones, and although they're not saying much as yet, they have their eyes on several teams around the country which they are going to work hard to beat. Al Freeney's Em-roes are going to get a great reception in this city when they show up on their tour, and they will probably have to play about four teams in the city before they get out. Anyway the Feds are going to play them and are even talking about giving them a trouncing.

NOTRE DAME SCHEDULE.

Notre Dame, Ind., Dec. 6.—While the schedule of the basketball season at Notre Dame is not as conspicuous as it has been in the last few years, it will be hard for the South Benders. Teams such as Purdue, Wabash, DePauw, and Michigan Aggies are the stumbling blocks on the schedule. Following is the schedule:

Dec. 15—Purdue at Lafayette.
Jan. 11—West Virginia at Notre Dame.
Jan. 13—Beloit at Notre Dame.
Jan. 17—Kalamazoo college at Notre Dame.
Jan. 20—Lake Forest at Notre Dame.
Jan. 24—Kalamazoo at Notre Dame.
Jan. 27—M. A. C. at Lansing.
Feb. 3—Dubuque at Notre Dame.
Feb. 6—St. Viator at Notre Dame.
Feb. 9—Wabash at Notre Dame.
Feb. 14—M. A. C. at Notre Dame.
Feb. 22—DePauw at Notre Dame.
Feb. 23—Wabash at Notre Dame.
Feb. 24—Franklin at Franklin.

ANOTHER SIDE TO THE PRO CIRCUIT SUBJECT

Plan Would Be Failure for Fort Wayne Team—Ed. Davis, Promoter.

Any plan to organize a football league in which the Fort Wayne Friars are included will promptly be snown the door in this city, according to the latest word from the source of all football news in town. Although the league would be mighty popular under some systems, if the games were played on a regular league schedule the team would necessarily be out of town one-half of the time. This side of the proposition does not appeal to the local fans at all. If the promoters are so anxious to hvae the Friars in the circuit that they will do anything to secure them, they might start by promising the loca lofficials that they can play all games on the home lot.

Here's the real dope on the circuit. Wherever the idea may have sprung from, the promoting at the present time is being done by Ed Davis, captain and coach of the Pine Village team, and Henry Morrow, manager of the Hammond outfit. It is to be an eight-team league, rather than a four-team, Pine Village, Hammond, and the Friars, furnishing the big noise and the reputation. Other cities being included are Terre Haute, Marion, Lafayette and Muncie. Salary and player limits will be established exactly as is done in the baseball leagues. The players allowed ecah team will be eighteen.

If this league is organized it will be the only professional state football league in the country. The chnaces are, however, that a pretty tempting proposition will have to be held out to the Friar bosses before they nibble. The local crew has a chance to break into the best circles of the game next year and the managers are going to be shown something worth while bfeore they give up this chance. Anyway, there will be a meeting in Indianapolis next week to work uot some plans for the organization and the Friars don't have to worry till they see what happens down there.

Payne the Attraction at Concordia Friday

The Payne Independents will furnish the oppostion to the Concordians at the collegians' battleground Friday evening. The two teams are old rivals and have always put up hard games against each other in their former clashes which have come to be annual events.

A preliminary will be played by the second team of the college against any team which may respond to the challenge which they sent out.

TOLEDO TO PLAY FOR NATIONAL PREP TITLE

Scott High Meets Haverhill for Interscholastic Championship.

The football season is not over ever though the western, eastern and southern championships have been decided.

One of the big games of the season will be held December 9 when Scott high school of Toledo and Haverhill (Mass.) high school play for the national interscholastic championship.

The Toledo team is one of the strongest the middle west has ever sent into the east after the title. Coached by Tommy Merrill, former Pennsylvania star, the Toledoans have a clean slate this year, having piled up 483 points to their opponents 18.

The Central team of Detroit, champions of Michigan and Indiana; Freeport, champions of Illinois, and Erie, champions of New York and Pennsylvania, were all defeated by large scores.

The Scott team is cosmopolitan. Sons of rich and poor men play side by side in the line up and the two individual stars are as far apart socially as day and night. One is the son of a saloonkeeper and the other a grandson of a millionaire manufacturer and a leader in Toledo society.

The winner of the Toledo-Haverhill game probably will go to the coast for a game with the Pacific champions during the Christmas holidays.

WEEGHMAN WANTS DAY FOR LADIES

Urges National Owners to Sanction Regular Day Each Week.

Chicago, Dec. 6.—Charles H. Weeghman, president of the Chicago club of the National league, is prepared to urge national league owners to sanction ladies' day at the annual meeting of the league in New York next Monday, he said today. One day a week, at which women are admitted free to the ball parks, is an essential, especially in cities where the practice is followed by the American league, in the opinion of Mr. Weeghman.

"I do not intend to request the league to set aside any particular day," he said. "That should be decided by the owners. The attendance of the ladies should be appreciated, however, and I believe the plan is an important one."

HIGHEST PRICE EVER PAID FOR SHEEP PELT

Exceptionally Large Skin Brings $3.90—Markets Quiet.

According to I. Weil the largest sheep pelt ever purchased in Fort Wayne was bought by his firm Wednesday morning for $3.90. He states that he is sure this is the highest price ever paid for a skin in this city. The pelt was also of good grade and in fine condition. A farmer of Allen county sold the pelt to the Weil brothers.

Although there was a change made in the live stock markets Tuesday afternoon, Fort Wayne dealers quoted the same price as the day before. The price has had a tendency to go up but no effect has been felt in this city.

Corn prices are continuing to drop and it is the opinion of many dealers that before the close of the week the price will have dropped to 80 cents a bushel. Oats prices are also on the decline. The money scare in New York is held responsible for the fall.

Wheat remains firm. No intimation can be given which direction the price is drifting.

Eggs and butter held out for the same price as quoted on Tuesday. It is evident, however ,that the demand has decreased to a great extent.

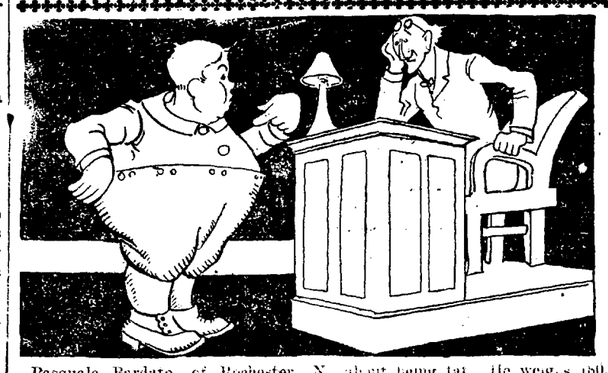
COURT DECIDES TOO FAT FOR SCHOOL.



Pasquale Bardato, of Rochester, N. Y., is so fat and heavy he couldn't fill a seat in school, so he had to quit and go to work.

When brought to court Pasquale told Justice Gillette the boys "kidded" him about being fat. He weighs 180, measures 4 feet 11 inches and is only 15 years of age.

Justice Gillette decided the boy was not a truant and let him work for his father.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Dec. 6.—A general rush to buy wheat today resulted from the big export business this week estimated at 4,500,000 bushels. There also were advices that the purchasing of American and Canadian grain for some of the belligerent countries was likely to be much increased. Opening quotations here, which were 7/8c to 2c higher, with May at $1.77½@1.79 and July at $1.47¼@1.48, were followed by a sharp further advance.

Scarcity of rural offerings had a bullish effect on corn. After opening ½c off to ¾c up, the market scored a decided general upturn.

Oats developed formness in sympathy with other cereals.

Higher quotations on hogs and grain carried provisions up grade.

THE DAY ON WALL STREET.

New York, Dec. 6.—Specialties and utilities were again the conspicuous features of today's initial dealings at gains of 1 to almost 2 points. American Woolen, United States Rubber, Texas company, Butte and Superior, Barrett company, American Car, Ohio Gas and Western Union led the the movement, together with shipping shares, Pressed Steel Car, Crucible Steel and less prominent industrials and equipments. United States Steel was unchanged at the outset, but soon gained a substantial fraction. Minor rails were less active, though firm with a 3 point rise in Lake Erie & Western preferred. Coppers moved within narrow limits.

Pressure from professionals and rigid money rates caused the recession of 1 to 1½ points in the first hour, selling concentrating upon steel and other leaders. The movement was without much effect in other quarters, some early gains being materially augmented, notably in low priced rails and specialties, comprising the rubber and sugar groups. Missouri Pacific issues were strong and active. On their rebound the market became relatively dull, a 60 point decline in General Motors and an advance of 9 points in Owens bottle machinery furnishing the sole diversion. International bonds were again offered at slight con-

Automobiles and Sundries

A $361 car, plus $15 freight, plus $100 for electric starter, plus $13.70 for changing from 3-inch to 3½ inch tires, and, if you want demountable rims add about $20 more. Shock absorbers would cost another $10 to $20; a mohair top costs $25 to $30. Oh, yes, a ventilating wind shield is $10. Change your lamps for lamps with dimmers is another outlay of $6 or more. Now you have parted with about $550 and still have a $361 car, without a speedometer. So, why not buy a

MAN WHO USED KNIFE GETS HEAVY PENALTY

Two Women Identify Him as Having Annoyed Them.

Paul Martens, 22, muttered protests and mild oaths when led to the big cell in the city hall after being fined $10 and costs and sentenced to 120 days at the state farm, in police court Wednesday morning. He was convicted on a charge of assault and battery on Henry Firestine, but fact that he had been identified by two women, who said he annoyed them on Monday evening, was a contributing factor in determining his sentence.

Martens cut the overcoat of Henry Firestine in several places when Firestine asked him about running after and frightening small girls on Butler street, Monday evening. Martens pleaded guilty to the charge of attack on Firestine, but said he thought the man was about to hold him up.

Two women are claimed to have identified Martens as the man who followed them on Butler street, early Monday evening. One woman said that Martens caught hold of her dress when she turned in at the door of her home.

Pay for Riot Call.

Riot calls come dear in Fort Wayne Very seldom is one turned in. Four negroes, two men and two women, joined in an attack on Patrolman Collins, at the corner of Lewis and Calhoun streets, Tuesday night, just before midnight. Collins turned in a riot summons. The two men in the case were fined $15 and costs each for their part in the affair. Total for the city is $50.

And besides, Frank Morris, from Warsaw, one of the colored men, had two black eyes and a swollen cheek. He resisted four officers after the patrol had been summoned, it is claimed.

Mrs. Mable Morris, of Warsaw; Robert Jones and Leah Wilson, of Fort Wayne, all colored, were the other participants in the broil. The women beat Patrolman Collins over the head while Jones tried to wrest his club from him, it was testified.

Morris started trouble when he struck his wife in the eye when the quartet approached the corner, it is said. Mrs. Morris displayed a highly discolored optic in court. Morris claimed that she fell against a door when she stumbled on the sidewalk. Collins heard the woman scream and rushed to the rescue only to be attacked by all members of the party, it was told.

Other Police Court Cases.

Charles Stiles was fined $1 and costs on a charge of public intoxication. James Murry, Albert Osburn and Frank Hoffman were released.

BONAR LAW REFUSES IT

Declines English Premiership After Resignation of Asquith.

LLOYD-GEORGE IS GIVEN A CHANCE

British Politicians Predict Early Return of Asquith to Power.

London, Dec. 6.—A. Bonar Law today declined the English premiership tendered him by King George, following the resignation of Premier Asquith, and the king at once sent for Mr. Lloyd-George.

Whether Mr. Lloyd-George, whose action led to the disruption of the coalition government, and the resignation of Mr. Asquith, would have any greater success in forming a ministry than Mr. Bonar Law is a question which has not been answered.

Predict Asquith's Return.

Political correspondents predict that Mr. Asquith will be back at the head of the government before many days. Mr. Asquith takes a majority of the liberal ministers with him in his retirement, Mr. Lloyd-George being assured of the support of only Herbert Samuel, the home secretary; Edwin S. Montagu, minister of munitions; some of the junior ministers, including Dr. Christopher Addison, parliamentary under secretary for munitions, and of a small section of the party known as the "ginger group." It is not believed probable Mr. Lloyd-George would have any more success with the labor members than did Mr. Bonar Law, the parliamentary correspondents say, while the attitude of a large part of the unionist party is doubtful.

Supported His Ultimatum.

Mr. Bonar Law, Sir Edward Carson and the Earl of Derby probably would act under Mr. Lloyd-George as they supported his ultimatum to Premier Asquith regarding the formation of a smaller war council.

The Westminster Gazette says Premier Asquith's resignation was not received with any dismay in liberal circles. A majority of the party warmly approved his decision and was prepared to give a Unionist administration a fair chance, if one were formed. But it predicts that any minority government would have a precarious existence.

After receiving Mr. Lloyd-George, to whom presumably he offered the premiership, King George summoned to the palace several members of the recent cabinet in the hope of solving the crisis.

Those at Conference.

Among those who attended were Andrew Bonar Law, Mr. Lloyd-George, A. J. Balfour, first lord of the admiralty, and Arthur Henderson, president of the board of education and representative of the labor party. Later Mr. Asquith was summoned to the conference of ministers.

Herbert H. Asquith last night resigned the premiership which he had held through eight stormy years of domestic and foreign history since he succeeded H. Campbell-Bannerman at the head of the British cabinet. Following the acceptance of the resignation, King George at once summoned the unionist leader, Andrew Bonar Law, to the palace and offered him the prime minister's commission.

Awaiting Next Step.

The public is waiting with the greatest interest the next step in the political crisis. Ordinarily the selection by the king of a leader such as Mr. Bonar Law to form a new ministry would be taken as a solution but from the first there was some doubt whether the unionist leader could succeed in the task assigned to him, or whether he could command the support of a majority in the house of commons, if he did form a cabinet.

The nationalists who withdrew their

WAX WAS THE GAY DECEIVER

Identified as the "Oliver Osborne" Who Made Love to Miss Tanser.

CHICAGO MAN COOL IN FACING ORDEAL

Other Young Women Whom He Duped Also to Confront Him Today.

New York, Dec. 6.—Charles Wax was identified at the United States attorney's office here today by James W. Osborne and his wife, together with Edwin B. Willcox, an assistant in his office, as "Oliver Osborne," the man who won the affections of Rae Tanzer.

After a night in the Tombs prison Wax appeared composed and ready for the ordeal before him today. Federal officers planned to bring before him, not only persons connected with Rae Tanzer's breach of promise suit against James W. Osborne, but also several young women he is said to have duped.

Mysterious Madame X.

Special interest was shown in a new figure in the case who, according to the district attorney's office, is a woman of social standing above that of the average woman with whom Wax had associated. She met Wax, she believes, when he was posing as Charles H. Raymond. At that time he said he was a United States attorney. This woman has consented to appear, it is stated, on condition that her name will not be made known and for that reason she will appear in the records as Madame X. She will be taken to see Wax secretly and the authorities believe it will not be necessary for her to enter court.

Among others whom it it expected Wax will face today are Masie Mason, whom he is said to have married under the name of Nye; Mrs. Stewart Denham, in whose house in New York he lived as "Oliver Osborne"; Miss Rose Helene Kaiser and her mother, and the proprietor of the Plainfield, N. J. hotel, where "Oliver Osborne" registered with Rae Tanzer.

PACKER'S ON HAND TO MEET TRADE ATTACK

Meat Barons Had Hunch of Impending Trouble at Conference.

Chicago, Ill., Dec. 6.—Anticipating an attack on the alleged concentration of the packing industry at today's session of the national conference on marketing and farm credits, high officials, including Arthur Meeker, general manager of Armour & Co., attorneys and others representing the big packers, were present today. "I am here as a listener only," Mr. Meeker explained.

The first attack came from Henry Krumrey, of Wisconsin, an official of a co-operative cheese makers' organization of that state.

"The packers are constantly increasing their hold upon the food situation," said Mr. Krumrey. "Last summer they went into the cheese business along with the speculators who are customarily in the market. They bought up practically all the cheese in sight at an average of 13¾ cents a pound. Wholesalers are now selling this same cheese at 26 cents. The retailer has added his profit and the effect on the public is bad."

E. L. Burke, a live stock man of Omaha urged an investigation of the whole live stock industry by the federal trades commission. W. H. Parry, representing the commission, was among those present.

President Takes Up High Cost of Living

Washington, Dec. 6.—President Wilson today began a study of cost of living reports submitted by government departments to decide what steps he will recommend to congress. United States Attorney Anderson, of Boston, in charge of the nation-wide inquiry, arrived here today and after conferences with officials of the department of justice conferred with members of the federal trade commission. He later will confer with officials of the interstate commerce commission.

The plan suggested by Mr. Anderson of summoning a grand jury in New York or Chicago or both, to investigate the question thoroughly, is believed to be generally favored in administration circles. Attorney General Gregory has reported to the president the results of preliminary investigations by department of justice agents and he is also in possession of reports from Secretary Houston and Secretary Redfield.

Mr. Anderson will consult with representatives of the interstate commerce commission in addition to other government officials and probably will see the president personally.

Although several of the bills introduced in congress since Monday to meet the high cost of living situation have been laid before the president, he has given his approval to none of them and will continue to withhold comment until he is prepared to present his views in the form of a recommendation for legislation. He has not yet decided when he will go before congress.

English Prime Minister Who Has Resigned and Others in Cabinet Upheaval.

These five men are prominently concerned in the reconstruction of the British ministry, to form what Lloyd-George says should be a war council for stricter prosecution of the war.

Top, left to right: Sir Edward J. Carson, unionist member from Ireland; Herbert A. Asquith, prime minister and first lord of the treasury, who has resigned; Andrew Bonar Law, secretary for the colonies.

Lower, left to right: David Lloyd-George, secretary for war; Arthur J. Balfour, first lord of the admiralty.

DECEMBER WEATHER IS UNUSUAL THIS YEAR

Warm Springlike Breezes Will Continue for Several Days.

Thus far December has displayed extraordinary fine weather and the kind that is exceptional for this time of the year. Each day of this month has put on the appearance of a spring day and the weather man states that although the forecast for Thursday shows probable rainfall the warm weather will continue.

During the fall season it is the popular opinion that cold weather follows rain but there is nothing on the weather map of the country which would indicate that this will hold true on this occasion.

Wednesday morning the thermometer fell down to thirty degrees but according to the forecast it will not fall that low tonight.

One year ago December 7 the day was cloudy with a trace of snow on the ground. The highest temperature was 46 and the lowest 33 degrees. Five years ago the day was cloudy with a trace of snow. The highest temperature was 37 degrees and the lowest 24 degrees.

ANOTHER LIMA MAN IS GIVEN SENTENCE

Lima, O., Dec. 6.—Frank James, 30, state hospital guard, appeared before Common Pleas Judge Wm. Klinger and pleaded guilty to assaulting an officer with intent to lynch a prisoner. He was given a suspended indeterminate sentence in the Ohio penitentiary.

James was one of those arrested for attacking Sheriff Sherman Eley during the race riot August 30. The second trial of George Saxby on the same charge, now in progress at Ottawa, is expected to go to the jury today.

BRYANS AT WHITE HOUSE.

Commoner and His Wife Guests of the Wilson Family.

Washington, Dec. 6.—William Jennings Bryan and Mrs. Bryan were luncheon guests today at the white house and tonight Mr. Bryan is to be the honor guest at a dinner given by many democratic admirers. It is expected he may make some statement of his intentions to devote the next four years to the cause of national prohibition.

ELECTION OF OFFICERS.

Wayne council No. 57, Junior Order United American Mechanics, will meet at Junior hall Thursday evening at which time officers will be elected for the ensuing term.

MISS COLBY GUILTY, THE JURY DECLARES

Woman Reporter Killed a Politician Who Had Insulted Her.

Thompson Falls, Mont., Dec. 6.—Miss Edith Colby, a newspaper reporter, was found guilty of murder in the second degre here today for shooting and killing A. C. Thomas, a politician. The penalty is ten to twelve years in the penitentiary.

Miss Colby, 44 years old, shot Thomas Sept. 28, last, after Thomas had passed her in the street without heeding her demand that he apologize for an alleged insult the day before.

Miss Colby alleged Thomas had called her a "red light woman," when she reprimanded him for withholding news when she visited him in her capacity as a reporter for a newspaper in Thompson Falls. She asserted that John Maniere, editor of the paper, and A. S. Ainsworth, its publisher, had urged her to make Thomas apoligize and both were arrested on charges of having instigated the murder. Maniere was acquitted. Ainsworth's case is pending.

The defense sought to prove that Miss Colby was mentally deranged and irresponsible because of the alleged insults heaped upon her by Thomas. The defendant's mother, Mrs. Jane F. Coolidge, of Worcester, Mass., testified that she showed signs of hereditary insanity.

MUST PREPARE FOR TWO LONG DROUGHTS

Saloons Must Close Four Days for Christmas and New Years.

"Shop Early" is the sign which is appearing above cash registers in a few Fort Wayne saloons. It is an echo of the usual Christmas and New Year shopping plea. The two holidays will bring with them four days of closed saloons this year.

Both Christmas and New Year's come on Monday this year. It means that there will be "no drinks" from Saturday night until Tuesday morning, at the passing of each holiday. Police Chief Lenz will see that the closing law is enforced to the letter in each case, he says.

An appeal has been made to allow cafes to open for an hour, just after midnight, on Monday morning of January 1, in order to allow keeping of the custom of "a bit of wine at New Year." Lenz will tolerate no such act. He has ordered a ban on all rowdyism, which might accompany the passing of the year on Sunday night.

100 DROWN IN STORM AT SEA

Madrid, Dec. 6.—One hundred members of the crew of the Spanish steamship Pio 1x from New Orleans, for Barcelona, were drowned by the sinking of the vessel in a storm when 200 miles off the Canary islands. Twenty-two members of the crew were saved.

The Pio 1x, laden with cotton, carried no passengers. The steamship Buenos Aires, which was in the vicinity, was able to give but slight assistance on account of the high seas.

NEW RETREAT IS UNDER WAY

Rumanians Again Forced to Retire Before Oncoming Teuton Armies.

CIRCLE NARROWS ABOUT BUCHAREST

Entente Allies Claim Successes in Macedonian Campaign.

Today's War News Given in Summary

The plight of Rumania continues acute, with no signs of a stand by her armies or those of her Russian ally which affords hope of saving her capital.

Although reports from Turkish sources last night claimed that the troops of the central powers had driven to within less than eight miles of Bucharest, the chief force of the Teutonic thrust seems at present to be exerted northwest of the capital, with the apparent hope of reaching Ploechti before the Rumanian armies can effect a retreat over the railroad line running through there from Bucharest.

This encircling movement spells the greatest apparent peril to King Ferdinand's forces, as the road through Ploechti affords the only railway avenue of escape for them towards the northeast, where their armies and the Russians so far have held Mondavia fairly safe from the Teutons.

The Macedonian operations of the entente allies are progressing favorably according to all the current reports.

The thrust developed by the Serbians in the Grunishtea region east of Monastir, is being pressed, and the latest statement from the Serbian war office announced the Bulgarians in retreat after they had lost several strongly fortified positions.

Today Paris announces fresh progress for the Serbians and French in the Macedonian fighting and reports also the development of a violent artillery engagement north of Monastir.

Dispatches from London today show the cabinet crisis still acute, with indications pointing to David Lloyd George minister fo war in the coalition government as the man through whom it may be solved.

Petrograd Dec. 6.—A further retirement of the Rumanians in the Tergovistea-Ploechti sector northeast of Bucharest and along the railway from Titu to Bucharest is announced in today's war office statement. Elsewhere the Teutonic forces were beaten back.

RUSSIAN ATTACKS FAIL.

Berlin, Dec. 6.—Russian troops again attacked yesterday in the Carpathian forest, north of Tartar pass and on the Ludova. The war office report of today says the new assaults of the Russians brought them no success.

The Russians made a strong attack in the Trotus valley and succeeded in reaching the German second positions. North of Oituz pass, a Russian point of support was captured.

Field Marshal von Mackensen's troops, advancing victoriously, approached the railway line running northward from Bucharest to Ploechti, causing the Rumanians to evacuate their positions north of Sinaia. South of Bucharest the Teutonic troops have occupied other towns along the river Alt and are advancing toward the Rumanian capital. More than 6,000 Rumanians were captured yesterday.

DRY MOVE IS STARTED HERE

Glenn A. Smiley is Named Chairman for Twelfth District.

DEMOCRATS ARE BACK OF PLAN

State Chairman McGill Visits City for a Conference.

J. H. McGill, of Valparaiso, who was named state chairman of the organization which has for its purpose the making of Indiana dry through the democratic party, was in the city Tuesday afternoon and had a conference with Attorney Glenn A. Smiley, who has been named chairman of the Twelfth congressional district.

The movement is meeting with the approval of officials throughout the entire state and prominent democrats in Allen county are also endorsing the movement as a good one and one which is inevitably coming.

The resolution adopted by the committee, which met in the Claypool hotel on November 18, will explain the object of the organization. It is, "Be it resolved, that the purpose of this body and committee appointed is to work for and secure prohibition in Indiana and the nation as soon as possible through the democratic party."

Chairman Smiley will, within the next few weeks, appoint the chairmen in the various counties, who in turn will name the township and ward chairmen, who in turn will appoint the precinct chairmen. It is the object to make the organization a very strong one.

Bound to Win.

Attorney Smiley, who enthusiastically endorses the movement, says: "It is a movement bound to win. The element of common decency latent in our good citizenship is demanding that something be done. The people throughout the state will bring it about. All that is needed is to give them an opportunity.

"The result of the recent election in the state of Indiana, in my mind, is due to the revolting spirit of the voter who is awakening and refusing to vote for someone who has been put on the ticket just for the reason that he is under the banner which he has always voted under, and is but conclusive evidence of the above stated fact.

"If a few of the citizens of Fort Wayne and Allen county would take the trouble to visit our police courts a few mornings they would be easily convinced, if they are not already, of the evils of the booze habit, for three-fourths of the arrests are due to the use of intoxicants.

"Democracy of Allen county has always been willing and ready to stand for things that are uplifting to the community in general. She is welcoming this movement with open arms and giving it her untiring support. This movement should receive the co-operation of all good citizens regardless of politics."

Leaders Refuse to Talk.

Prominent democratic leaders were seen Wednesday, all of whom, however, refused to comment on the prohibition movement. Several declared they were enthusiastically in favor of making the state dry, but did not care to express themselves for publication.

Organizations are being formed in every county in the state and by the time the state legislature convenes those back of the movement expect to be able to bring such pressure to bear that there will be no doubt but that favorable action will be taken.

INDIANAPOLIS PASTOR DIES.

Dr. W. E. Danforth Passes Away After Long Illness.

Indianapolis, Ind., Dec. 6.—Dr. Wm. E. Danforth, 46, pastor of one of the large Presbyterian churches here, and at one time commercial and exchange editor of the Chicago Tribune, died at his home here today. He had been ill a long time. His newspaper work was before he became a minister.

For sixteen years he was pastor of Christ church at Elmshurst, a suburb of Chicago. He had been here a little more than a year. He had written a number of plays.

NEW WARDEN FOR SING SING.

Former Federal Prison Head Gets New York Place.

Albany, N. Y., Dec. 6.—The appointment of William H. Moyer, for twelve years warden of the federal penitentiary at Atlanta, Ga., as warden of Sing Sing prison, was announced today by the state superintendent of prisons, James M. Carter.

GERMANS WIN THE CAPITAL OF RUMANIA

Berlin, Dec. 6.—(By wireless to Sayville.)—Bucharest, the capital of Rumania, has been captured, it was officially announced today.

Ploechti, the important railway junction town, 36 miles northwest of Bucharest, has also been taken.

ADAMSON HAS A BILL READY

New Measure Embodies the President's Plan of Rail Legislation.

CONGRESS TURNS TO FACE ITS BIG TASK

Will Lose Little Time in Getting Down to the Work Before It.

Washington, Dec. 6.—Congress has heard President Wilson outline in his annual address yesterday his program, today turned its attention to the legislative work ahead of it. In both house and senate the president's recommendation particularly for legislation were being closely scrutinized.

A bill embodying the president's suggestions for railroad legislation has been prepared by Chairman Adamson, of the house commerce committee for submission as soon as Attorney General Gregory passes on its constitutionality and Chairman Newlands, of the senate commerce committee, has arranged to take up the proposed legislation at a committee meeting Friday.

Chairman Henry, of the house rules committee, has an engagement to confer with the president tonight regarding rules to expedite railroad and other legislation through the house.

Clearing the Calendar.

President Wilson disposed of a great number of engagements today to clear the calendar for the work of the first days of congress. He received the new council of national defense, conferred with numerous senators and representatives, reviewed the canning corn growers and canning club from Ohio and touched a button giving a signal for the opening of the Tulare county citrus fruit fair at Visalia Cal.

INFORMER DUE TO TAKE STAND TODAY

Government's Star Witness in Case Against Bopp to Be Heard.

San Francisco, Dec. 6.—Louis J. Smith, a government informer, indicted with Francis Bopp, German consul general here, and others on charges of conspiracy and violation of United States neutrality laws, in aid of the Teutonic allies, was expected to take the stand today at the hard day's session of the trial of Bopp.

Bopp and attaches of his office are alleged to have conspired to dynamite shops, railroads and munition plants in Canada and the United States. In his statement at the opening of the trial John W. Preston, United States district attorney, said he would prove that Smith drew $300 a month and expenses to place bombs aboard ships in Seattle and Tacoma harbors and to dynamite railway tunnels in Canada.

EGG KING SUMMONED BEFORE GRAND JURY

Chicago, Ill., Dec. 6.—James E. Wetz, who calls himself "Egg King of America," was today summoned to appear before the federal grand jury investigating high food prices. Wetz recently claimed to own 72,000,000 eggs.

Presidents of Chicago's largest packing concerns, including Louis F. Swift, of Swift & Co., and Thomas E. Wilson, of Wilson & Co., were also summoned to appear before federal officials in connection with the inquiry.

DISCONTENTMENT IS THING OF PAST NOW

Tanlac Brings Peace and Happiness Into Life of Michigan City Woman.

Michigan City, Ind., Dec. 6.—Troubles that for four long years caused her life to be clouded with discontent and unrest have now been banished, according to a statement made on October 25 by Mrs. Charles B. Gaw, Michigan City woman of 624 Madison street.

"It makes a big change in a person to be relieved of troubles like those Tanlac freed me of," Mrs. Gaw said. "For the last four years I have suffered from rheumatism, constipation and kidney trouble. The rheumatism affected various parts of my body. There were times when I could hardly get around. I experienced severe pains across my back, due to the kidney trouble. My appetite, also, was very poor.

"Statements from local people led me to try Tanlac. I certainly have gained great benefits from the three bottles I've taken. The rheumatism has disappeared from every part of my body. My kidneys are in good shape as the pains in my back have ceased. I have a hearty appetite and the food digests properly. The constipation is a thing of the past.

"I can truthfully say that Tanlac has proven to be a great medicine in my case."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like.

Tanlac is now being specially introduced and explained in Fort Wayne at the four Meyer's drug stores—Wayne and Calhoun, Calhoun and Columbia, 1420 Calhoun and Broadway and Taylor streets.—Advertisement.

FIRST PROTESTS COME ON RAIL VALUATIONS

Washington, D. C., Dec. 6.—First protests against its railroad valuations were received today by the interstate commerce commission.

Governor Ferguson and the Texas railroad commission asked for a rehearing of the valuation of sections of the Texas Midland between Garrett and Midland Junction and the fifty-two miles known as the northeastern branch. The Western Union Telegraph company protested that the figures given as to the cost of reproduction of certain telegraph lines of the Atlantic, Birmingham & Atlanta railroad were approximately 15 per cent too low.

UP-STATE CITIES NOW LAUNCH EGG BOYCOTT

New York, Dec. 6.—The egg boycott movement was launched in more than a score of up-state cities today in response to proclamations issued by their respective mayors. The boycott was declared to be virtually statewide, and according to a telegram from W. P. Capes, secretary of the New York state conference of mayors, more cities will follow the example of the twenty-four states in which a boycott is already in effect.

Storage eggs in the city yesterday dropped another cent a dozen under the attack of the housewives and additional reductions in the near future are expected. Some dealers offered cold storage eggs at thirty-five cents a dozen at retail.

WOMAN DEFEATS HUSBAND IN RACE FOR MAYORALTY.

Umatilla, Ore., Dec. 6.—Mrs. E. E. Starcher is mayor of Umatilla today, having defeated her husband in the election yesterday. Women also were elected to all other offices in the municipal government, including four seats in the court, recorder and treasurer.

BONAR LAW REFUSES IT

(Continued from Page 1.)

support from Premier Asquith because of his failure to carry out the agreement made by Mr. Lloyd George of bringing home rule into force immediately would hardly be likely to follow a cabinet of which the unionist leader was the chief and in which Sir Edward Carson was included. It had been suggested their support might be obtained by granting their demands regarding Ireland and it was even said Sir Edward was a party to this, but the Ulster leader telegraphed to his supporters in Belfast a flat denial of the report saying: "The proposals attributed to me are without foundation. Ulstermen know my views and my unabated loyalty to them."

Another Difficulty.

Another difficulty was presented by the labor party whose leader George Wardle, announced yesterday the intention of the labor members in the house of commons to support Mr. Asquith. They are meeting today to make a final decision. The Manchester Guardian, which generally voices the opinion of the provincial members, expressed the opinion that Bonar Law would be more likely to effect a combination which the house of commons would support than Lloyd George would be; and added there was no reason to believe that Lloyd George had any ambitions for the task. The Guardian which supports Lloyd George says that in a letter to Asquith he took the stand that a man could not act both as premier and as a member of the war council which would have to sit morning and evening and deal with "the terribly urgent" war problems.

The hope is expressed generally that an election will be avoided on account of the delay and of interference with the business of war. Should an election become necessary it would be held under a three year old register so that 4,000,000 new voters would be disfranchised.

BEATS DIET SQUAD RECORD EVERY DAY

Dr. Dr. Gilpin Says All of Us Eat Too Much, Hence High Prices.

Dr. J. H. Gilpin, secretary to the board of health, beats the record of the notorious Chicago diet squad every day. And he does not brag about it and get his picture in the papers.

Dr. Gilpin lives on thirty-eight cents a day. He weighs 205 pounds and has taken on ten pounds of weight in the last year, since he cut down the cost of living. He is six feet two inches tall and a veritable dynamo of energy.

"People eat too much," Dr. Gilpin says. "If they would eat right there would be no soaring prices. We eat too much meat especially."

Here is Dr. Gilpin's daily food cost list:

Three cups of strong coffee, 6 cents.
Soup for dinner, 5 cents.
Toast and bread, 3 cents.
Steak or lamb chops, 8 cents.
Potatoes, 2 cents.
Pie, 4 cents.
Butter, 3 cents.
Cream, 7 cents.

It all makes a total of thirty-eight cents, which is two cents under the record of the Chicago squad.

"That can be cut down easy enough by people who like beans. Cheese is also a cheap food with plenty of nutrition. We all eat too much meat. Meat makes a hard pull on the kidneys. It is especially harmful to children. Meat once a day is a plenty," Dr. Gilpin says.

"Children should live on rice and milk and bread mostly until they are ten years old. It is the finest body builder there is. Rice should find a more prominent place on our diet lists.

"Most of the heavy eating is due to the fact that we do not take time enough to masticate our food properly. Workmen take less than an hour for meals when they should have an hour and a half. We rush through our meals and leave the burden of work to our stomachs. The result is broken health and the high price of food stuffs."

IN THE CHURCHES

SPECIAL NIGHTS AT FIRST M. E. CHURCH

Much Interest Being Manifested in Evangelistic Services.

"Three American Amusements" was the subject of a rousing sermon by Evangelist Cotterell at the First Methodist Episcopal church Tuesday evening, in which the evangelist did not hesitate to use language that could not be misunderstood.

Lakeside night was observed at the church Tuesday. The city has been divided into four district sections, each of which is to have a special night given them and a reservation made for the members and friends of each division. Tonight is Eastsiders' night and an effort is being put forth to exceed the record made by the Lakesiders.

A special musical program was arranged by Director Stillings as follows: "All the Time," by Evangelist Cotterell; "The Heart That Was Broken for Me," by the Misses Boneta Kanaga and Marie Monroe; "Somebody Knows," by Miss Irene Ruble. Tonight the program for the east side will consist of a solo by Miss Emrich, saxophone solo by Mr. Stillings, and other special music by members of the delegation. The subject to be given tonight by Evangelist Cotterell is "Sin."

TOWNSHIP TRUSTEES TO FIGHT THE PLAN

Oppose Changes in Law to Take Schools Out of Their Hands.

Indianapolis, Ind., Dec. 6.—The Indiana Township Trustees association in convention here today determined to fight the plan to reorganize the laws governing the township schools, as proposed by a committee headed by Prof. W. W. Black, of Indiana university at the last meeting of the state Teachers' association.

A number of the members of the association decided to refuse to have anything to do with the movement and the motion to name a committee to confer with committees from the board of education and other bodies which will meet tomorrow in the office of State Superintendent of Instruction Charles A. Greathouse was carried by only three votes.

The plan, which is incorporated in a bill to be presented to the legislature, provides that the county shall be the unit for the school system of Indiana and does away with practically all the powers of the township trustees in the management of the schools. The association re-elected its present officers for another term.

LAMBERT HAD NO WARNING

American Vessel Sent Down by German Submarine is Charge.

CREW ROWS FORTY MILES TO COAST

Steamer, Built at Chicago, Was on Way to Havre for Delivery.

New York, Dec. 6.—The steamship John Lambert, listed in the maritime register as an American vessel, was shelled and sunk without warning by a German submarine off the Isle of Wight on November 24, according to members of the crew. Americans, who arrived here today on the French liner Espagne from Bordeaux.

The John Lambert was one of twelve vessels which, built on the Great Lakes, the French line agreed to purchase. According to the arrivals today the vessel had not yet been turned over to the French interests but was on its way to Havre for delivery there. It sailed from Montreal, October 20.

The attack took place at 4:30 p. m. when the ship was twenty-five miles south of the Isle of Wight, members of the crew said. The engineer, Edward Harrison, of this city, said that the U-boat first made its presence known by sending a shell crashing through the John Lambert's bridge and that the firing continued during the time the crew was taking to the boats, twelve shots in all being fired.

Rowed Forty Miles to Coast.

"The crew, numbering sixteen, all of whom arrived here today without their captain, said they rowed forty miles to the French coast, being on the water twelve hours and that shortly after the John Lambert went down they saw the submarine attack and sink two unidentified vessels—a steamship and a bark.

The John Lambert was the last of the twelve great lakes craft to be taken to France for delivery. Eighty members of the crews of four of them were passengers on the Espagne today.

The Great Lakes and St. Lawrence Transportation company owned the John Lambert, of 1,550 tons gross, which was built in 1903 at Chicago.

HAD NO EARLY REPORT.

Washington, Dec. 6.—State department officials had received no reports early today on the sinking, without warning, of the American steamer John Lambert by a German submarine. Steps will be taken to ascertain promptly the facts in the case.

The Store That Does Things

COW GREAT CHEMIST DECLARES DR. HURTY

State Health Secretary Puts His O. K. on Ice Cream as Food.

Indianapolis, Dec. 6.—"Ice cream is one of the very best of foods," Dr. J. N. Hurty, secretary of the state board of health, said today at the convention of the Indiana Ice Cream Manufacturers' association here when discussing the food value of the delicacy. In part he said:

"The cow is a great chemist. It makes milk, a wonderful food, especially for growing children, and it makes cream, a wonderful delicacy and an excellent food for young and old. The things that can be made from milk and cream have taxed the ingenuity of chefs and cooks, ice cream makers and food fans since time out of mind. Yet the cow that makes this wonderful product doesn't know anything about it, and us human beings, the chemists and such smart fellows, who know all about how milk is made, can't make it.

"Ice cream is one of the very best of foods. Yet it is a food we must eat in moderation. That is true of any food. If we eat immoderately of ice cream we are very apt to suffer in proportion. Probably the best thing I can say for ice cream is that it should be eaten at meal time. Though it is one of the most nourishing foods, it is one of the most enjoyable. In our Puritanical habit of thought, we think that a thing that is palatable and delicious must necessarily be under ban as a food. When a food is both nourishing and delicious, then it is an ideal food. Ice cream is particularly good for growing children, and from what I know of growing children they will be particularly good for ice cream."

Dr. Hurty then said he knew of one case of illness in which a woman was kept alive for two years on ice cream.

INLAND WATERWAYS A MILITARY NECESSITY

Urged by Admiral Benson Before Rivers and Harbors Congress.

Washington, Dec. 6.—Inland waterways as military necessities in war time was advocated by Rear Admiral William S. Benson, chief of naval operations in an address today before the National Rivers and Harbors congress, which opened its three day annual convention.

Rivers of the middle west should be improved, he declared, to assist in supplying the army and navy in emergency with wheat from the plains states and coal from the Ohio, Pennsylvania and West Virginia fields.

Other speakers on today's program were Vice President Marshall, Secretary Baker, Senator Ransdell, of Louisiana, president of the congress, and Senator Fletcher, of Florida.

William H. Scheiman was elected president of the Fort Wayne Real Estate exchange at a meeting of the directors held Tuesday night at the Commercial club at the close of the banquet and the weekly meeting. He succeeds Luie H. Moore. Herman Sigrist was chosen vice president, Frank Hilgeman, secretary (re-elected), and Frank Lamont, treasurer (re-elected). John Wolfrum, Frank Smitley and Arnold Curdes were chosen directors to serve for three years. Terms of L. F. Curdes, Lee J. Ninde and Charles Nolan had expired as directors.

E. H. Kilbourne, Paul Guild and William P. Walsh were appointed a committee to make arrangements for the appearance of Dr. Carol Aronovici, sociologist, of Philadelphia, who will speak before the realty dealers at a meeting open to the public next Monday night. Dr. Aronovici was expelled from his native land because of reform activities in Serbia. This open meeting will be held at the Commercial club and dinner will be served at 75 cents a plate.

The Evansville real estate board acknowledged receipt of a resolution from the Fort Wayne Real Estate exchange expressing appreciation of the hospitality shown the Fort Wayne visitors at the state realty convention recently.

Letter from George Raus of the one-cent stamp association was also read and thanks expressed the local exchange for resolutions favoring one-cent letter postage.

ITALY DETERMINED TO MAINTAIN WAR

Premier Declares Allies Do Not Wish to Force Greece Into Fray.

Rome, Tuesday, Dec. 5.—The allies do not desire to force Geece into war nor do they support any anti-dynastic movement in Greece asserted Premier Bozelli in his report on the war, delivered before the chamber of deputies here today. Premier Bozelli reiterated the determination of Italy to maintain the war with her allies until the restoration of Belgium, Serbia and Montenegro was accomplished. He termed this the "noble and essential object of the war."

At the close of his speech he sent a message of greeting to "Our valorous Latin sister, Rumania," trusting for her final success.

The premier's speech was very long and in it he recapitulated the whole history of Italy's participating in the war and enumerated the reasons which induced King Victor to enter into the struggle. As a proof that Italy was prepared to push her operations vigorously the premier announced that there were now 2,100 factories working on war material, the workers being one-fifth women. The premier declared that victory would insure the equilibrium of the eastern Mediterranean which he termed one of the chief foundations of Italian policy. He said that Valona would be Italy's strategic port.

ORDERS PLACED FOR 56,530 FREIGHT CARS

American Railroads Set a New Record for Month of November.

New York, Dec. 6.—American railroads placed orders in November for the construction of 56,530 freight cars, representing an expenditure of about $83,000,000, which established a new record, according to statistics published here today by the Journal of Commerce. Never before has freight car orders in any single month exceeded 25,000 cars. The November orders together with those in October are about 50 per cent of the entire business for the first eleven months of 1916, and are attributed largely to the pressing need for equipment to handle the enlarged traffic arising out of the transportation of commodities to seaports for exportation to Europe.

Another thousand freight cars were purchased in the United States by foreign interests at an approximate cost of $1,500,000.

Domestic roads ordered 342 and foreign buyers 633 locomotives and American roads bought 491 passenger cars and these, together with the freight cars ordered and 737,000 tons of rails bought, brought the total cost of railroad equipment purchases during November up to $155,551,000 according to the statistics.

LIVE STOCK INDUSTRY DISCUSSED AT CHICAGO

Chicago, Dec. 6.—A series of informal hearings were held here today in connection with the fourth national conference on marketing and farm credits to collect evidence concerning condition of the live stock industry in the United States.

Speakers asserted that many changes are under way in the industry and that the producers and feeders of cattle have failed to organize effectively to meet this changed condition at purchasing centers and an economic waste has resulted. Much of the discussion centered on possible solutions of the problem offered by the decline in the nation's meat supply.

WIFE MURDER CHARGE FAILS; M'DANIEL FREE

Missouri Prosecutor Held Not Guilty in Sensational Case.

St. Joseph, Mo., Dec. 6.—Oscar D. McDaniel, prosecuting attorney of Buchanan county, was acquitted by a jury in the criminal court here last night of the charge of having murdered Mrs. Harriet Moss McDaniel, his wife. The jury reported at 6:2 o'clock after having considered the case since 4:35 o'clock in the afternoon.

OSCAR McDANIELS

Mrs. McDaniel was found beaten and dying, her skull crushed with three wounds, in her bedroom here about 12 o'clock the night of July 14. She died the next morning. McDaniel's story of the events on the night of the murder was that he returned home about midnight after having been drawn up town by a fake telephone call about forty-five minutes earlier and when his wife was still alive. He engaged in a pistol duel outside his residence with an unknown assailant, who hid behind a tree, he said, and then going into the house to obtain another revolver with which to continue the battle, found his wife on the bedroom floor dying.

Enemies occasioned by his work as prosecuting attorney or robbers were accused by him and his friends as being guilty of the crime. Later McDaniel was indicted on the accusation of having killed his wife.

The accused man was a candidate for re-election on November 7, but was defeated.

DISCOUNTS PEACE TALK.

Berlin Vorwaerts Says Germany's Enemies Are "Peace Blind."

Amsterdam, Dec. 6.—The Berlin Vorwaerts, the organ of the German socialists, in an article headed "Peace Blind," throws cold water on those who believe that peace is near. The paper says:

"We must be reconciled to the bitter truth that our enemies are too deeply pledged to their war aims to see anything else. They are peace blind. The worst calamities are not to be spared the European people, but one consolation remains and that is that harsh rulers do not rule for long. Whenever their strong men do not achieve anything our enemies do not admit their failure."

RECRUITS HELD BACK.

Reports of Presence of German U-Boats Halts Sailing.

St. Johns, N. F., Dec. 6.—The colonial government permitted it to become known today that reports of German submarines in the Atlantic had resulted in the cancelling of the dispatch of a draft of recruits for the New Foundland regiment, which had been planned for the last week in November. Regulations regarding measures for coast defense have been reimposed. Lights in this city are permitted, but coast lights have been ordered dimmed.

DAILY BIBLE READINGS FOR THE HOME

1 Corinthians 3:11-23.

11 For other foundation can no man lay than that is laid, which is Jesus Christ.

12 Now if any man build upon this foundation gold, silver, precious stones, wood, hay, stubble;

13 Every man's work shall be made manifest: for the day shall declare it, because it shall be revealed by fire; and the fire shall try every man's work of what sort it is.

14 If any man's work abide which he hath built thereupon, he shall receive a reward.

15 If any man's work shall be burned, he shall suffer loss: but he himself shall be saved; yet so as by fire.

16 Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you?

17 If any man defile the temple of God, him shall God destroy; for the temple of God is holy, which temple ye are.

18 Let no man deceive himself. If any man among you seemeth to be wise in this world, let him become a fool, that he may be wise.

19 For the wisdom of this world is foolishness with God: for it is written, He taketh the wise in their own craftiness.

20 And again, The Lord knoweth the thoughts of the wise, that they are vain.

21 Therefore let no man glory in men: for all things are yours;

22 Whether Paul, or Apollos, or Cephas, or the world, or life, or death, or things present, or things to come; all are yours;

23 And ye are Christ's; and Christ is God's.

Brief, Clear and Direct

President Wilson wasted few words in his annual address to congress. The utterance was brief, clear, concise and direct. Nor is it less important from the fact that there is nothing of the sensational, nothing of the radical departure in it. Practically all of it had been forecasted. Having settled in his own mind the essentials that are before the country at this particular time, Mr. Wilson puts the program in concise form up to congress and says: These things should be done.

It was fully expected that the president, as he did, would renew his efforts for the uncompleted portion of his industrial program recommended at the time of the passage of the Adamson law which prevented the railroad strike scheduled for Labor day. This program has been so thoroughly discussed that it is familiar to the public. Its outstanding provision is that the existing federal statutes be amended so as to provide for a full public investigation of the merits of disputes between employers and employes in industries engaged in interstate commerce before a strike shall be called or a lockout attempted.

It will be noted that this is not a recommendation for compulsory arbitration, a thing for which the railroads have been contending: There is a very great difference between saying to railway employes: "You must not strike until after the public has had a chance to decide as to the merits or your demands," and saying to them: "You must submit your demands to arbitration and continue to work, whether you want to do so or not, under the terms laid down by the arbitrators." That the president believes his position has been misunderstood in some quarters is evident from the pains he takes to reply to some recent strictures by organized labor, which professed to see in his attitude a surrender to the forces against which it has been contending for what it believes to be mere justice. Analysis, we think, will uphold the president's contention that some such course as he suggests is entirely justifiable in the interest of the common public, which a few weeks ago came perilously near being caught helplessly between the millstones of the transportation dispute.

Aside from the railroad matters the recommendations of the president are neither numerous nor especially vital, and it is well that this is the case. The present congress has before it but three months of existence, and this period of activity will be further shortened by the intervening holiday recess. On March 4 will come a new congress. If the present body will merely clean up the slate and leave the way clear for its successor, it will have done enough, without undertaking more than it cannot hope to complete.

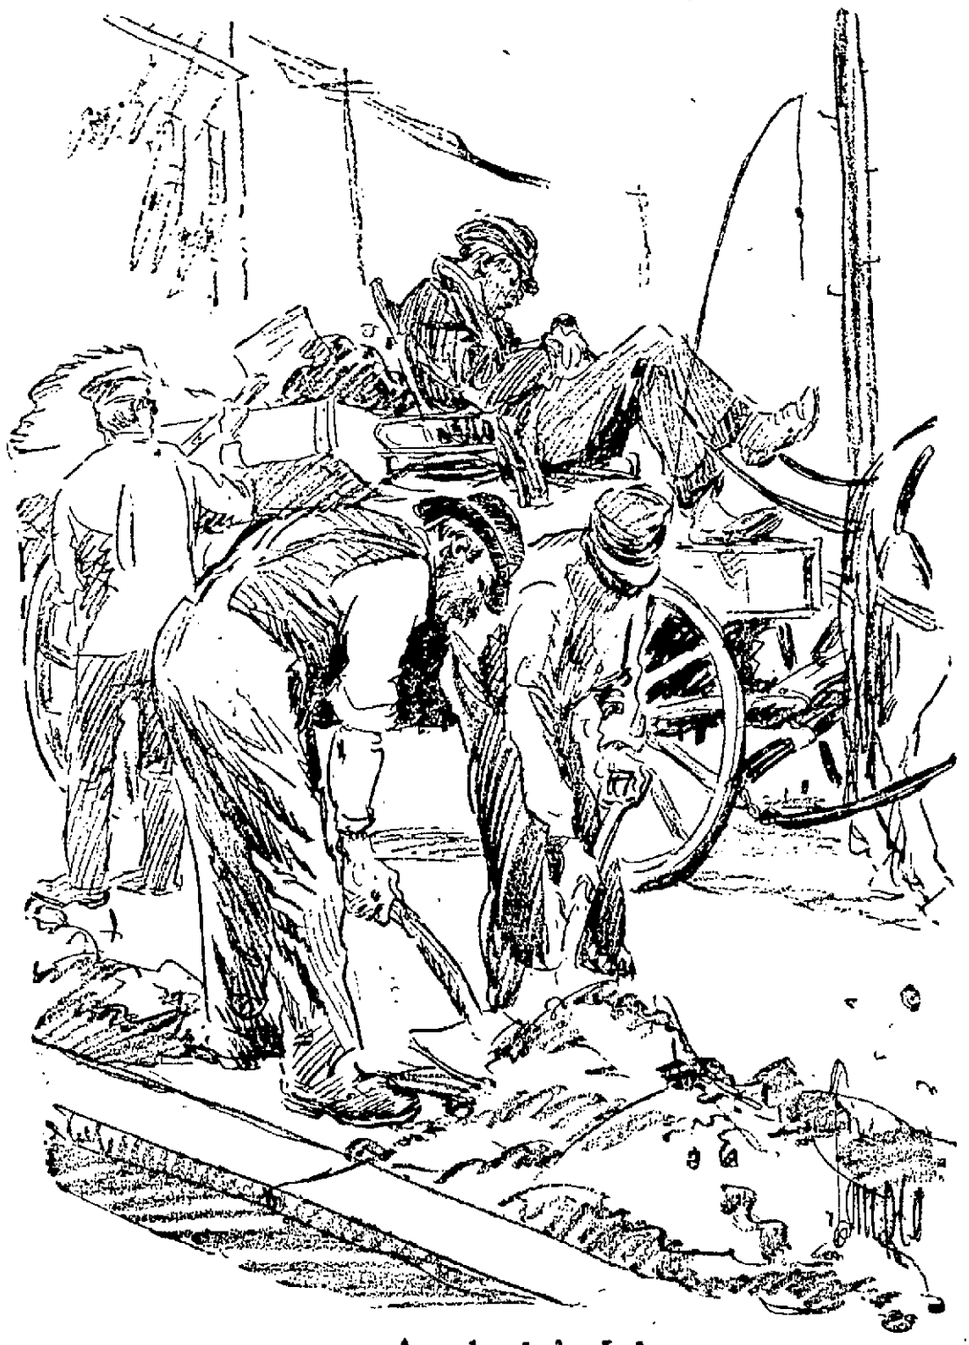
In the death of John D. Archbold, Standard Oil has lost not only one of its biggest figures, but its most militant fighter. Indeed, it is perhaps not too much to say that Mr. Archbold, by his force, his energy and his capacity, constituted a power quite as strong and infinitely more active than Mr. Rockefeller even in the more vigorous years of the multimillionaire whose name instantly comes to mind when Standard Oil is mentioned. Archbold was the spokesman, the undaunted sponsor for everything Standard Oil has done in the past thirty years. He believed in it thoroughly. His convictions were that its course was right and that its power was justified. He was out in front taking the kicks and the cuffs when they were coming—and giving them in return, as well. John D. Archbold will easily take rank as one of the strongest figures ever developed in the American business world.

Five new postmasters for Twelfth district towns were recommended on Tuesday by Congressman Cline. It is probable that by the time Mr. Fairfield gets to Washington next March and glances up into the plum tree he will discover that it is rather bare of fruit for the faithful who naturally will turn to him with a beseeching expression of countenance. Candidly, however, the situation is not one which will tend to give Mr. Fairfield much pause. What he should do is to congratulate himself. There are few more wreckers of congressional fortune than the solemn duty which occasionally devolves of naming small-town postmasters and automatically transforming all those who were not chosen into the bitterest type of political enemies.

There is ample occasion for someone qualified to do so to explain why those in charge of the campaign for so admirable a thing as equal suffrage will persist in making themselves ridiculous and doing positive harm to the cause by indulgence in senseless stunts such as that staged at Washington Tuesday when a big banner was spectacularly released in congress during the delivery of the president's address. There are times when we think the cause of votes for women has more to fear from its friends than from its foes.

Governor-elect Goodrich's campaign stand against salary increases bids fair to be put to the test about as soon as he gets settled into the gubernatorial chair in January. The Indiana Township Trustees' association, in session at Indianapolis, has started its biennial fight for an increase in salaries over the state, and it professes to be hopeful of at least neutrality on the part of the new governor when the plea goes before the legislature.

Sketches from Life ∴ ∴ By Temple



Anybody's Job

Does It Really Solve the Problem?

Under the direction of the health commissioner of Chicago a "diet squad" of 12 men and women are trying to solve the "high cost of living" problem by cutting the cost of food to about eight cents a meal or 25 cents a day. So far the squad is in good health and gaining weight on the scientific diet. If the experiment is a complete success, does it solve the problem?

Suppose that every man and woman in the United States cut the cost of living to 25 cents a day, what would be the result?

Over in China, the natives live on an average of eight or nine cents a day. A bowl of rice and a few vegetables are the diet. There are no stronger men than the Chinese coolies. They have solved the problem of cheap food. But have they solved the cost of living problem? Not so you could notice it! The Chinese coolies are in the most abject poverty. So are the natives of India, where the cost of living—that is, the money cost—is as low as in China.

The truth is that depression in the money price of food simply results in depression in the wage scale. The Chinese coolie lives on a few cents a day—and he gets few cents a day wages.

If American workmen cut down the money price of their food to 25 cents a day, their wage would be depressed accordingly. Labor unions, minimum wage laws, and organized effort might help to keep it from being depressed equally—some groups of wage earners would benefit—but on the average the wage would be depressed.

As a general law, the wage will tend to fall to the point at which labor will consent to exist and produce.

The reason the Chicago diet squad is cutting the cost of living, is because they are an isolated group. Because it costs most of us many times 25 cents a day to live, the Chicago diet squad has an advantage. If everybody lived on 25 cents, the diet squad would be no better off than anybody else.

It is not the money cost of food, but the labor cost that is important. If 25 cents a day would buy all the food and clothing and shelter that a family needs, it would be as good as five dollars. The purchasing power of a day's labor is the important thing.

Stunts to cut down the cost of food are only valuable so long as a minority of the people practice them. If everybody practices them, their value is lost. Do we want to learn how to live on less food and cheaper food? Or do we want all the food we want? Do we want to go on a bread-line, bread-ticket, or Chinese coolie scale of living? Or do we want to get the full value of our labor?

Have You Given Your Fellow Full Credit?

A young Danish woman, delicately reared, was married to the captain of a deep-water sailing vessel and went to sea with him the same day.

The voyage was to the West Indies. On the way the ship ran into a hurricane, was slowly battered to bits by the seas, and after a terrific fight was wrecked.

The young bride was thrown into the breakers, went through astounding adventures beyond anything in a sea-novel, and got to shore on an island, where she and her husband walked 19 miles to find a human habitation.

When the happy young couple returned to civilization the bride was asked if she had had enough of the sea.

"Why, no," she said in an astonished way. "When my husband ships aga'n, I go with him."

Well, it does seem to be a fact, doesn't it? Fear is losing something of its grip on human life. The old-time king of terrors isn't quite so much of a king as he used to be. It is most strange, it is mysterious, it is bewildering if you like, but people do seem to be looking through wider and calmer eyes upon vicissitudes and peril.

With millions and millions of men performing every day the most daring, wonderful, breath-taking deeds of valor, or going through conditions of cold, wet, mud, slush, misery, pain and suffering that would have seemed impossible, courage is revealed as infinitely commoner, and fear as infinitely less fearful.

Novels of adventure make no hit now. The limits of all the imagination can conceive of danger, hardihood, and achievement have been left behind by the realties. Why invent for us fictional heroes? Everybody is a hero, give him a chance.

But if courage is so much commoner than men had believed it, don't you think it is the same with all other good qualities? Kindness, love, mercy, good will—as a matter of fact, isn't human nature infinitely better and finer than most of us have judged it to be?

A chance to reveal itself. That seems to be about all it requires.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Frank Graber's cigar establishment will be lit by electricity.

At an early hour this morning Miss Minnie, daughter of Mr. and Mrs. William Kramer, died of typhoid fever at the age of twenty-one years and eight months.

Three young children of Charles Lenke, of Nebraska, are missing from their homes. Agent Read, of the Humane society, is investigating the case.

Charles Centlivre has returned from Detroit, where he attended a funeral. He will shortly accompany his father as far as Colorado on the latter's trip to California for his health.

Architect Wing was at Plymouth, Ind., yesterday, conferring with the county commissioners in regard to the proposed new infirmary in Marshall county. It will cost about $10,000.

The county commissioners are today granting liquor licenses. At 1 o'clock twenty licenses had been granted and sixty more were brought up and forty more were awaiting consideration. There had been no remonstrances filed against the granting of licenses up to the noon hour.

The following officers were elected yesterday by the Sunday school of the Wayne Street Methodist church: Superintendent, W. J. Holt; first assistant superintendent, Miss Ellen Spencer; second assistant superintendent, Charles Worth; secretary, A. Nonnamaker; treasurer, A. R. McCurdy; librarian, Miss Rachel Miller; organist, Miss Lizzie Nonnamaker.

Typographical Union No. 78 has elected the following officers: Frank Mullahy, president; F. E. Lanterman, vice president; L. H. Green, recording and corresponding secretary; H. A. Rogers, financial secretary; Cyrus Lose, treasurer; John Corcoran, sergeant-at-arms; L. DeGuchery, F. E. Lanterman, H. A. Bush, executive board; William Hall, W. P. Duffy, Edward Miller, F. E. Lanterman, H. W. Williams, delegates to Trades Council.

The American Laundry, which recently started up at 26 East Columbia street, by the Hassler brothers, is today crippled for business. Some person, evidently an enemy of the concern, stole into the building during last night and after letting the water out of the ten-horse power boiler, turned on and lit the gas. The boiler was completely ruined and is a total loss, as no insurance can be collected for damage done in this manner.

STATE COMPENSATION LAW DOES NOT APPLY

Metropolitan Police Force Members Not Within Its Provisions.

Indianapolis, Ind., Dec. 6.—The Indiana state industrial board late yesterday afternoon ruled that a member of a metropolitan police force in this state is not an employe under the terms of the Indiana workmen's compensation laws so as to entitle him or his family to compensation in case of his injury or death while performing his duty.

The ruling was made in the cases of two policemen killed at Richmond, Ind., July 8, when attempting to make an arrest. The policemen were George M. Little and Elmer R. Stephenson.

The city of Richmond refused to make payments to the families of the two patrolmen killed because of doubt as to whether the officers were employed under the compensation law. After reviewing all the facts in the case the state board in its ruling says that under the Indiana laws as they exist, members of metropolitan police forces are state rather than municipal officers, and not agents or servants of the city, but are public officers.

Compensation to the representatives of the families of the two policemen was denied.

GARRETT NEWS.

Constipation and stopped-up livers from white-flour foods! This is the modern scourge, afflicting millions of men, women and children. Thousands are awaake to this terrible fact. Are you, too, mother? White flour has nearly all the most nourishing part of the grain taken out of it by the modern process of milling—just because it makes the flour "look" cleaner and better. White-flour foods pack hard in stomach and intestines. They cause derangement or indigestion, deaden bowel action, stop liver action. This means headaches, drowsiness, paleness, lack of energy, poor blood. It stunts the growth of children, robs them of nourishment, makes old people feel older, and everybody below par.

There's no more excuse for it. You can produce a remarkable difference in yourself, in your children and in your whole family in 2 days by simply eating this to take the place of white bread, breakfast foods and other white-flour mixtures. It is "O-Eat-It."—a new combination of the most nourishing grains that grow, with all their flesh and muscle building, blood-forming, appetizing elements left in,—together with the remarkable bowel-and-liver regulating brans. "O-Eat-It" is 35 per cent of bran. You never ate a food with so much bran in it, made so light, so luscious to the taste. It has never before been possible. "O-Eat-It" solves this problem. Serve it to the whole family at any meal,—prepared in any one of several appetizing ways. It comes in delicious, golden, toasted crisp slices, ready to eat.

Then nobody will be constipated or bilious-sick in your home. It will keep you young, rosy and healthy. Try it.

"O-Eat-It" is sold by all grocers. 25c for a large sanitary package, or sent on receipt of price by O-Eat-It Co., 265 Studebaker Bldg., Chicago, Ill.

If your grocer does not have it you will find it on sale and recommended by the following grocers: The Aurentz's, J. A. Hetrick, H. P. Brinkroeger, Central Grocery, H. L. Valuable Animals Fall Into Deep Hole at New Building Site.

Two valuable animals belonging to the Borgman Trucking company were instantly killed Tuesday when they fell into a deep hole on the site of the new Furnas Ice Cream company's new building on Columbia street, near Clay. The team was engaged in the excavating work and were hitched to a shovel. When the ground gave way underneath one of the animals it dragged its mate with it. Both were killed instantly.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.—Advertisement.

Whereas, The party of the second part is the owner of lots 124, 125, 126 and 127 in Vordermark's Addition to the City of Fort Wayne, Indiana, and intends to erect a manufacturing plant thereon, and desires to procure a sidetrack connecting the main tracks of the Wabash Railroad with the real estate above described, owned by the party of the second part, in order to facilitate theshipping to and from said real estate and the plant to be erected thereon, such property as the party of the second part may desire; and

Whereas, Said railroad is unwilling to construct said sidetrack for said purposes; now,

Therefore, In consideration of the covenants and agreements to be performed and complied with by the party of the second part, as hereinafter provided, consent, permission and authority are hereby granted and given by the party of the first part to the party of the second part to construct, maintain and operate, or cause to be operated, a single track railroad over and across McDonald Street in said City, the same to be elevated and constructed as hereinafter set out and provided, from the main tracks of said Wabash Railroad, beginning at a point opposite the alley between Sumner and Hancock Streets in said city and crossing the North side of said McDonald Street at a point about 20 feet East of the East line of said alley, said sidetrack to be located as shown on the plat hereto attached and made a part hereof, and on which plat the line and route of said track is marked and indicated by the red line thereon.

It is understood and agreed that the consent, permission and authority herein given and granted are upon the following terms and conditions:

1. The party of the second part, if he desires to avail himself of the benefits of the consent, permission and authority herein granted, shall cause the complete construction of said track within eighteen months from the date hereof, and in the event that he so avails himself of such grant, permission, consent, and authority, then he shall cause the complete construction of said track witain ninety days from the time he commences work thereon and within the period of eighteen months as above stated, and shall at no time in the construction of said track occupy for such purposes the street above mentioned for any length of time in excess of ten days, but in the event that party of the second part is prevented from complying with any of the above conditions by reason of any judgment of any court, or other good cause, then said Board of Public Works may grant a reasonable extension of time as to any one of the above provisions.

2. Said sidetrack shall be elevated and be supported by substantial and sufficient trestle work of either wood, iron, or concrete and be sufficiently high above said McDonald street so as not to be an impediment to the ordinary and proper use of said Street by the public, in accordance with plans and specifications, and which said plans and specifications shall first be submitted to and be approved by the Board of Public Works before the work of construction is commenced.

In case the grade of said McDonald Street should hereafter be changed or said Street be improved, and by reason thereof, or for other sufficient cause, it should become necessary, in the opinion of the Board of Public Works, to change said elevated track, the said second party shall be obligated at his expense, after notice so to do, to make such changes in said elevated track, and to make any necessary repairs, the same to be done in accordance with plans and specifications to be prescribed and approved by said Board. Said second party shall also be obligated to keep said elevated sidetrack in good and safe condition.

And in case of the failure of said second party to perform the obligations aforesaid by him to be performed, within reasonable time prescribed by and as directed by said Board, said Board may cause such changes or repairs to be made and in case the second party should fail to pay such cost or expenses within thirty (30) days from the time said Board shall have rendered a bill therefor, the said City shall have a right of action to recover such cost or expenses against said second party, together with a reasonable attorney's fee, for collection thereof.

3. In case hereafter the east and west tracks of said railroad company shall be elevated through said city, so as to make a change in said elevated track necessary, then, and in that event, the grant and permission herein given shall terminate, and party of the second part shall cause, at his expense, the removal of said elevated track, and place said street in as good and safe condition for travel and of the same material as the remainder thereof, unless said second party, at his expense, cause said sidetrack to be changed according to plans and specifications prepared by and under direction of the engineer in charge.

4. The party of the second part shall so construct and maintain his said track in such manner as to not in any way interfere with the drainage of the surface waters on said Street, and shall, when constructing said track over and across said Street, do the same under the direction of said Board of Public Works, and in the manner required by said Board.

5. The party of the second part further agrees and binds himself to keep and hold said City free and harmless from any and all liability, from any and all damages that may accrue to any person or property on account of any injury to their person or property growing out of the construction, maintenance or operation of any cars thereon by any person or corporation, and in case suit shall be filed against the City on account thereof, said party of the second part upon notice so to do by said City shall defend said action at his own expense, and in the event that judgment may be rendered in such action against said City, the party of the second part shall pay said judgment with all costs and hold the city harmless therefrom. The second party shall, whenever requested by the Board of Public Works so to do and within fifteen (15) days thereafter, execute to the party of the first part a bond with sufficient surety to be approved by the said Board of Public Works, payable to the said City in the sum of Ten Thousand dollars ($10,000.00), and conditioned for the faithful performance by the second party of all and singular the conditions and provisions contained in this contract, on his part to be performed, and will from time to time, whenever requested by said Board of Public Works renew said bond. Upon failure to furnish such bond or to renew any existing bond within fifteen (15) days after having been requested so to do by said Board of Public Works, the party of the first part shall at the option of said City, forfeit all rights hereunder, and this contract shall become null and void, the same as if never entered into, and the second party shall remove within ten days thereafter all property placed upon or over any of said Streets, under this contract, and on failure so to do, said City may remove the same and recover from said second party all expense by it incurred in so doing, and also recover from the second party any damages by said City sustained on account of the failure of said second party to remove the same.

6. It is further agreed that if the second party fails to comply with and perform any of the provisions of this contract by him to be performed, the consent, permission, and authority herein granted shall at once, at the option of said City, terminate, and second party shall forfeit all rights hereunder, and shall cause the removal, at his expense, of the track that may be laid and elevation which may be built hereunder, and place said Street in as good and safe condition for travel, and of the same material as the remainder thereof.

7. It is further understood and agreed that this contract and the provisions thereof shall be binding on the successors and assigns of the party of the second part.

8. The consent, permission, and authority hereby granted shall continue for the period of twenty-five (25) years from the date hereof.

Witness our hands and seals this..... day of..... 1916.

CHARLES R. BOERGER.

The Board of Public Works have fixed Thursday, the 28th day of December, 1916, at 7:30 o'clock p. m., when they will hear and consider objections or remonstrances against the above agreement or franchise, and on that day will modify, confirm or rescind said agreement or franchise.

NEW SURVEYOR MUST SUE TO GET RECORDS

Retiring Elkhart County Official Clings to Them, Claiming Fees.

Goshen, Ind., Dec. 6.—Although Charles L. Kinney, republican, was elected surveyor of Elkhart county at the election November 7 and has taken possession of the office, all of the records are being held by Willard M. Gillette, democrat, the retiring surveyor, who refuses to surrender them to his successor. Kinney has employed counsel and will bring legal proceedings against Gillette to compel him to turn over the records.

Albert A. Reith, democrat, resigned as surveyor before the election and Gillette was named by the county commissioners to fill the vacancy. As the democratic nominee for surveyor Gillette was defeated by Kinney.

Highway improvements now under way in the county amount to about $300,000 and Gillette contends that under the law this work must remain under his supervision for a year, even though he has been defeated. Although Kinney is surveyor, he has no income from the office, all compensation being in fees and Gillette claiming jurisdiction over all work begun before he retired.

Bulgarians Mobilize Labor for Production of War Munitions.

Amsterdam, Dec. 6.—Premier Radoslavoff, of Bulgaria, has announced that Sofia will follow the example of her allies and mobilize labor for the production of munitions, according to a Sofia dispatch to the Berlin Mittag Zeitung. Premier Radoslavoff is quoted as saying: "Nobody in Bulgaria dreams of peace until the allies are chased out of the Balkans and until Russia has abandoned forever her hope of capturing the Turkish straits."

You Can Be Richer

The Christmas season is here! Are you going to be poorer after it is over? What kind of gifts are you going to give your family and your home? Useless or useful? Wasteful or comfortable? Spurious or luxurious? And how are you going to get them? Are you going to empty your pocketbook, drain your bank account and have nothing left. Successful people think of these things even at Christmas time. Here is the Hadley store with its suggestions for gifts of comfort and luxury—gifts that will last a lifetime. Here you may secure credit terms which will tide you over the expensive Christmas season. Here are prices which will prove that you can buy these practical gifts even more cheaply on credit than you can for cash. Look them over and see for yourself.

CARRIES AUTO TO SIDEWALK.

O. R. Brokaw, 128 West Creighton avenue, had the sensation of riding his automobile rigth up on the sidewalk Tuesday evening, he reported to police. He says that his machine was struck by a large brewery truck, driven by Chris Koers, at the corner of Harrison and Pontiac streets, just before dark. The heavy truck was unable to stop at once and carried Brokaw's machine clear across the sidewalk, damaging front of the car, Brokaw reported.

HOME DRESSMAKERS NEED NOT WORRY ABOUT HANG OF HOME PRODUCTS THIS YEAR—ALMOST ANYTHING IS RIGHT.

At right, a jaunty black velvet costume with the long waist line for the street. The cape collar buttoned down the front is lined with white satin and white satin lines the edge of the sleeve so that it shows in the flare. The Pierrot pockets show a dash of white and white peeps out again around the feet. At left, a coat fashioned on straight Russian smock lines. It is gray duvetyn, the collar and muff of gray squirrel.

New York, Dec. 2.—Do you remember the good old days when fashion decreed one style and one style only and you met your prototype on every street corner?

We thought it wearisome then, but now we find it has its advantages—it's so hard now to select from the multitudinous styles that dazzle our eyes!

You can be anything now—Assyrian, Japanese, Polish or Russian.

Looking over the new models one sees straight lines and long waists. What has become of the tight basque?

"That could never last," says the sales party. "It made madam look too old, and besides, she couldn't eat enough!

One importer will insist that the waist line has gone up, others will place it around the hips. The answer is: Place it where you like.

And here's an absorbing question—are the skirts to be longer? Some say yes, others no.

Perhaps there's best a compromise by using both! Skirts are wayward and vagrant, they go down the sides and up in the back or they skirt the pavement in the back and hike above the boots on the side.

The home dressmakers need never worry about the hang of their home products this year!

Sleeves are beginning to blossom in strange places. They flare at every point except the shoulder, the flat smooth shoulder is with us. The width begins at the elbow.

Velvet is prophesied to be the coming rage in materials—soft, pliable velvet alone or combined with chiffon, satin, broadcloth or almost any fabric.

Nothing could be more alluring than the coats!

No longer need milady fear she will lose her muff, when it is firmly sewed to the front of her coat!

Whether or not we shall have a waist line is still disputed among tailors, but the Russian blouse with its long, loose waist still holds good, in spite of the prediction that coats are to be many-seamed and with a decided curve in at the waist, flaring at the hip.

Thus whirls the fashion, madder and yet more mad.

NEW BILL TOMORROW.

Musical Comedy and Special Vaudeville Features at Palace.

The musical comedy diversion, "The Girl Worth While," and its associated vaudeville acts close their brilliant engagement at the New Palace this evening, to be succeeded tomorrow afternoon and for the remainder of the week by a program of the sort of super-vaudeville that has kept the New Palace playing to capacity for weeks now. Boyle Woolfolk's merry little lyrical comedy presents two light comedy stars in Arthur Conrad and Primrose Semon to Fort Wayne in roles that are entirely congenial. Conrad's conception of Jim Dandy, the breezy traveling salesman, is reminiscent of George Cohan, while the vivacious Miss Semon does a Flora Fine, the vaudeville star, home in the tall grass for a vacation, and does it to a queen's taste.

The show opens with two crack vaudeville attractions, Johnny Small and Sisters, a trio of dancing delights, and Servo, who can make a piano accordion sound like a pipe organ, comprise this portion of the program.

The bill that opens tomorrow is featured by the Royal Hawaiians, a striking scenic production presenting the searching music of the far Pacific in an impressive manner. Among the other acts on this bill are Knapp and Cornell in a pot pourri of vaudeville; Leroy and Mabel Hart, Jack LaVier, Evans Lloyd and company in the sketch of New York life, "The Alternative;" Maurice Burkhart in his sensational singing speciality, "The Thief," and others.

HAS RAE TANZER'S OLIVER BEEN FOUND?

New York, Dec. 6.—Rae Tanzer, pretty factory girl, has hopes today that the Oliver Osborne arrested in Chicago is the Oliver Osborne she has been looking for for more than a year and that she at last may collect about $50,000 in one of the most tangled breach of promise suits in history.

Miss Tanzer sued James W. Osborne, former United States attorney, for $50,000, charging he was the Oliver Osborne who promised to marry her. It was shown James W. was not the man and a number of other Oliver Osbornes cropped up in the case. All were rejected by the pretty girl. She said none was the right Oliver.

Now the Chicago police say Charles H. Wax, arrested by them, has confessed he is the Oliver Osborne Miss Tanzer has been looking for. Miss Tanzer will get a chance to tell if he is.

With the time of the year on hand when the annual meetings of many of the local lodges are held, several more orders named officers for the coming year at the sessions Tuesday evening. The Woodmen of the World No. 3127 planned to donate a room in the new Hope hospital building. The officers elected by this order were: Harry E. Kline, venerable consul; Charles A. Liggett, worthy advisor; W. J. Fels, banker; S. L. Wass, clerk; Clarence Ramel, escort; George Smethers, watchman; Edwin Ketker, sentry; F. C. Wiedeman, trustee; Drs. Enslen, Bowers and Underwood, physicians.

St. Joe Council No. 3, C. B. L. of L., named officers as follows: William F. Ryan, president; David Rowley, vice president; Henry Nichter, chancellor; Jerome Kohrman, orator; J. J. Hauck, collector; Edith M. Martin, secretary; Florence Snyder, treasurer; Margaret Weick, inside guard; Anna Ueber, outside guard; Ben Harber, marshal; George Christen, John Ueber and Peter Schenkel, trustees. Delegates to the convention to be held in May, 1917, will be W. F. Ryan, John Ueber, Agnes Hensel and Ben Harber; alternates, Henry Nichter, Rose Ueber, Clarence Mensing and Frank Brucker.

Home lodge No. 342, F. & A. M., elected the following: D. Burns Douglas, worshipful master; C. G. Grubb, senior warden; W. Hitzeman, junior warden; F. Hilt, treasurer; F. D. Owen, secretary; E. F. Liebman, W. J. Haas and C. A. Meigs, trustees.

The officers named by Division No. 3, Ladies' Auxiliary of the A. O. of H. are: Mrs. Julia L. Cleary, president; Mrs. Marie Ryder, vice president; Miss Ruth Bonahue, financial secretary; Miss Julia Falvey, recording secretary; Miss Julia G. Cleary, treasurer; Mrs. Callahan, mistress of arms.

Wayne tent No. 54, Order of Maccabees, chose as follows: Warren Byrer, past commander; W. F. Miller, commander; Charles Hausbach, lieutenant commander; M. G. Rasmus, record keeper; S. G. Throckmorton, finance keeper; Thos. Florence, chaplain; O. F. Miller, sergeant; Fred Somers, master-at-arms; Charles Byrer, first master of guard; Ray O. Foltz, second master of guards; L. E. Wright, sentinel; Thos. O'Neal, picket; N. H. Crawford, trustee.

OUCH! BACKACHE! RUB LUMBAGO OR PAIN FROM BACK

Rub stiffness away with small trial bottle of old "St. Jacobs Oil."

Ah! Pain is gone!

Quickly?—Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Oil."

Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacobs Oil" is a harmless backache, lumbago and sciatica cure which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those tortuous "stitches." In a moment you will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from your druggist now and get this lasting relief.—Advertisement.

WALTER JOINS THE ARMY FOR AWHILE

But Mother Comes After Him and He Must Coax to Get Back.

Police received a call from Tippecanoe, Tuesday, asking them to keep a swarthy farm lad from joining the army. A patrolman was sent laboring up the steep steps to the rooms, on East Main street, where the window signs read, "Men Wanted." The officer reached the apartments five minutes too late.

Walter Marks had left the farm and was in the army. He was soon to be sent to Columbus, Ohio. But Walter is only fifteen years old, although he has the appearance of three more years.

Police telephoned to Mrs. George Marks, at Tippecanoe. She came to Fort Wayne. She rescued Walter from the ranks. But Walter insisted that he would follow no other calling except the one where men in blue and brass lounge in the cooling shade of tropical foliage, while somebody else hoists the flag and says "The soldiers are here."

Mrs. Marks said maybe she would return in a few days and allow Walter to enlist again.

"You might as well let me stay now," Walter argued as an added point why he was not to be raised to be a farmer, as the pair passed beneath the big blue flag and the rippling folds of "Old Glory," which flapped from the windows of the recruiting offices.

Cough Medicine for Children.

Mrs. Hugh Cook, Scottsville, N. Y., says: "About five years ago when we were living in Garbutt, N. Y., I doctored two of my children suffering from colds with Chamberlain's Cough Remedy and found it just as represented in every way. It promptly checked their coughing and cured their colds quicker than anything I ever used." Obtainable everywhere.—Advertisement.

SAYS NEW RACE IS BEING BORN.

Coming Americans to Develop New Faculties, Says Mrs. Bartlett.

Mrs. Harriet Tuttle Bartlett in her lecture at the Art School Tuesday evening stated that a new race is being born here in America and that that race is to develop new faculties. That many of the race will come possessed of the sixth and seventh senses, and that they will develop intuition as strongly as the old race has developed intellect, she asserted is a fact that will manifest itself to anyone who will study the matter.

These children are coming with supersensitive nervous organizations and unusual mental ability, but they are not understood by educators and at present are being placed in rooms, labeled for sub-normal children.

She makes a strong plea to parents not to allow any child to be dubbed sub-normal or have any sub-normal rooms as it places such a blight upon childhood. Call such rooms separate rooms or by any name that will not place a stigma upon childhood.

Mrs. Bartlett speaks again Wednesday evening in the same place at 8:15 upon "Biblical Symbolism in the Light of Recent Discoveries."

Engineers W. C. Hoppel, George B. Likely and Art Crapser, of the Nickel Plate, are off duty. The two first named are sick and Mr. Crapser is taking a rest.

SHOWS BAKERS' PROFITS.

Test at Toledo Indicates $7.16 on Each Barrel of Flour.

Toledo, Ohio, Dec. 6.—A profit of $7.16 is made by bakers on every barrel of flour baked into five cent loaves of bread, according to a baking test made at the municipal workhouse yesterday. The test was under the direction of city authorities and members of the Toledo Housewives' league.

The total revenue from a barrel of flour, it was found, is $16.41. Bakers have been paying $9.25 a barrel. The price of bread was increased by local bakers yesterday one cent on five cent loaves and two cents on the larger size.

Will there be Real Music in your home at Christmas?

There is no one so unmusical as to believe that a talking machine produces real music. At best, a talking machine, no matter how much it costs, no matter what artists make records for it, no matter what claims are made for it by its manufacturers, gives only a hollow imitation of the original music.

The NEW EDISON is not a Talking Machine

This new invention of the world's greatest inventor is in no real sense a talking machine.

It represents more than two million dollars spent in research work by Mr. Edison.

It represents the achievement of his ambition to produce a musical instrument which Re-creates all forms of music so perfectly that the original cannot be distinguished from the Re-Creation.

By hundreds of tests, before hundreds of thousands of music lovers, it has been proved conclusively that when an artist sings—or plays—in comparison with the New Edison's Re-Creation of that artist's performance, it is impossible to distinguish the original from the Re-Creation.

The music critics of more than 200 of America's leading newspapers testify to this fact in the columns of their own papers. We shall be glad to show you what the critics say.

Hear this new Invention

Come to our store and let us give you a concert of Re-created music. Come at any time. You will always be welcome. There is no obligation to buy. We merely want you to hear what we consider the world's greatest musical instrument.

THREE ARE SHOT IN FIGHT FOR A HOUSE

Family at Connersville Resists Ejectment With Revolvers.

Connersville, Ind., Dec. 6.—Patrolman Harry Daniels is in a serious condition with a bullet wound in his thigh; Robert Agee, 45 years old, is at the point of death with two revolver bullets in his back, and Agee's 16-year-old son, Carl Agee, is seriously wounded as a result of a pistol battle fought at the Agee home in this city at 7 o'clock last night. Night Patrolman Adams shot the Agees after the father had fired upon Daniels. The shooting occurred when the officers were sent to a house on Eastern avenue to order the Agees to vacate a rented dwelling.

The patrolman had been warned by Agee not to attempt to enter the house. The policeman jumped passed the men as they were barricading the door and attempted to disarm them. Agee and the boy swung around and pointed revolvers at the policemen, while a revolver in the hands of Mrs. Agee was placed against the back of one of the patrolmen.

Officers Clubbing Man.

In the scuffle which followed the officers were clubbing Agee, when he pointed his weapon at Daniels and fired. Just as Agee pulled the trigger Patrolman Adams shot him, the bullets taking effect in his back, one on each side of the spine. Adams then turned upon Carl Agee, who was still holding his revolver, and fired at the younger man. Agee fell to the floor with a bullet in his thigh.

The wounded men were placed in a hospital, where doctors say there is little possibility of the recovery of the elder Agee.

Patrolman Adams announced that he was ready to surrender himself if a charge was filed against him, but Sheriff Hendrickson and Chief of Police Gillespie ordered him to continue his work.

Woman Forgets to Fire.

Mrs. Agee is said to have admitted that she intended to shoot Adams at the same time her husband shot the other patrolman, but in the excitement she failed to pull the trigger of her revolver. She is expected to be placed under arrest tomorrow. Agee, it is said, admitted that he was the first to fire.

The Agees had been ordered by their landlord to move, but they refused to vacate the house. They informed persons in the neighborhood that they would kill the first person who ventured through the doorway. The husband had bought two revolvers and the son also was supplied with a weapon.

BAKERS WILL TEST BREAD ORDINANCE

Say Misunderstanding Has Caused Short Weight Charge.

Miss Understanding, that elusive dame who causes most of the human woes, is blamed for the muddle in which six Fort Wayne bakers find themselves as result of short weight charges brought by City Sealer C. B. Tolan.

Bakers say there was a misunderstanding about the city law and that from council discussions on the subject they thought they would be allowed to cut the bread loaf sizes in order to keep even with the heartless attack of high cost of all baking materials.

The six bakers against whom charges were brought, intend to have the city bread code thoroughly tried out. They do not think the law as it stands now is just. They claim it exposes them to loss which no other trade in Fort Wayne is subjected to.

George Haffner says that the city ordinance is obsolete and does not allow for such soaring prices as hold out today. Haffner virtually drew up the present bread code, but he explains that conditions have changed in the past eighteen years, since he helped form the law.

Cases against the bakers were continued until next Tuesday morning in police court, Wednesday.

Attorney W. N. Ballou will defend the six baking companies. City Attorney Guy Colerick will assist in the prosecution. The cases promise to be stubbornly contested.

"I am doing my duty," Tolan explained, Wednesday. "I am not hunting trouble but as long as the present law stands I want to see it obeyed."

City bakers against whom charges are filed say they would have remedied conditions with proper warning. There was no intention to violate the law, they state. They have given Fort Wayne a better grade of bread and more of it for the money, than in any other city of this size in the country, they maintain.

Tolan charges that bread from Peru is brought into Fort Wayne and sold in the full sixteen ounce loaf for five cents, whereas local bakers charge six cents for a smaller loaf.

DAIRY COMPANY IS SUED FOR DAMAGES

James W. Menefee Asks $1,100 for Accident to His Automobile.

James W. Menefee has filed suit in superior court for damages of $1,100 against the Maumee Dairy company alleging the front end of a truck of the defendant company struck an auto in which he rode at the intersection of DeWald and Lafayette streets damaging the car. The speed of the truck is placed at twenty-five miles, the accident causing the car to be thrown against an electric light pole. Vesey & Vesey are attorneys for the plaintiff.

Expense Account Filed.

Harry Muller, candidate for representative on the democratic ticket, has filed an expense account with D. C. Stout, county clerk, showing that he spent $86.45. The expenditures were divided as follows: Contribution to the campaign fund, $50; advertising in shop league, $2.80; printing and cards, $24.65; newspaper advertising, $5.35, and cuts, $3.75.

James M. Brown, socialist candidate for county commissioner, has filed a statement showing he spent nothing in making the race for election.

Maloney Will Filed.

The will of John Maloney has been probated in circuit court. It was dated September 16, 1916, and all of the property is given to the widow. Will of John H. Gerke, also probated, bequeaths all property to the widow with a provision that at his death the widow execute a will providing for their three daughters. A hundred-acre farm in Wayne township is bequeathed a son. The son, in a year, is to give each of his sisters the sum of $1,000 and further provide a home for his mother. August E. C. Becker is appointed executor.

Will Hear Case December 8.

A member of the industrial board will hear the case of Anthony Novitski against John Koorsen, jr., in the court house, December 8. Novitski alleges injury while working for Koorsen as a painter. Somers & Kennerk appear for the plaintiff and Hans C. Meland and George Fielder are counsel for the defendant.

Schedule Is Filed.

S. Bash & Company, bankrupt, have filed a schedule with Sol A. Wood, referee in bankruptcy, showing total debts of $72,139.06 and the gross estimated value of the holdings to be $12,000. There is $6,388.55 in unsecured claims.

Final Discharge.

In the bankruptcy of Copeland & Co. the special master has announced the final discharge of Lawrence and the petition of Louis Copeland was denied.

Election Expense Accounts.

Election expense accounts have been filed by Phil M. McNagny, candidate for joint representative from Allen and Whitley counties, showing that he spent $90, and by H. T. Purfield, candidate for representative on the prohibition ticket, showing that he spent $1. E. W. Nestel, socialist candidate for county treasurer, files a statement showing nothing spent.

NO FLAT BIDDING ON NEW U. S. WARSHIPS

Washington, Dec. 6.—The Newport News Ship Building and Dry Dock company and the Cramps in proposals submitted to the navy today offered to build four battle bruisers at cost plus 10 per cent for profit. The Union Iron works of San Francisco and the Fore River Ship Building company offered to build the ships at cost plus 15 per cent. None of the companies made flat bids.

The Newport News company fixed the time for construction at fifty-one months with the turbo electric propulsion. The Union Iron works and the Fore River company submitted similar proposals for one ship, each to be completed within forty-eight months. They proposed also a sliding scale under which their profits would be increased by speedy construction or decreased by delay.

WHITE IN OPPOSITION.

Washington, Dec. 6.—Compulsory physical examination for wage earners was opposed today by President John P. White, of the United Mine Workers of America, in an address before the conference on social insurance. He said it meant only that those who passed the test would be subjected to greater strain than previously.

GEN. VON MACKENSEN HAS MOVED SWIFTLY

His Campaign in Rumania Almost Unparalleled in History.

With the German Armies Before Bucharest, Rumania, Monday, Dec. 4.—(By Courier to Hermannstadt and Wireless to The Associated Press via Sayville, Dec. 6.)—The armies of Field Marshal von Mackensen and Gen. von Falkenhayn after a campaign the rapidity of which has been almost unparalleled in military history have swept through half of Rumania, have crushed the resistance of the Rumanians at one strategic point after another and now having driven the Russo-Rumanian forces beyond Bucharest, both to the north and the south of the capital, are clamping their tentacles on the Rumanian city from three sides.

Whether the Rumanians will elect to endeavor to defend the fortified capital is a question which the next few days will decide. The Associated Press correspondent was privileged to accompany the forces of von Mackensen and von Falkenhayn in their dash through Rumania. The seeming demoralization of the Rumanian troops in the opinion of German military officers make an attempt to defend the fortress a desperate venture.

The advance of the Teutonic forces in western Rumania has been so rapid that the military staffs have been forced to change their bases at intervals of only a few days to keep up with the troops and to lay plans for settling in towns not yet captured. A trip of 1,000 miles by automobile in this region just completed by The Associated Press correspondent showed how difficultt it is to move as quickly as the invading forces.

The advance, which often has averaged twenty or more miles a day, has been possible mainly for two reasons. First, is the seeming demoralization and lack of leadership of the Rumanians, evidenced by the capture of entire staffs and large sized units, with many guns and much material, by insignificant German detachments which often amounted only to cavalry patrols. Second, is the amazing offensive speed of the Germans which was indicated by the fact that the correspondent frequently close behind the front pressing forward troops which had been seen but a few days previously miles behind in the Transylvanian passes.

APPEAL IS HEARD FOR BARGE CANAL

Washington, D. C., Dec. 6.—The rivers and harbors board this afternoon heard the appeal of the Erie and Michigan deep waterway enthusiasts on the report filed by the army board last summer relative to the construction of the Toledo, Fort Wayne and Chicago barge canal.

The brief prepared by T. E. Ellison, of Fort Wayne, was read by Frank B. Taylor, of Fort Wayne, and he also read one prepared by himself. C. B. Williams, of Huntington, who is a delegate to the congress, also made oral arguments and read a brief before the board. The briefs and arguments ask the board to reject the adverse report, postpone the matter or order a resurvey.

MAY USE AUTO AT HIS INAUGURATION

Wilson to Set Another Precedent—Harper Chosen Inaugural Chairman.

Washington, Dec. 6.—Robert N. Harper, a Washington bank president, has been selected as chairman of the committee to have charge of the ceremonies here next March incident to President Wilson's second inauguration.

Formal announcement of Mr. Harper's selection probably will be made tomorrow. As in the case of Mr. Wilson's first inauguration there will be no inaugural ball, but a reception or some other social affair may take its place. The ceremonies will include a parade. Four years ago the president rode in a carriage drawn by horses, but it is considered possible at his second inauguration he may use an automobile, thus establishing a precedent.

FEDERAL COUNCIL OF CHURCHES UNDER WAY

St. Louis, Mo., Dec. 6.—The third quadrennial convention of the Federal Council of Churches of Christ in America opened here today. Approximately 500 delegates representing 18,000,000 communicants of thirty protestant churches are attending.

Sessions today were largely formal. Election of officers is to take place late this afternoon. Tonight addresses of welcome will be given and Professor Shailer Matthews, retiring president, will deliver the annual address.

CHANCE TO LOOK INTO VOTE FRAUDS IN OHIO

Secretary of State Orders Preservation of Ballots Cast There.

Columbus, Ohio, Dec. 6.—Acting upon the request of Charles H. Hatfield, chairman of the republican state executive committee, Secretary of State Charles Q. Hildebrandt, as chief election officer of the state today requested all county boards of election in Ohio to give opportunity for an investigation of charges of irregularity and fraud.

The charges were filed with Secretary Hildebrandt by the republican state executive committee. After considering for two weeks the question of demanding a recount with a view of possibly offsetting the 6,616 plurality of James M. Cox, democrat, for governor over Frank B. Willis, republican, it was the decision of the republican leaders not to go into the courts and demand a recount at this time, but to appeal to Secretary of State Hildebrandt to request that the ballots be held up until further investigation can be made. Under the law the ballots would ordinarily be destroyed tomorrow at the expiration of thirty days from the election.

State Chairman Hatfield said he had turned over to the secretary of state many affidavits of election officers in which charges of irregularity had been made in counting the vote. Affidavits have been secured in Cleveland, Toledo, Columbus and other cities, it is said. These affidavits will be presented to boards of election in the counties where the charges are made for an investigation.

BONUS FOR COPPER MINERS.

Seventeen Thousand in Lake Superior District to Participate.

Houghton, Mich., Dec. 6.—Approximately 17,000 of the 25,000 employes of copper mines in the Lake Superior district will participate in a bonus to be distributed on the first pay day of 1917. This bonus is an increase of 25 cents over the regular wages for every day to all employes who have worked steadily from July 1 to December 31.

SHOW CONTINUED INCREASES.

Washington, Dec. 6.—Continued increases in the net operating revenues of railroads and express companies were reported today to the interstate commerce commission. Figures from 158 of the principal railroads showed that in October net revenues were $111,850,629, as compared with $100,237,807, a year ago.

The eight principal express companies reported an increase in net revenues from $666,650 in August, 1915, to $1,076,789 in August, 1916.

CASE NEARS COMPLETION.

Buffalo, N. Y., Dec. 6.—The case against John Edward Teiper, alleged murderer of his mother and brother, was near a close when the trial was resumed today. District Attorney Guy Moore said not more than five witnesses remained to be called by the prosecution, including Dr. Charles A. Pentz, a blood expert, who examined discolorations on the coat and collar worn by Teiper on the night of the murders and the bloody hammer and tire irons with which the murders are alleged to have been committed.

ANOTHER CAR ADDED.

The Peerless Dry Cleaning company has added another car to its delivery service. This is done in order to serve patrons promptly.

WILL TRY TO SMASH ALL RECORDS IN AIR

Norwegian Comes to Attempt Flight Across Atlantic.

New York, Dec. 6.—Purposing to make a trans-Atlantic flight in an airplane carrying four men, with an attack of Ruth Law's non-stop cross-country record by a flight from Chicago to New York as a preliminary warming feat, Lieutenant Kjll Nyegaerd, a Norwegian, recently of the French flying corps, and Captain Hugo Sundstedt, formerly of the Swedish navy flying corps, arrived here today on the Espagne to begin preparations for their attempts at record smashing.

They said they planned to start their flight across the ocean in April, going first from New York to St. Johns, New Foundland, and thence to some point on the west coast of Ireland. They expect they said, to use a machine weighing ten tons, but have not yet selected the type they will employ, intending to look over carefully all American models. Nyegeard claims to have a flight from Stockholm to Paris to his credit.

RAIL MEN'S PETITIONS IN.

Plea Signed by 300,000 Not Affected by Adamson Law.

Washington, Dec. 6.—Petition in behalf of the 80 per cent. of railroad employes not affected by the Adamson law and signed by 300,000 of them were presented to the senate today by Senator Newlands. The petitioners complained of having been discriminated against and contended congress should extend such legislation to all employes. They favored fixing wages by a federal commission and compulsory arbitration.

Senator Gallinger presented a petition from track men asking to be included in the operation of the Adamson law.

SAVING DAYLIGHT IS EXPLAINED TO ROTARY

R. W. Smith, of Wayne Knitting Mills, Speaker at Noon Luncheon.

R. W. Smith, advertising manager of the Wayne Knitting Mills, explained the plan of daylight saving by setting up the clock an hour (eastern time) before a noon luncheon of the Rotary club, Wednesday. James O. Craig, of Chicago, immediate past president of the Chicago Rotary club, was a guest of the club and spoke. E. C. Miller announced suggestions had been made to him that the Rotarians do something for children on Christmas and it is probable that the club will furnish Christmas cheer for those in need.

The plan of setting the clock to have but 3 hours of daylight before 7 o'clock in the morning and three hours after 6 o'clock in the evening was outlined. On December 22, the shortest day in the year, there are nine hours and four minutes of daylight, and on June 22, the longest day, there are fifteen hours and fourteen minutes of daylight. The plan has been tried in Detroit and Cleveland with success and in a vote taken recently on a continuance of the daylight saving plan (eastern time), the count was 32,000 out of 48,000 for the plan's continuance. Secretary of War Newton Baker, has endorsed the plan as successful in Cleveland.

The only inconvenience in the plan would be to traveling men or out of town buyers, but both classes could easily adjust themselves to the new system of time. Boston and Rochester have both taken an interest in the plan, and in Rochester a vote of forty-two persons showed that twelve favored the plan, fourteen still had it under consideration and two more were against the plan.

Has Many Advantages.

The daylight saving plan is not a scheme to get a one or two hour working day or a way of manufacturing sunlight out of gardens, the speaker said, but he said the added hours of daylight in the evening would encourage persons to beautify their premises and promote better upkeep of property. Since not more than five per cent. of the public is represented in the traveling fraternity, Mr. Smith thought Fort Wayne could easily adjust itself to the daylight saving plan as the travelers could become accustomed to the change of time. The saving in cost of artificial light to the business man was also cited as a result of the daylight saving idea. Cleveland, Mr. Smith said, saved $200,000 the first six months the plan was in operation, and Detroit saved $300,000 the first year.

On behalf of the Chicago Rotary club Mr. Craig extended a hearty invitation for Fort Wayne Rotarians to visit the club at any time and urged a closer relationship between the two clubs. He said the Chicago Rotarians were planning to give 500 or 600 baskets to the poor children of Chicago, and he strongly endorsed the plan of giving Christmas cheer to the needy of Fort Wayne.

ADDRESSES DEFENSE COUNCIL.

Wilson Calls It First Practical Effort for Co-Ordination.

Washington, Dec. 6.—Speaking to members of the national council of defense after its first session here today, President Wilson declared the council represented the first practical effort to co-ordinate the military, industrial and economic resources of the nation. He added that the council should be able to unite the forces of the country for the victories of peace as well as those of war. The president discussed the objects and work of the council informally with the members.

MAY BE INVESTIGATED.

Washington, Dec. 6.—After a conference with President Wilson today, Chairman Henry, of the house rules committee, said he though an investigation would be made by congress of the high cost of living. He declared the president apparently had not finally made up his mind as to what should be done, but was studying the question thoroughly.

LOTS OF LIGHT FOR CHRISTMAS CHEER

More Records Set by Heavy Pull on Electric Power.

Gathering of the Christmas cheer is causing the wheels to turn faster in the power stations of the city light department. Every day, as stores keep open later and show windows are flooded by more light in order to give a more effective sparkle to the displays of gifts, the load on the city light dynamos grows greater.

The new record for the most intensive use of electricity was made on Tuesday, just before seven o'clock. The peak load was 23,050 kilowats.

Tuesday of last week set up a new mark for the heaviest day in the history of the city lights. The mark was 29,700 kilowat hours. The best former record was 28,170 kilowat hours, made on November 22. Best day of last year showed 26,180 kilowat hours. Before Christmas comes another record will be made, Frank Dix, superintendent of the light department, predicts.

Workmen for the light department are installing eleven new arc lights and four alley lights in spots over the city where blackness formerly held sway.

Lots of Chicken-Pox.

Chicken-pox has come to town to damage the school attendance record. Several children are out of nearly every grade school because of the ailment. There have been no serious attacks of the disease so far. Only the inconvenience of being kept in doors and of being "broke out." But all over the city can be found fruits of the scattering of chicken-pox germs. There is little other contagion reported in the city. There are a few cases of whooping cough, six cases of scarlet fever and three cases of diphtheria on record at the health board office.

They Paid Later.

Sheriff Gladieux has just paid over $296 to the city clerk, which is the amount he received from persons who were sent to jail from police court and who decided later to pay a part of their fine rather than stay in jail longer than was absolutely necessary. This amount was for the month of November. The fund, contributed by those who later decide to pay a part of their funds, runs about $3,000 a year.

Birth Record.

Born to Mr. and Mrs. Thomas Hunt, 1042 Hunt street—a boy.

To Mr. and Mrs. Herman Berg, 1234 Fletcher avenue—a boy.

To Mr. and Mrs. John E. Herbert, 214 West Leith street—a boy.

Building Permit.

Building permit was issued to Peter Schenkel and Son, to erect a dry cleaning plant at 2119-2121-2127 Maumee avenue, at cost of $2,800.

Case of Diphtheria.

Mary Dnure, four years old, 809 Archer avenue, is reported to the board of health to be suffering from an attack of diphtheria.

150,000 AHEAD OF SPRINGFIELD LEAGUE

Red Cross Seals Sales Reach 250,000 Mark on Wednesday.

According to a communication received Wednesday morning by Miss Irene Byrons from the executive secretary of the Springfield, Ill., league, which challenged the local league in the sale of Christmas seals, the Fort Wayne organization is leading by a margin of over 150,000.

The sales Wednesday brought the total up to 249,483. It has been reported that the sale of the seals in the various stores is large. The boy scouts will begin their work next Saturday. The seals will be given them through their scoutmasters.

Those who purchased seals Wednesday are as follows: Five dollar sales—Banner Laundry Co., Fort Wayne Lumber Co., Cigarmakers' union, local No. 37. Three dollars—Deister Machine Co., Pickard House Furnishing Co. Two dollars—Knights of Pythias, Golden's Quality shop, Maumee Dairy Co., Barber's Union, No. 14, H. A. Wiebke, C. F. Bicknell, F. A. Boucher, C. J. Ulmer. One dollar—F. Rodenbeck, John J. Ogle, Mrs. William Wulfe, Churubusco; E. W. Kime, Mrs. C. H. Marhenke, C. W. Harrout, S. K. Frankenstein, G. E. Muhler, Harmon Lunch room, H. FAREWELL BANQUET FOR ELECTRICIANS

A. J. Magley and H. C. Bryan to Be Honor Guests at Elks Temple.

A. J. Magley and H. Clifton Bryan, electrical engineers, the former in the transformer department and Mr. Bryan in the large machine production department of the General Electric works, will be the guests of honor at a banquet at the Elks' Temple tomorrow night, at which there will be sixty plates for as many Purdue and other university graduates employed at the General Electric works. Mr. Magley and Mr. Bryan sever connection with the big works next Saturday and leave immediately to take up other duties. Mr. Magley goes to St. Louis to take a responsible position and Mr. Bryan goes to Benton Harbor, Mich., for a similar purpose. Each has worked at the big plant on Broadway for several years and has made friends of every person with whom they came in touch there and in other circles. The anticipation of pleasure from the banquet is more than offset by regret that these young men are soon to sever associations that have been most pleasant to all.

IS SEVENTY TODAY.

One of the youngest old men in the city today is Rosser J. McClure, of the Bowser works. He is starting on the seventy-first year, but nobody not otherwise informed would suspect it, for he looks like a man of fifty. Mr. McClure has resided in Fort Wayne thirty-one years, except the several years he represented S. F. Bowser & Co. in Kentuck and Great Britain. He came here to take charge of the business end of the Gazette, which was then owned by Prof. N. R. Leonard. Two years later he resigned to engage in business. Twenty-three years ago Mr. McClure became a salesman for S. F. Bowser & Co. and for a few years had territory in Kentucky. Recognizing his abilities, Mr. Bowser recalled Mr. McClure and sent him to London, where he was most sucessful in handling the company's business. Two years later Mr. McClure returned to America and resumed charge of his old territory in Kentucky. Several years ago he was assigned duties in the main office in Fort Wayne, where he has been ever since. Mr. McClure is held in high regard at the Bowser offices and works and when it became known that this was his birthday he was showered with congratulations.

FOUR ARE INJURED.

Miss Hattie Jorey, who took employment in the department at the General Electric works presided over by Foreman A. T. Kessler yesterday morning, was slightly injured and badly frightened a few hours afterwards. While she was operating a machine the sleeve of her waist was caught in it and the garment torn and her arm cut and scratched, but not seriously. Paul Gensel, of the same shop, was more seriously injured. His left hand was caught in the machinery and a nail of one finger was torn off and the end of another finger was lacerated. Dean Smith, employed in another department of the works, was struck by the ragged edge of a pipe and one of his wrists was cut and bruised painfully, and John Langhor suffered painful burns on one of his hands by an electric flash. Dr. F. J. Scheulz attended all the unfortunates.

ELI SLUSSMAN PROMOTED.

The immense traffic at this point on the Nickel Plate has created a demand for greater yard facilties, and Supt. W. F. Patterson has appointed Eli Slussman as assistant yard master. How long Mr. Slussman will retain the office depends upon the business at the yards, which at present is the heaviest in the history of the company. Mr. Slussman has been employed on the Nickel Plate about twenty-eight years. He began work as a brakeman, but the loss of an arm twenty-five years ago incapacitated him for train work and he became a caller, in which capacity he worked up to the present time.

ONE OF THE BEST MEETINGS.

Nearly the entire membership of the Bowser Efficiency club and a number of others not directly connected with the club assembled in the club rooms at the Bowser plant last night to hear Rev. E. Q. Laudeman and Y. M. C. A. Secretary E. W. Pierce talk. The former spoke on the "Hidden Spring" and Mr. Pierce spoke on Y. M. C. A. matters. Each lecture was exceedingly interesting and was declared to be the best of its kind heard at the Efficiency club rooms this season. The speakers will be asked to repeat their lectures some time during the present club season.

TRAIN LOAD OF OVERLAND AGENTS.

A special train carrying the representatives and agents in Texas of the Willis-Overland Automobile company, will pass through the city over the Wabash early next Monday morning, enroute to Toledo. The train will consist of twelve sleeping cars and a baggage car and will carry several hundred people. It will pass through Fort Wayne on the return trip Tuesday night. The Willis-Overland people are entertaining all their agents, taking them by states, this winter and Monday and Tuesday of next week have been set aside as Texas days.

TO THE KNEIPP SANITARIUM.

Frank Perry, G. R. & I. passenger engineer, who has been very sick at his home on Gay street for several weeks, is to be taken to the Kneipp sanitarium, near Rome City, today. He is very sick with bright's disease and it is hoped that he may find the relief at the sanitarium that he could not get here. Mrs. Perry is also sick at the St. Joseph hospital, with little prospect of recovering. Engineer Perry is a member of the Elks and of the B. L. E. and the membership of those orders are greatly disturbed over his condition.

WILL INSPECT ENGINE WORK.

C. J. Aiken, who has been doing special work in the piece work department at the Pennsylvania shops, left today for Philadelphia, where he will assist Paul A. Meyers in inspecting locomotive construction work at the big Baldwin plant. The Baldwin people are building a number of locomotives for the Pennsylvania company and Mr. Meyers has been directing the inspection part of the work for the Penny company for six months and may continue that work for a number of months.

MACHINISTS TO MAKE VISITS.

Machinist E. W. Zimmerman, of the Pennsylvania erecting shop, accompanied by Mrs. Zimmerman, left today for Mansfield, Ohio, to spend some days with relatives and friends. Machinist J. Michales, of the same shop, with his wife, daughter and son, will leave tomorrow for Milwaukee, Wis., on a visit with friends, and Machinist E. E. Benker, also of the erecting shop, with his wife and daughter, will leave tomorrow for Dayton, Ohio, to visit friends.

NEW EMPLOYES AT 'LIGHTS.

A number of new employes have been enrolled in the small motor department of the General Electric works during the past week. Among them are Miss Lillian Gindlesparger, Miss Bertha Lange, Miss Mollie Harris, Miss Vivian Raudabaugh and Henry Marsh. Miss Raudabaugh is a clerk in the assembling department. The others are employed in the machinery department.

THIEVES GOT ONLY $1.40.

The thieves who stole the American Express company's safe from the depot at Montpelier, Ind., a few nights ago, were not very well paid for their trouble. The safe contained $400 worth of traveling checks which are worthless until signed and stamped, and $1.40 in cash. The safe was taken through a window and it has not yet been recovered.

PLENTY OF WORK; SHORT ON HELP.

"We have lots of work and not sufficient force to do it," was the way William J. Welch, general foreman of the Wabash shops, answered an inquiry for news this morning. "We are particularly short on machinists," continued Mr. Welch. The shops are being operated full time and some of the departments are running at night.

J. F. BETTS RETURNS.

Division Operator J. F. Betts, of the G. R. & I., was in his office again this morning, after a vacation trip to the east covering a period of ten days. He was accompanied by Mrs. Betts and they visited a number of the important cities in New York and Pennsylvania.

RETURNS TO THE WABASH.

Charles Grimes is again an employe at the Wabash blacksmith shop, under Foreman C. L. Hepp. Two years ago he resigned there and took employment with Blacksmith Foreman H. C. Lepper at the General Electric works and this morning he resigned and returned to the Wabash.

NEW AGENT AT DIXON.

A bulletin issued by Supt. Otto Schroll, of the Pennsylvania, states that C. J. Turney has been appointed freight and passenger agent at Dixon, Ohio, for the company. He succeeds J. R. Pett, who is promoted and transferred.

AT TERRE HAUTE ON BUSINESS.

B. F. Sarver, general foreman of the boiler department of the Pennsylvania, will return from Terre Haute tonight. He went there two or three days ago on business for the Pennsylvania company.

MR. STOCKER SICK.

H. E. Stocker, the head of the production department at the General Electric works, is suffering severely with the grip and has not been able to get to his office for two or three days.

INDUSTRIAL NOTES.

Nickel Plate Conductors C. F. Goodyear and M. Compton are sick and off duty.

Scott Bell took employment in the punch press department of the General Electric works this morning.

Engineer H. L. West and Fireman M. Rockwell are taking a lay off, the latter to go hunting.

D. J. Trail, traveling passenger agent of the Union Pacific road, was in the city today.

J. A. Fox, Nickel Plate fireman, reported yesterday, after a few days lay-off for rest.

W. Thielker, of the Pennsylvania boiler shop, is off duty on account of the funeral of a relative.

E. C. Haase, who was sick a few days, resumed work at the Pennsylvania machine shop this morning.

Pennsylvania Machinist W. J. Farnan, of the lathe room, will spend the latter part of the week with friends at Warsaw and do some rabbit hunting.

Ray Kemp, who was off duty yesterday to move his family into new quarters, resumed work at the Pennsylvania shops this morning.

Donald Damon was kept from his duties as messenger in the distribution department of the General Electric works by sickness yesterday.

Walter Collins, who had been in Montana two or three weeks, resumed work in the drafting department of the General Electric works yesterday.

I. E. Ehringer, sick for six months, was able to report for work in the Pennsylvania boiler room this morning.

Mr. and Mrs. E. E. Richey will spend the week-end at Crestline, O. Mr. Richey is employed as a Pennsylvania machine operator.

Parsenger Engineer George W. Kensill, of the Pennsylvania, is confined to his home by illness. His condition is not serious.

Nickel Plate Fireman F. W. Leidolf, who had been disabled by an attack of rheumatism a week, reported for work yesterday.

Mrs. Pansy Friecke, of the small motor production department of the General Electric works, is off duty on account of sickness.

Fireman A. S. Ayers, of the Pennsylvania, who was taken sick early in October, was able to resume his duties on the road this week.

John Marrs and Lawrence Lachlan, of the punch press department of the General Electric works, are off duty on account of sickness.

Frank Hoffman, of the small motor department of the General Electric works, is the proud father of a bouncing baby boy.

G. T. Holden and his bride have returned from their wedding trip and he reported for work as fireman on the Nickel Plate yesterday.

Foreman Harry Emerson of the lathe department of the Pennsylvania machine shop and Mrs. Emerson will visit Chicago the latter part of the week. He will take a look at the fat stock show.

George Schmidt, a cabbuilder at the Pennsylvania shops, is disabled by a lame foot and may not be able to work for several days. The member was not injured.

Anthony Hanger, assistant yardmaster of the Nickel Plate, has been in Cleveland, his former home, for two or three days, visiting relatives and friends.

E. H. Beyers, who had a foot injured while at work in the Pennsylvania car machine shop three or four weeks ago, has recovered sufficiently to resume his duties this morning.

Walter Neimeyer, clerk for Foreman F. A. Opatz, of the Pennsylvania blacksmith shop, found a neckpiece such as women wear, on the sidewalk a few days ago.

A. C. Williams, traveling freight agent of the Canadian Pacific company, called at the General Electric works and other industries today in the interest of his company.

O. C. Wright, assistant motive power engineer of the Pennsylvania, who is engaged in special work at Cleveland, spent the day in his office, leaving this evening for Cleveland.

No. 9 on the Wabash this morning carried two baggage cars and a coach extra out of Fort Wayne to accommodate the "Katinka" company, fifty-four people, who were taken to Kokomo.

Engineer Peter O'Hara, who was sick a few days, is again at the throttle of an engine pulling a local train between Lima and Crestline. He is a Fort Wayne man, being transferred to the Crestline local several months ago.

Mrs. J. W. Donivan, who has been with her sons in Portland, Ore., several months, will not return here until the holidays. Her husband, Conductor Donivan, will not go to Portland this winter. He was out there last spring.

Passenger Engineer E. W. Crosby, of Nickel Plate trains 1 and 4, has returned from Akron, Ohio, where he and Mrs. Crosby went several days ago to attend the wedding of a relative. He resumed work on the road yesterday.

Mr. and Mrs. Louis Walbright, retired farmers, have returned to their home in McCool Junction, Neb. Mrs. Walbright is a sister of Henry Uhlenhake, the Nickel Plate caller, and she and her husband were visiting at the Uhlenhake home three weeks.

Ed Dailey, of the General Electric works, requests the statement that he was not the man arrested for playing craps in the lumber yards of the Gilmartin company last Sunday. Some fellow used his name, much to the annoyance of Mr. Dailey.

Machinist William F. Meyer, of the Pennsylvania tool room, received news through the mail yesterday of the birth of a son to Mr. and Mrs. Max Carry, of Pittsburg. The happy father is a former student of Concordia college and was one of the best players in the college ball team. Last season he played left field with the Pittsburg National team.

Grover Blair, assistant to his father, Track Supervisor R. A. Blair, of the Nickel Plate, had an unpleasant experience in a "speed" trip to Claypool, Monday. He was following a freight train, which stopped out on the road. Just at that moment it began to rain and for an hour there was a downpour little short of a cloudburst. He was soaked to the "hide" when he reached Claypool and his usually good nature was considerably ruffled.

Yesterday was the ninety-first anniversary of C. B. Seibts and the day revived in the memory of John Franke, machinist at the Wabash shops, the fact that fifty years ago he worked in the Rock Island shops at Twelfth and Clark streets, Chicago, when Mr. Seibt was the shop storekeeper. Mrs. Seibt, who is also living, is eighty-five years old and the aged couple are still quite active. They reside with their son, William Seibt, a toolmaker at the Bowser plant, at 2919 Lafayette street. Louis Seibt, general foreman at the Fort Wayne Foundry and Machine works, is also a son of the aged couple.

SHOULD MAKE A MILLION FOR HIM

Cincinnati man discovers drug that loosens corns so they lift out.

Local druggists are having a tremendous call for freezone, the drug which is said to shrivel a corn, root and all, without any pain.

A few drops applied directly upon a tender, aching corn relieves the soreness at once, and shortly the entire corn, root and all, lifts right out with the fingers.

This new drug is being dispensed at small cost in quarter ounce bottles, which is sufficient to take off every hard or soft corn from one's feet. It is a sticky substance which dries at once, and does not inflame or even irritate the surrounding tissue or skin. There is no excuse for anyone inviting death by infection or lockjaw from cutting their corns now.—Advertisement.

OWEN WITHHOLDS ACTION.

Republicans Agree to Support Corrupt Practices Bill.

Washington, Dec. 6.—Promises by republican senators that they will in good faith aid in passing a corrupt practice bill to prevent future lavish expenditures of money in national elections, induced Senator Owen of Oklahoma, democrat, today to withhold his proposed resolution of inquiry into expenditures of the last election.

SAYS TWELVE MEN FIX FOOD PRICES

Have Grip on the Entire Country, Mr. Hartigan Declares.

New York, Dec. 6.—It appears that twelve men in this city are so manipulating the food market that they establish prices for the entire country, Joseph Hartigan, commissioner of weights and measures, said today in a statement recommending the calling of a federal grand jury to investigate the situation with a view to indicting men who might be guilty of maintaining an excessively high cost of living.

Mr. Hartigan added that during the past twenty-four hours 7,000 letters had reached him from persons in all parts of the United States indicating a concerted drive against inflated prices. Joan J. Dillon, state commissioner of foods and markets, said he had written President Wilson suggesting national legislation regulating cold storage and urging standardization in packing and freight rates.

ADDITIONAL CHURCHES

Hold Annual Banquet.

The Men's Bible class of the First Evangelical church will hold its annual banquet Thursday evening in the parlors of the church. B. F. Bennett will preside as toastmaster. The program includes three talks, "Preparation," by Willis Holt; "Concentration," by Prof. F. R. Neff, and "Realiation," by Rev. E. Q. Laudeman; a reading by Harry Bennett, and a few selections by the Sahara quartet. The committee in charge of the banquet is composed of George Brouwer, Oscar Augspurger and Tom Hazelette.

Christmas Sale Opens.

Predicting a great success for the annual Christmas bazar at the parish house of the Trinity Episcopal church, a great many people had attended at an early hour this afternoon. The place was beautifully decorated, the color scheme being a combination of the holiday colors and the national colors. All of the church organizations are represented by booths and all are working together to make it the biggest success of any yet given.

* * *

A Great Success.

The first day of the bazar at the Plymouth Congregational church proved to be a great success. The street fair was the feature of the affair. The sale was continued at 10 o'clock this morning and will close this evening.

Ribbon Rose Gift a Christmas Idea

SCRAP SATIN BLOSSOM.
(By Biddy Bye.)

The ribbon flower which was photographed measures four inches across. The petals surround a bag of violet sachet powder. Ribbon flowers with bag centers are also used for lavender leaves and powder puffs.

Flat flowers of the same design, but having stamens in the center make fascinating adornments for petticoats, matinees and dressing sacques.

NEWS OF FORT WAYNE'S NEIGHBORS

WRECK ON CLOVER LEAF.

Bluffton, Ind., Dec. 6.—Seven cars of costly merchandise were piled up Tuesday afternoon at a point a mile east of Bluffton, just beyond Buttermilk cut, when the first section of west-bound freight No. 41, a fast merchandise train, was wrecked. The cause of the wreck is unknown, according to members of the crew, who said that the third car from the engine left the rails and the other cars piled up on top of it just as the engineer was slowing down for the curve through Buttermilk cut. One brakeman was riding with the engine crew and the others were in the caboose, and there were no casualties. The contents of the cars was all valuable freight including a carload of Diamond automobile tires from the Goodyear Rubber company, at Akron, and a part of a carload of steel tubing. The cars were all badly torn up and one of them which struck a big elm tree at the side of the track was split from end to end.

EYE BADLY INJURED.

Montpelier, Ind., Dec. 6.—Era Farr, who is employed at the steel mill in the chipping room met with an accident Tuesday morning about seven-thirty that may cause him the loss of the sight of his left eye. Mr. Farr and another workman were working on a large casting when the accident happened. Mr. Farr was holding the cutting hammer while his partner was doing the sledging. When the piece of steel they were cutting off came loose, striking Mr. Farr intho face with the above results. Mr. Farr was taken to a local doctor and went to Hartford City in the afternoon to consult an eye specialist as to how bad his eye was hurt.

BOY BADLY SCALDED.

Delphos, Ohio, Dec. 6.—Paul, the little four-year-old son of Mr. and Mrs. William Dienstberger, East Fifth street, was the victim of an accident Monday evening at his home when he was quite badly scalded. The little fellow was playing under a table, when his mother passed through the room with a pan of boiling water. Paul crawled from under the table and raised up just in time to strike the pan in his mother's hands, upsetting it, the boiling water striking him fairly.

WILL CELEBRATE ANNIVERSARY.

Columbia City, Ind., Dec. 6.—Wednesday evening, Dec. 13, occurs the seventh anniversary of the Red Men order of Columbia City and preparations are being made to celebrate the event with a big feast to be held in their wigwam. Clifford E. Crawford, great sachem of the Improved Order of Red Men of Indiana, of Frankfort, will be here and deliver an address. Each member is requested to bring a gentleman friend with him to enjoy the occasion. The weather permitting, a parade is contemplated.

NO DIVIDENDS DECLARED.

Kendallville, Ind., Dec. 16.—Stockholders of the Eastern Indiana Agricultural association, at the thirty-fourth annual meeting Monday afternoon, decided that it was best to keep a little money on hand for a rainy day, rather than declare a dividend of five per cent, and slice the small melon among the several hundred stockholders. The balance on hand at the close of the thirty-fourth exhibition according to the annual report of Secretary Brouse, was $1,638.11.

NO CHAUTAUQUA.

Hartford City, Ind., Dec. 6.—There may be no chautauqua in Hartford City this summer. The meeting called for Tuesday morning at J. M. Bonham's office was attended by three people besides Ames Knox, of Danville, Ill., representing the Lincoln Chautauqua company. It was decided to do nothing with the matter at the present time. John C. Moore, Enos Cole and J. M. Bonham attended the meeting.

FOLLOWS HUSBAND TO GRAVE.

Auburn, Ind., Dec. 6.—Mrs. Harman Luce, of North Van Buren street, passed away at 11 o'clock Tuesday afternoon, death resulting from a complication of diseases. At the same hour on November 3, Mr. Luce died. Mrs. Luce was born in Broom county, New York, February 15, 1835. About two years ago, she and her husband moved to this city from their farm home east of Auburn. They had lived there forty years.

FIVE NEW POSTMASTERS.

Washington, D. C., Dec. 6.—Congressman Cyrus Cline, of the Twelfth Indiana district, has recommended the appointment of five postmasters as follows: Claude L. Carpenter, at Pleasant Lake; Fern Dolan, at Avilla; John Jennings, at Rome City; Frederick Werner, at Orland, and George W. Stout, at Hamilton. The officers named were recently advanced from the fourth to the third class.

FOUND DEAD IN BED.

Portland, Ind., Dec. 6.—John S. Bell, aged seventy-eight years, was found dead in bed at his East Main street home on Tuesday morning. The aged man, who had not been in the best of health for some time, ate a hearty supper and retired about eight o'clock. At five o'clock Tuesday morning he was found dead by his daughter, Miss Emma Bell, death having occurred five or six hours previous.

BUSINESS MEN ORGANIZE.

Lagrange, Ind., Dec. 6.—The business men of Lagrange have formed a business men's organization with George Timmis chairman of the executive committee. Other members of the committee are: C. A. Walh, Fred H. Elsner, James K. Duff, Dr. C. C. Rozelle, Joseph T. Cosgrove and C. H. Smith. Arrangements are being made to give a smoker and banquet on New Year's night.

WELL KNOWN FARMER DEAD.

Warsaw, Ind., Dec. 6.—David Watt, a prominent farmer living near Oswego, is dead after an extended illness with heart trouble. He was about seventy-one years old and is survived by a widow and four children.

Mr. and Mrs. Fred B. Leighty and son, John Bennett, of the St. Joe News, were Thanksgiving guests at the home of Mr. and Mrs. Stanley B. Dustman.

Evangelist Bob Jones, of Montgomery, Ala., who spends his summers here, will conduct a religious campaign in Grand Rapids, Mich., beginning April 8, 1917.

Glenn Heeter, of South Bend, is the guest of his parents, Mr. and Mrs. Frank Heeter.

The following from here attended the wedding of Miss Neva Ellis and Louis Scott, in Plymouth, Thursday evening: Mrs. F. H. Rhodeheaver and daughter, Ruth, Dr. Scott, Rev. and Mrs. Parley E. Zartman, Mrs. McCauley, Mrs. Lincoln Dickey and Cyrus Seybold.

Registrations for the winter term at the College of Liberal Arts and the preparatory school at this place are now being made. This term opens Wednesday afternoon. The term just ending showed a remarkable attendance, being nearly 130 students in all departments of this college.

Mr. and Mrs. J. R. Bowen are visiting relatives at Lafayette.

Dr. W. E. Biederwolf, one of the founders of Winona Federated colleges and prominent member of the board of regents, will be here next week after completing his Salt Lake City campaign.

Prof. George Richardson, of the ecology department of the Winona Federated colleges, addressed the students of the Warsaw high school Wednesday upon the subject "Ancient Egypt."

Dr. W. E. Lugenbeel and Miss Emma S. Wyman, formerly of the faculty of Winona college, are members of the faculty of the Muncie National Institute, a training school for hotel cooks, managers and other members of the staff of a first-class hotel. Dr. Jonathan Rigdon is managing president.

BIDS ARE OPENED FOR BIG BATTLE CRUISERS

Largest and Swiftest Fighting Craft Ever Built, is the Plan.

Washington, Dec. 6.—Bids for the four battle cruisers authorized at the last session of congress and the first vessels of this type to be designed for the American navy were being opened today at the navy department. The ships will be the largest and swiftest fighting craft ever built, so far as American officials know. They will have a maximum horsepower of 18,000, which is expected to drive them faster than 35 knots an hour, as against less than 30 knots for the fastest European battle cruisers now afloat. When fully loaded they will displace more than 32,000 tons, will be 850 feet long and each will carry ten fourteen-inch long range guns.

Congress authorized six of the ships to be built within three years as a flying wing for the fleet.

As they are an absolutely new design, only a tentative estimate of cost was possible, the completed price being fixed at approximately $21,000,000 per ship. The limit of cost for hull and machinery is set at $16,500,000 per ship, but the department is authorized to have them constructed on a cost and percentage of profit basis, if straight bids are not satisfactory. There are not more than five building slips in the country now large enough to accommodate vessels of this size.

RECRUITING RESULTS.

Most Satisfactory to Capt. T. F. Ryan Since Coming to City.

Capt. T. F. Ryan expects Fort Wayne to be fourth in the ranks of recruiting results when figures of the United States are tabulated. Since coming here Capt. Ryan has set quite a record for recruiting. He expects to see the time when 200 a month will be enlisted. So far in December twenty-eight have been enlisted.

Men enlisted and sent to the Columbus barracks during the last few days are: Cecil A. Ditlow, Hobart; Bert Berryman, Kewanna; Herbert H. Bennett, Fort Wayne; Louis G. Ditton, Fort Wayne; Frank Daniels, South Bend; Glenn Ferguson, Marion; Oscar F. Beers, New Philadelphia, O.; Earl E. Whitford, Calidonia, Mich.; Otto H. Hinkson, Warsaw; Noble L. Britt, Fairmount, Ill., and John W. Oetting, Fort Wayne.

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first — yes — but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adververtisement.

FIRE IN COAL SHED.

Fire of unknown origin burned a part of the coal shed at the rear of the Amos Lauer home, 1916 Smith street, Tuesday evening. Firemen were called. Damage is placed at $10. Smoke from a chimney, which burned out, called firemen to 1223 Spy Run avenue at six o'clock, Tuesday night. There was no damage.

Uric Acid-Poisoning!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called Anuric—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain Anuric at any drugstore and get relief from the pains and ills brought about by uric acid.

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

It is just as necessary to keep the kidneys acting properly as to keep the bowels active.

The very best possible way to take care of yourself is to take a glass of hot water before meals and an Anuric tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs.

Step into the drugstore and ask for a 50-cent package of Anuric, or send Dr. Pierce 10c. for trial pckg. Anuric—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you. —Advertisement.

Neighbor Told Her Cure for Lumbago

Rheumatism and lumbago are awful things and cause great pain and misery, but Foley Kidney Pills can rout them.

Mrs. G. H. Eveland, Duncan Mills, Ill., writes the following letter: "I was stricken down with lumbago and was unable to turn myself in bed. A neighbor brought me a half bottle of Foley Kidney Pills, and said she had been similarly afflicted and that they had helped her. So I tried them and was completely relieved by the use of two or three bottles. I have had splendid success with them and have never known them to fail. I most heartily recommend Foley Kidney Pills."

Foley Kidney Pills tone up weak, inactive, sluggish kidneys, rid the body of poisons, give appetite, energy and refreshing sleep after pain. Don't neglect kidney trouble. Remove the cause with Foley Kidney Pills.

FREIGHT CLERK UNDER ARREST.

Seymour Man Charged With Theft of Carload of Wheat.

Seymour, Ind., Dec. 6.—Maurice H. Michaels, 27 years old, was arrested yesterday charged with stealing a carload of wheat valued at $1,600. Michaels, while a freight clerk for the C. T. H. & S. E. railroad, is said to have rebilled a car in transit, using his name as the shipper and then trying to collect from a Louisville commission firm to whom the wheat was sent. He failed to collect and disappeared. His arrest followed his return.

MUST SHORTEN STOCKINGS.

Chicago, Dec. 6.—Stockings must be made shorter in order to effect a saving in materials or hosiery prices will make further advances, according to C. P. Carter, of Philadelphia, so the National Association of Hosiery Manufacturers say. Members of the organization debated last night whether to shorten the stockings or add another fifty per cent. to the recent twenty-five per cent. jump in values.

SAYS WE BECOME CRANKS ON HOT WATER DRINKING

Hopes Every Man and Woman Adopts This Splendid Morning Habit.

Why is man and woman, half the time feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice the drinking of phosphated hot water before breakfast, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons in the bowels which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.—Advertisement.

CHAMPS COMPETE IN NATIONAL SKI MEET

Fourteenth Annual Event at St. Paul Next Month—Sport Dope.

St. Paul, Dec. 6.—Present and past national champions are expected to compete in the fourteenth annual meet of the National Ski association here in connection with the St. Paul outdoor sports carnival, January 29 and 30.

Askel H. Holter, who is in charge of the entries, has received those of Ragnar Omtvet of Chicago, who last winter leaped 132 feet; the Haugen brothers, Thorlief Knudsen of Milwaukee, who holds the Swiss honors; Barney Reilly and the Hall brothers of Detroit, who will represent St. Paul in the meet.

Detroit, Dec. 6.—Marty Kavanagh, utility infielder of the Cleveland Americans, is keeping in condition this winter by playing basketball with a local five. Poor condition was responsible for his indifferent showing with Detroit last season, Kavanagh believes.

Ann Arbor, Mich., Dec. 6.—South African students of the University of Michigan have petitioned the faculty to allow their rugby team to make a trip to the Pacific coast during the Christmas holidays. The team is anxious to meet crack organizations in California.

Ann Arbor, Mich., Dec. 6.—Gordon French, of Coleman, Mich., has been elected captain of the 1917 football eleven of Alma college. He has been a star tackle for three seasons.

Ann Arbor, Dec. 6.—Sharpshooters of the University of Michigan will start their season late in January. Thirteen matches have been arranged with some of the best college teams in the United States.

Detroit, Dec. 6.—Sport writers will score games from the top of the Detroit American league grandstand next season for the first time. Ever since Navin field was built the press stand has been on the ground directly behind the catcher. Although few foul balls have torn through the stout wire netting, many have struck it within a few inches from the writers' noses. Now and then writers who refused to dodge the whizzing missles have won the red badge of courage.

Northfield, Minn., Dec. 6.—Erwin Dunphy, of Little Falls, who has been elected captain of the 1917 Carleton college football eleven, has been one of the mainstays of the team for the last two seasons. He played halfback originally, but was transferred to quarter this fall.

Albion, Mich., Dec. 6.—The Albion college football squad has elected Joseph A. Baldwin, of Flint, captain of the 1917 team. Stanley H. Bunter, of Morley, Mich., was chosen track captain.

East Lansing, Mich., Dec. 6.—The Automobile club of Lansing has been adopted by the Michigan Agricultural college as the foster father of M. A. C. athletics. The club has agreed to assist in a campaign to attract athletes to the local institution. It is understood that an indexed record will be kept of every promising Michigan high school athlete. Letters will be written to these youths urging them to enroll at M. A. C. It is quite probable that the automobile men will offer summer positions to some of these students. The Automobile club includes several prominent Lansing manufacturers.

Milwaukee, Wis., Dec. 6.—Eau Claire normal and Stout institute have been admitted to the state normal school conference, making a ten school circuit.

The annual basketball meet will be held at Menominee, Wis., March 21, 22 and 23, under the auspices of Stout institute.

Each school will hold an elimination March 8, 9 and 10—the winner to compete at the meet for the title.

The third annual track meet of the normal schools will be decided at Whitewater, May 25.

George Cordeal, Stevens Point, has been named secretary of the conference, vice W. E. Schreiber, Whitewater, resigned.

Chicago, Dec. 6.—Johnny Coulon, former bantamweight champion, has saved his ring earnings to invest in real estate. The diminutive Chicagoan recently sold a twenty-four apartment building for $67,500 and purchased a new home for his mother.

Coulon does not consider himself through with the ring and plans to engage in a series of contests this winter. He has been offered a match in Liverpool, England, with Jimmy Wilde, the British 112 pound champion, and may accept.

WILLARD-CARPENTIER BOUT HAS SPONSORS

Anne Morgan and Elizabeth Marbury Will Handle Funds for French.

New York, Dec. 6.—The proposed ten-round no decision boxing bout between Georges Carpentier, heavyweight champion of Europe, and Jess Willard, the American champion, has among its sponsors Miss Anne Morgan and Miss Elizabeth Marbury, it was learned today. Miss Morgan is treasurer of the American fund for the French wounded under the auspices of which it is hoped to bring Carpentier here. Miss Marbury, who is also activeley interested in the French fund, said that her interest in the proposed bout was solely to see that the $50,000 which she hopes the fund would receive from the proceeds was properly handled.

"Miss Anne Morgan and I willingly consented several weeks ago when approached on the subject to see the funds, whether amounting to this sum or more, be forwarded to France for the purpose intended," Miss Marbury is quoted as saying. "Georges Carpentier is badly needed at the front these days, for his duties are such that his place would be hard to fill. It will take much effort if French officials are finally prevailed upon to extend him leave, although they may be told that a few months here would mean much for French women and children. If he finally does come over and the bout is held the public can be assured that the money contributed through the purchase of tickets will be used for the purpose stated. That, I wish to repeat, is the only reason Miss Morgan and I are interested at all in the proposition."

GIRL FIGHT MANAGER TAKES BROTHERS OVER SEAS TO BOX!

BY PAUL PURMAN.

A trip to Australia as manager of her two boxer brothers is the latest stunt of Miss Elizabeth Tucker, only woman manager of glove artists in the world.

Lonnie and Frankie are the brothers, but they probably would be stalled on the path to fame if it wasn't for their vivacious sister, who admits they are the best 125 kayo manufacturers in captivity and is always willing to back them with a portion of her not insignificant roll.

Miss Tucker has already started on her Antipodean trip. She expects to stop on the coast for a little time before chasing her brothers up the gang plank and bribing the steward not to feed them dainties not usually found on training tables.

Miss Tucker is in the boxing game because she likes it and because she believes her brothers have futures.

"Why shouldn't a girl manage a fighter?" she questioned. "I have to look after my brothers anyway and what's the difference if I manage them or let someone else do it. I think my interest in them makes me the proper person to do it."

Miss Tucker probably has more activities than any woman of her age in the world. She is 21.

Beside managing her brothers, she rides the range on her own ranch, which she manages capably, is an expert politician and was a delegate from Oklahoma to the progressive convention for Roosevelt. She recruited a squadron of cavalry for border duty and was ready to go to the front herself in case of war.

Feds Sign Portland for New Years Game

The Lyceum Feds have signed the Portland city team for a game to be played here New Year's evening. The Portland team is a fast aggregation and will probably make the Feds open up considerable to beat them. They play the Ansonia, Ohio, team at Portland this evening and the Buckeye team is touted as one of the best outfits from that state.

The Feds have a gang of good material this year, working out under Deac Jones, and although they're not saying much as yet, they have their eyes on several teams around the country which they are going to work hard to beat. Al Freeney's Eu-roes are going to get a great reception in this city when they show up on their tour, and they will probably have to play about four teams in the city before they get out. Anyway the Feds are going to play them and are even talking about giving them a trouneing.

DARCY A STOWAWAY.

San Francisco, Dec. 6.—Reports that Les Darcy, sensational Australian middleweight, had left Australia, were strengthened by statements made by George Chip, American boxer, who returned Tuesday on the steamer Sierra from the Antipodes.

Chip said Darcy disappeared the day he was scheduled to box Chip a second time. He was supposed to have stowed away on the steamer Hattie Luckenbach, which sailed from Sydney October 28 and which is due at Valparaiso, Chile, in a few days.

Chip says Darcy left Sydney with an American racing man and that he will go direct from Valparaiso to New York. He will not be permitted to return to Australia.

ANOTHER SIDE TO THE PRO CIRCUIT SUBJECT

Plan Would Be Failure for Fort Wayne Team—Ed. Davis, Promoter.

Any plan to organize a football league in which the Fort Wayne Friars are included will promptly be snown the door in this city, according to the latest word from the source of all football news in town. Although the league would be mighty popular under some systems, if the games were played on a regular league schedule the team would necessarily be out of town one-half of the time. This side of the proposition does not appeal to the local fans at all. If the promoters are so anxious to hvae the Friars in the circuit that they will do anything to secure them, they might start by promising the loca lofficials that they can play all games on the home lot.

Here's the real dope on the circuit. Wherever the idea may have sprung from, the promoting at the present time is being done by Ed Davis, captain and coach of the Pine Village team, and Henry Morrow, manager of the Hammond outfit. It is to be an eight-team league, rather than a four-team, Pine Village, Hammond, and the Friars, furnishing the big noise and the reputation. Other cities being included are Terre Haute, Marion, Lafayette and Muncie. Salary and player limits will be established exactly as is done in the baseball leagues. The players allowed each team will be eighteen.

If this league is organized it will be the only professional state football league in the country. The chnaces are, however, that a pretty tempting proposition will have to be held out to the Friar bosses before they nibble. The local crew has a chance to break into the best circles of the game next year and the managers are going to be shown something worth while bfeore they give up this chance. Anyway, there will be a meeting in Indianapolis next week to work uot some plans for the organization and the Friars don't have to worry till they see what happens down there.

Payne the Attraction at Concordia Friday

The Payne Independents will furnish the oppostion to the Concordians at the collegians' battleground Friday evening. The two teams are old rivals and have always put up hard games against each other in their former clashes which have come to be annual events.

A preliminary will be played by the second team of the college against any team which may respond to the challenge which they sent out.

TOLEDO TO PLAY FOR NATIONAL PREP TITLE

Scott High Meets Haverhill for Interscholastic Championship.

The football season is not over even though the western, eastern and southern championships have been decided.

One of the big games of the season will be held December 9 when Scott high school of Toledo and Haverhill (Mass.) high school play for the national interscholastic championship.

The Toledo team is one of the strongest the middle west has ever sent into the east after the title. Coached by Tommy Merrill, former Pennsylvania star, the Toledoans have a clean slate this year, having piled up 483 points to their opponents 18.

The Central team of Detroit, champions of Michigan and Indiana; Freeport, champions of Illinois, and Erie, champions of New York and Pennsylvania, were all defeated by large scores.

The Scott team is cosmopolitan. Sons of rich and poor men play side by side in the line up and the two individual stars are as far apart socially as day and night. One is the son of a saloonkeeper and the other a grandson of a millionaire manufacturer and a leader in Toledo society.

The winner of the Toledo-Haverhill game probably will go to the coast for a game with the Pacific champions during the Christmas holidays.

WEEGHMAN WANTS DAY FOR LADIES

Urges National Owners to Sanction Regular Day Each Week.

Chicago, Dec. 6.—Charles H. Weeghman, president of the Chicago club of the National league, is prepared to urge national league owners to sanction ladies' day at the annual meeting of the league in New York next Monday, he said today. One day a week, at which women are admitted free to the ball parks, is an essential, especially in cities where the practice is followed by the American league, in the opinion of Mr. Weeghman.

"I do not intend to request the league to set aside any particular day," he said. "That should be decided by the owners. The attendance of the ladies should be appreciated, however, and I believe the plan is an important one."

NOTRE DAME SCHEDULE.

Notre Dame, Ind., Dec. 6.—While the schedule of the basketball season at Notre Dame is not as conspicuous as it has been in the last few years, it will be hard for the South Benders. Teams such as Purdue, Wabash, DePauw, and Michigan Aggies are the stumbling blocks on the schedule. Following is the schedule:

Dec. 15—Purdue at Lafayette.
Jan. 11—West Virginia at Notre Dame.
Jan. 13—Beloit at Notre Dame.
Jan. 17—Kalamazoo college at Notre Dame.
Jan. 20—Lake Forest at Notre Dame.
Jan. 24—Kalamazoo at Notre Dame.
Jan. 27—M. A. C. at Lansing.
Feb. 3—Dubuque at Notre Dame.
Feb. 6—St. Viator at Notre Dame.
Feb. 9—Wabash at Notre Dame.
Feb. 14—M. A. C. at Notre Dame.
Feb. 22—DePauw at Notre Dame.
Feb. 23—Wabash at Notre Dame.
Feb. 24—Franklin at Franklin.

HIGHEST PRICE EVER PAID FOR SHEEP PELT

Exceptionally Large Skin Brings $3.90—Markets Quiet.

According to I. Weil the largest sheep pelt ever purchased in Fort Wayne was bought by his firm Wednesday morning for $3.90. He states that he is sure this is the highest price ever paid for a skin in this city. The pelt was also of good grade and in fine condition. A farmer of Allen county sold the pelt to the Weil brothers.

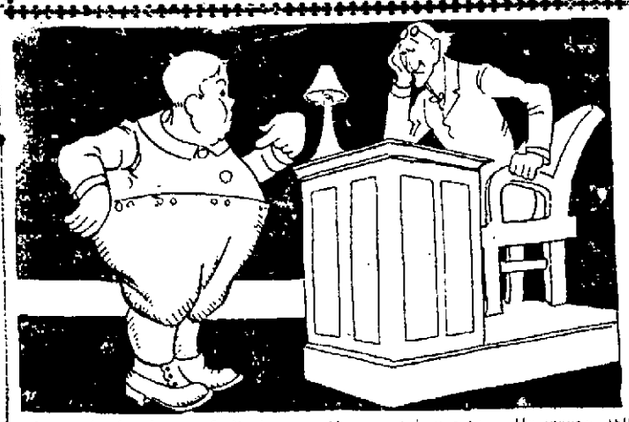
Although there was a change made in the live stock markets Tuesday afternoon, Fort Wayne dealers quoted the same price as the day before. The price has had a tendency to go up but no effect has been felt in this city.

Corn prices are continuing to drop and it is the opinion of many dealers that before the close of the week the price will have dropped to 80 cents a bushel. Oats prices are also on the decline. The money scare in New York is held responsible for the fall.

Wheat remains firm. No intimation can be given which direction the price is drifting.

Eggs and butter held out for the same price as quoted on Tuesday. It is evident, however ,that the demand has decreased to a great extent.

COURT DECIDES TOO FAT FOR SCHOOL.



Pasquale Bardato, of Rochester, N. Y., is so fat and heavy he couldn't fill a seat in school, so he had to quit and go to work.

When brought to court Pasquale told Justice Gillette the boys "kidded" him about being fat. He weighs 180, measures 4 feet 11 inches and is only 15 years of age.

Justice Gillette decided the boy was not a truant and let him work for his father.

CHICAGO GRAIN AND PROVISIONS.

Chicago, Dec. 6.—A general rush to buy wheat today resulted from the big export business this week estimated at 4,500,000 bushels. There also were advices that the purchasing of American and Canadian grain for some of the belligerent countries was likely to be much increased. Opening quotations here, which were ⅞c to 2c higher, with May at $1.77½@1.79 and July at $1.47¼ @1.48, were followed by a sharp further advance.

Scarcity of rural offerings had a bullish effect on corn. After opening ⅛c off to ¾c up, the market scored a decided general upturn.

Oats developed firmness in sympathy with other cereals.

Higher quotations on hogs and grain carried provisions up grade.

THE DAY ON WALL STREET.

New York, Dec. 6.—Specialties and utilities were again the conspicuous features of today's initial dealings at gains of 1 to almost 2 points. American Woolen, United States Rubber, Texas company, Butte and Superior, Barrett company, American Car, Ohio Gas and Western Union led the the movement, together with shipping shares. Pressed Steel Car, Crucible Steel and less prominent industrials and equipments. United States Steel was unchanged at the outset, but soon gained a substantial fraction. Minor rails were less active, though firm with a 3 point rise in Lake Erie & Western preferred. Coppers moved within narrow limits.

Pressure from professionals and rigid money rates caused the recession of ½ to 1½ points in the first hour, selling concentrating upon steel and other leaders. The movement was without much effect in other quarters, some early gains being materially augmented, notably in low priced rails and specialties, comprising the rubber and sugar groups. Missouri Pacific issues were strong and active. On their rebound the market became relatively dull, a 60 point decline in General Motors and an advance of 2 points in Owens bottle machinery furnishing the sole diversion. International bonds were again offered at slight concessions.

Automobiles and Sundries

A $361 car, plus $5 freight, plus $100 for electric starter, plus $13.70 for changing from 3-inch to 3½ inch tires, and, if you want demountable rims add about $20 more. Shock absorbers would cost another $10 to $20; a mohair top costs $25 to $30. Oh, yes, a ventilating wind shield is $10. Change your lamps for lamps with dimmers is another outlay of $6 or more. Now you have parted with about $350 and still have a $361 car, without a speedometer. So, why not buy a

CHEVROLET

The Chevrolet has electric lights, electric starter, all 30x3½ non-skid tires, has a mohair top and ventilating wind shield. Yes, it has dimmers in the headlights. The Chevrolet, too, has a long wheel base and costs only $515, with a speedometer, delivered in your city—a saving of $35 over the $361 car. The Chevrolet has four cantilever springs and does not need shock absorbers.

MAN WHO USED KNIFE GETS HEAVY PENALTY

Two Women Identify Him as Having Annoyed Them.

Paul Martens, 22, muttered protests and mild oaths when led to the big cell in the city hall after being fined $10 and costs and sentenced to 120 days at the state farm, in police court Wednesday morning. He was convicted on a charge of assault and battery on Henry Firestine, but fact that he had been identified by two women, who said he annoyed them on Monday evening, was a contributing factor in determining his sentence.

Martens cut the overcoat of Henry Firestine in several places when Firestine asked him about running after and frightening small girls on Butler street, Monday evening. Martens pleaded guilty to the charge of attack on Firestine, but said he thought the man was about to hold him up.

Two women are claimed to have identified Martens as the man who followed them on Butler street, early Monday evening. One woman said that Martens caught hold of her dress when she turned in at the door of her home.

Pay for Riot Call.

Riot calls come dear in Fort Wayne Very seldom is one turned in. Four negroes, two men and two women, joined in an attack on Patrolman Collins, at the corner of Lewis and Calhoun streets, Tuesday night, just before midnight. Collins turned in a riot summons. The two men in the case were fined $15 and costs each for their part in the affair. Total for the city is $50.

And besides, Frank Morris, from Warsaw, one of the colored men, had two black eyes and a swollen cheek. He resisted four officers after the patrol had been summoned, it is claimed.

Mrs. Mable Morris, of Warsaw; Robert Jones and Leah Wilson, of Fort Wayne, all colored, were the other participants in the broil. The women beat Patrolman Collins over the head while Jones tried to wrest his club from him, it was testified.

Morris started trouble when he struck his wife in the eye when the quartet approached the corner, it is said. Mrs Morris displayed a highly discolored optic in court. Morris claimed that she fell against a door when she stumbled on the sidewalk. Collins heard the woman scream and rushed to the rescue only to be attacked by all members of the party, it was told.

Other Police Court Cases.

Charles Stiles was fined $1 and costs on a charge of public intoxication. James Murry, Albert Osburn and Frank Hoffman were released.
